The Digital Automated Red Light Enforcement Program (DARLEP) Fund was created to account for funds according to Senate Bill 1119, which requires the City to share, with the State of Texas, 50% of net proceeds collected from violations captured by red light cameras on or after September 1, 2007.

Effective August 24, 2011 by ordinance number 2011-748 passed and approved by City Council of the City of Houston, photographic traffic signal enforcement was repealed except for the limited purpose of continuing application to any violation that occurred before November 15, 2010, and during the period July 24 - August 24, 2011. Thus, the City of Houston is committed to supporting the collection efforts to reduce outstanding debt of approximately \$25.3 million in unpaid violations.
