day came and on his day he ran his race and he did again believed in a man who believed in himself and that man that he is speaking of today is our Mayor Sylvester Turner and he says that with pride because he was there with him all the way through and he would like to thank everyone here today for their services and sacrifice.

Mr. Effron Williams, 566 La Rivera Dr., 77015, (832)758-4652 appeared and stated that he was here today because back when the Hurricane hit, Mayor Turner and Judge Emmett were on the news and made some comments about eviction notices and speaking about Landlords and he signed a year Lease with his Landlord, he been paying on time and he not behind and unfortunately he lost his house in the storm and he did not lose his which is his and he wants him out and he does have a year lease with him and he has in his hands today with information and he has no way in contacting him or paying him, he had tried to speak with the Landlord Lawyer to give him some money last month and unfortunately he did filed eviction notice on him and saying he was behind on his rent as of this past month, they threw it out and this month, he went and filed another eviction under the same cost and right now he is kinda of stuck and wanted to put it on record and he has never been evicted in his life and he does not know what to do because the Landlord wants his property back and he is due to go to Court on November 7th and he does not know what to do, he has his money and he is not been behind and he tried to pay him and he tells him that he does not care on what the Mayor says or the Judges says and he wants his house back. Council Member Kubosh absent.

Council Member Kubosh stated that there are school students here that just joined them in the meeting and requested for the Teacher and Students from the School of the Woods to stand to recognize them.

Ms. Sandra Stevens, 5123 Jackson St., 77004, (713)818-6854 appeared and presented information to Members of Council and stated that she wanted to give a special thanks to her Council Member which is Council Member Dwight Boykins because he is their biggest supporter, she is the President of the Museum Park Neighborhood Association, they are bounded on the West side by Main Street, on the South side of Hermann Park, the Encampment of homeless and individuals that emerged underneath US 59 about a year ago and this Encampment has proven to be an unhealthy and an unsafe place in this area of this City, both their Museum Park Super Neighborhood and MPNA Residents Association have been working with City Officials since July of 2016 to seek resolution, they were in attendance at the Conference on may the 2nd when that plan was announced and they supported it, they have met with individual Council Members, HPD Officers, Precinct 7 Constables, Houston Southeast Management District, Midtown Management

District and they previous spoke about the 6 Point Plan and supported it too, the Council has asked them to be patient and they do understand the current Legal action has limited the City's abilities to implement the 6 Point Plan but unfortunately while they wait for the interim as they wait for the legal resolution, the issues continue to grow to a point no one in the area is safe, not the ones that live underneath the Freeway or not ones that live nearby, Friday night an individual that was in the Encampment was murdered and his assailant has not been apprehended from her understanding, Sunday night gun fight broke out in the Encampment and these are examples of the most recent of a rather long history of unhappy events, they are all victims of the growing crime, those in the Encampment and those in the neighborhood; MPNA has a Resolution that is in front of Council. Council Members Stardig, Le, Travis, Laster and Knox absent.

Mayor Turner stated to that prior to the restraining order the numbers had gone down but since the restraining order the number in encampment have doubled, the incidents have increased and the situation has worsened, there is a Hearing that is schedule for next week before the Federal Judge and they are requesting him remove the temporary restraining order and they will be letting him know how bad the situation has gotten and they are going to increase the Law Enforcement over there and the area needs to be cleaned up and the restraining order needs to be removed.

Council Member Boykins stated that he was preparing to put \$30,000.00 from his Council Service dollars into overtime and send it up to his Administration for direct Police overtime just for the encampment to ride bikes, so they can be on the ground and he goes there every week and yesterday he went by there and it just mind boggling and described what he has seen and what they are dealing with in the area.

Ms. Barbara McGuffey, 1609 Prospect St., 77004, (409)771-1159 appeared and stated that she wanted to thank him for the update and everything that they have done, one of their request is that they need relief now, next week is the 31st, these things are happening as they speak and they implore them to provide additional patrols, they have heard HPD tell their residents that they are in a stand down mode and they have been told that cannot enforce the law down there, there are concerns of lawsuits with harassments and if that is perhaps true there needs to be a happy medium because the time that they call to ask the Police to come, gun shots have been fired, the people are gone, they have tried 311 reports, they have tried HPD reporting and those mechanisms are not available to get the stats that they need and she read the MPNA Resolution for the public record and many of their residents feel hopeless and helpless, they need for the Mayor and City Council Members is help and give relief now. Council Members Stardig, Boykins, Le, Travis, Laster, Knox and Kubosh absent.

Mayor Turner allowed Ms. McGuffey to finish her thoughts and stated that HPD is authorized to do anything and everything within their powers to investigate when there was a crime committed, to also please bear in mind that this is a Federal Judge that has in placed an injunction and what they do not want to do is do something that he believe goes contrary to his order that he has put in place and the Hearing was scheduled for earlier this month but Hurricane Harvey had push that off and he agrees with everything that they are saying and that Dr. Persse had already been out there and documented everything that is out there and that everyone is little frustrated and it is his hope that they will be able to convince the Judge to remove his temporary restraining order and allow them to get in there in a very substantive way to help address these issues.

