The purpose of Houston Television (HTV) is to produce and cablecast informational programming, describing services provided by both City departments and related community agencies, and educating the public on utilization of those services.

HTV began operations in 1986 as The Municipal Channel, with the distribution of Houston City Council meetings through a closed circuit network. Now, HTV provides a variety of informative, educational and feature programs. HTV produces both live and recorded taped programming, including live gavel-to-gavel coverage of City Council, Planning Commission and other special events. Live streaming of HTV programming 24/7, and on demand streaming of meetings such as City Council, Planning and Parking Commission, is also available to the public through our website: [www.htvhouston.net](http://www.htvhouston.net).

HTV operations are supported through contributions received from the cable and IPTV television companies located in the City. Fifty-percent of the contributions received are retained by "HTV Houston Television" and the remaining fifty-percent is disbursed to "Houston Media Source-Public Access Channel".
