The above summarizes the FY2014 Current Budget, the FY2014 Estimate and the FY2015 Budget for the Long Term Disability (LTD) Internal Service Fund. Also included are the beginning and ending fund balances, total revenues and total expenditures.

The LTD plan is a self-insured program established in 1985 and has been modified several times. In 2001, classified police officers were removed from the plan as a result of Meet and Confer negotiations, which replaced their disability plan with a Paid Time Off (PTO) program. Effective September 1, 2008, each new permanent full-time employee (other than classified police officers) is eligible for LTD coverage after one year of employment (previously two years).

The plan is actuarially funded, which means that each year's expenditures are a combination of current payments to disabled employees and an amount needed to ensure the long-term financial soundness of the fund. An independent actuary makes a determination of the most likely future trends in expenditures and investment return and suggests an appropriate contribution.

The Human Resources Department administers the plan and coordinates benefits to disabled employees in a way to avoid possible duplication of benefits with other insurance programs. A third-party administrator determines eligibility and pays claims.

Like all internal service funds, the Long Term Disability Fund derives its revenue from other City departments by transfer, through premium charges contained in each department's budget (G/L expense accounts 503060-Long Term Disability Civilian and/or 503061-Long Term Disability Classified). These premium charges cover the actuarially-determined contributions as discussed above plus an amount for third-party administrative fees.
