## REQUEST FOR REHEARING CONSIDERATION

An owner may request a rehearing consideration for a previously held Building and Standards Commission Hearing within thirty (30) days from the date of the Hearing. The request must be in writing and submitted via email or the address listed above.

The owner will be notified in writing the details of the rehearing consideration, at least ten (10) days before the date of the hearing. The Panel that issued the Order for the property will rule on the request at the date and time provided. Please note a rehearing consideration is determined by the Commission, not the Department of Neighborhoods. Please note the decision will be final should the Panel determine if a rehearing will not be granted. The owner will be notified in writing of the decision.
