

# DEDICATED DRAINAGE AND STREET RENEWAL FUND

## Description and Mission

The Dedicated Drainage & Street Renewal Fund (DDSRF) was established in FY2012. The DDSRF provides a dedicated, pay-as-you-go fund for enhancement, improvement and ongoing renewal of Houston's drainage and streets, as well as traffic control operations.

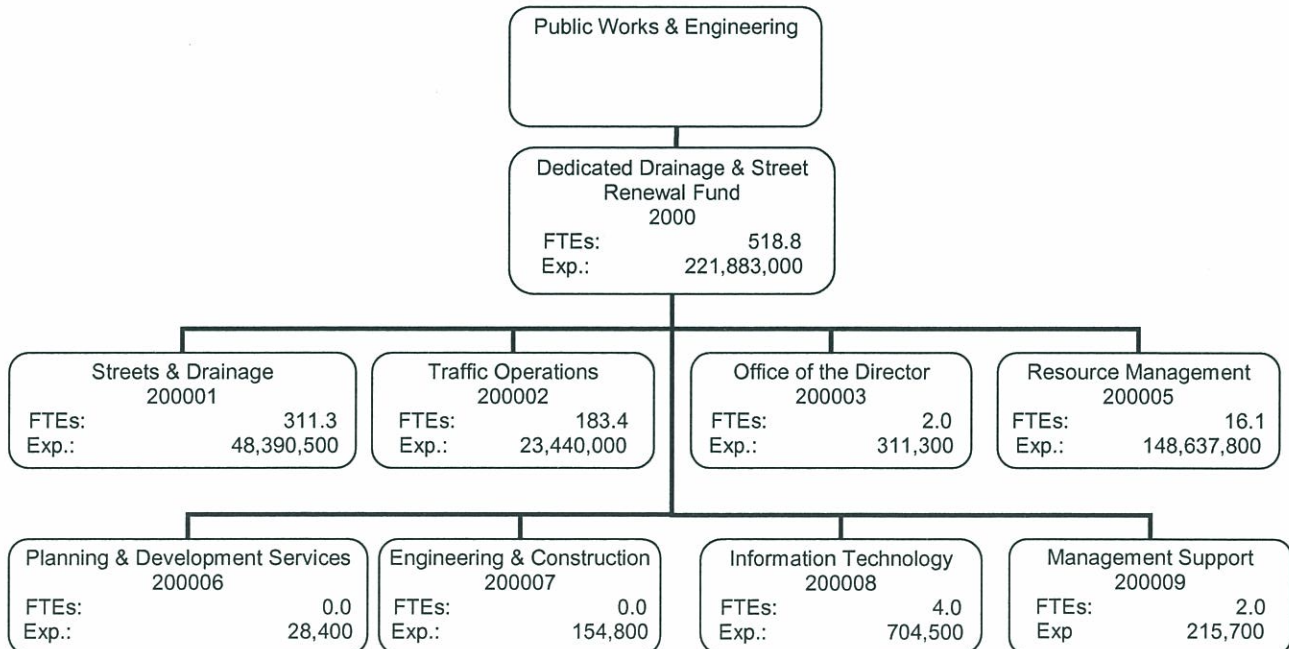

### Department Short Term Goals

- Enhance the existing pavement management services by incorporating Ground Penetrating Radar (GPR) Technology.
- Continue to perform preventive maintenance on Signal and Intersection Optimization per Federal Highway Administration (FHWA) requirements.
- Implement new street maintenance repair contracts: overlay, asphalt pavement, concrete panel replacement, concrete patching, mud jacking and soil densification programs.
- Utilize the city-wide collection contract to improve collections on past due drainage receivables
- Educate the Public on the ReBuild Houston initiative through speaking engagements, stakeholder meetings, media and other measures.
- Interface with Code Enforcement, Planning and Office of City Engineers to accurately bill for new improvements.
- Continue to refine policy and procedures to make even the most complicated billing scenarios routine.

### Department Long Term Goals

- Improve responsiveness and efficiency to public requests via 311.
- Better Streets. Better Drainage.
- Foster opportunities to improve infrastructure by means of prioritization, standards and intergovernmental relationships.
- Continue to provide superior customer service in support of ReBuild Houston through accurate, on time billing, collection and account services.
