### Department Description and Mission

The mission of the Legal Department is to provide the City of Houston with the highest quality municipal legal services, and to facilitate the operations of the City and protect its interests. The department is organized into eight General Fund and three Property and Casualty Fund operating sections to accomplish this mission. The General Fund sections include: Staff Administration, General Counsel, Municipal Prosecution, Real Estate, Neighborhood Services, Contracts, Public Works and Engineering Legal Administration and Office of Inspector General. The Property and Casualty Fund sections include: Claims and Subrogation, General Litigation and Labor, Employment and Civil Rights.

The Legal Department's work is funded primarily from the General Fund (Fund 1000) and the Property and Casualty Fund (Fund 1004). Additionally, some legal services related to workers' compensation benefits are funded out of the Workers' Compensation Fund.

The central duties of the Legal Department funded from the General Fund include the preparation of City ordinances and resolutions, research and drafting of legal opinions, preparation of contracts, bond issue representation, deed restriction enforcement, support for the dangerous buildings demolition project, prosecution of violators of City ordinances, and utility regulation. The central duties of the Property Casualty Fund sections include the collection of revenue on past due accounts, claims resolution, personnel actions, and representing the City in commercial and employment litigation.

**Significant Budget Changes and Highlights**

- o The FY2015 Budget provides funding for health benefits, pension contribution and municipal employees 3% pay increases.
- o The FY2015 Budget includes funding for an Assistant City Attorney II in the Office of Inspector General section.
- o In FY2015, the department will continue the process towards developing a more technology oriented law office environment that will reduce supplies and archiving service expenditures, enhance litigation techniques, and safeguard the department's data management infrastructure. The department is lagging behind private sector law departments in this area, which compromises its ability to perform at the level needed to compete effectively with firms which have invested in the technology to operate more efficiently.
