

The seal of the City of Houston, Texas, is a circular emblem. It features a central five-pointed star above a steam locomotive. Below the locomotive is a plow. The words "CITY OF HOUSTON" are inscribed in an arc at the top, and "TEXAS" is inscribed at the bottom. The entire seal is rendered in a light gray, semi-transparent style.

FIRE PROTECTION FACILITIES

Fire Protection Facilities

The Houston Fire Department is committed to providing a superior level of emergency service that continually improves the quality of life, health and safety of the people we serve--the citizens of Houston. Houston Fire does this by serving the community with Courage, Commitment and Compassion.

The goal of the Houston Fire Department is to continuously improve Public Safety, Infrastructure and Quality of Life through the Capital Improvement Plan.

The Fire program for the FY2015 - 2019 Capital Improvement Plan incorporates a three- point plan of new construction, renovation/rehabilitation, and relocation to expand and maintain its network of fire stations and facilities in support of its infrastructure.

Highlights of the Adopted FY2015 – 2019 CIP include:

- The new 5 bay Fire Station #55, which is in the planning phase, located @ 11000 Cullen Blvd will serve the South Acres' community, by immediately relieving over- extended resources within the impacted and surrounding area. The new station will provide increased living area and equipment storage for a more safe and healthy living environment for the members. The construction of the new facility would immediately improve the infrastructure deficiencies and greatly benefit firefighter safety, life safety and property conservation for a growing community.
- The extensive renovation of Fire Stations #13, #67 & #68 will extend the useful life of the facility by replacing and upgrading its core features such as; HVAC, Mechanical and Plumbing. In addition to upgrading the core features, Fire station #13 will be expanded by 1000 sq. ft. and parking lot expansions. Fire station #67 and #68 expansions include drive-thru driveways, expanded parking lots and increasing living space that will enhance the quality of life for the members.