Ms. Cindy Woods, 5303 Crawford St., 77004, (832)746-4493 appeared and stated that most of what she is going to say have been said already but she wanted to put this on the record, she serves on the Board of the Museum Park Neighborhoods Association and she is here representing the residents of the Museum Park Neighborhood Association and a concerned

citizen that lives nearby and in their neighborhood and as they do have the Resolution that is in front of Council and she would like to call their attention to Section 3 which she read and they know that Council is working with them but as they stated before, they need immediate help before next week, she knows that the businesses are losing money and people that she knows are scared to come see her because of where she lives and the Health hazards are real as the Mayor stated and they are increasing and as soon as possible and at least let them know and see that they are reacting and she did have another question which is what if the restraining order is not lifted what is plan B, they would like to know what they are thinking. Council Members Stardig, Boykins, Le, Travis, Laster, Knox and Kubosh absent.

Mayor Turner stated that is a powerful question and hoped that they do not have to go to a plan b and plan B which might mean that they will have to wait a little longer to appeal the decision on the Federal Judge and that takes a longer time and let's just hope that they can persuade the Judge that they are not trying to criminalize anyone's status of being homeless and they are simply trying to maintain public safety and the health of a public space.

Ms. Kerry Whitehead, 207 Jessamine St., 77009, (713)703-0002 appeared and presented information to Members of Council and stated that they have seen her here before and she comes here today for another particularly bad experience with the White Oak Music Hall outdoor lawn for close to 4,000 concert goers and this past Thursday was intolerable, children around the neighborhood could not sleep due to the tow trucks, HPD with their alarms and lights on, car alarms going off their windows, they also were forced to listen to profanity laced lyrics for 2 hours and with simulated gun fire, it was the worse yet and the worse part was an ambulance had to get to her neighbor and it had to take a detour and had to park a block away to get to a baby in respiratory distress, their neighborhood is a mess with these lawn events and this is White Oak behavior as they await for a trial in 6 weeks and how bad is it going to get once the lawsuit is removed and they surely do not think that this is not what the City of Houston had in mind when granted White Oak Music Hall 1.1 million dollars in tax incentives or fast track their permitting at the same time they were coming to them to help and where did that get them which is nowhere, they are back here in the same place with a much larger number of people that are complaining and then she read comments and complaints of the neighborhood that were online and she also said by the way this place has not been built, not one shovel has not been put in the ground, on paper and in reality there is nothing to be shut down and construction crews and associated cost have not been deployed to build a permanent stage with several dozen cost of restrooms and if they enforce the codes and ordinances to the letter of the law, they cannot do what they want to do and White Oak Music Hall has proven themselves incapable of managing their hall. Council Members Stardig, Boykins, Le, Travis, Gallegos and Laster absent.

Members of Council question Ms. Whitehead.

Ms. Heidi Landen-Greene, 342 Parkview, 77009, (281)881-8780 appeared and stated that she is also here today to talk about the Concert that was held at White Oak Music Hall on October 19th, last Thursday on a school night by Asap Mob and the music was so loud that White Oak had received a noise citation, the lyrics that were performed by Asap Mob are crude, violent and racist and some of these songs had gun fire in it and she had some of the lyrics from the song with her and wanted to take the opportunity to play it and the Mayor advised that they do not allow that and then she quoted some of the lyrics and some of these lyrics are explicit and she is really glad that the school children that were here have left the room and she wanted Council to keep in mind that these are the lyrics that were blasted in their neighborhood and she was embarrassed to say these word but she wanted to do it.

Council Member Christie stated that they gave the lyrics to them in writing and he did not want to hear this profanity.

Ms. Landen-Greene stated that it was fine but she wanted them to keep in mind what they listened to Thursday night and she did not want her 11 year old son and her 9 year daughter to hear this music and as a parent she has the right to prevent her children from being exposed to this type of music, these explicit lyrics are not permitted on commercial radio and she can put a safe mode on her computer so her children will not see these videos on YouTube and this area includes hundreds of houses with families and all the families that were enjoying the park at this night were exposed to this music and her and other neighborhood parents were not able to protect their children from these explicit lyrics and the frightening sound of guns. Council Members Boykins, Le, Travis, Gallegos, Laster and Green absent.

Members of Council questioned Ms. Landen-Greene.

Ms. Nicolas Davies, 311 Cosmos St., 77009, (281)928-7625 appeared and stated that she lives 2 blocks away from White Oak Music Hall and she is back here today to remind them that this ill-conceived and the one that says that they care about the neighborhood that it brought its way into, the one that this City stuck its neck out in respect to Planning and does not have the consent of its neighbors failed in every way she can think of, White Oak continues to spew noise, low frequency bass and that invades their homes during periods of the day when they want to wind down and have peace, this music has continue to infiltrate her home in without regard of the day of the week, no regard of the curfew and no regard to the Noise Ordinance in the City of Houston, citations continued to be raised and unenforced and as they heard before White Oak Music Hall showed their true colors, at time when this business should show what a considerate neighbor they are but they made it the loudest concert that they have heard so far and they were also consent to subject to of the f word and the racist language and if White Oak wanted to send the neighborhood a message has to their intentions for this venue which they got the message loud and clear, they have no respect for the community, she is disappointed in the Mayor and some of the Council Members that are here now and the refusal for the City to part take in mediation is unbelievable. Council Members Boykins, Le, Travis, Laster and Green absent.

Members of Council questioned Ms. Davies.

Ms. Thelma Scott, 15331 Kuykendahl, 77090, (832)654-2737 appeared and stated that they are here for one minute and just to say thank you, Mayor for the Family Fun Day, everything was so wonderful and their phones started ring and everyone said that they were coming like the City of Houston, Metro and again they wanted to say thank you to Mayor and City Council on making that a fantastic day and request for one picture and thanked Council Member Kubosh for his donation. Mayor Turner went and took a picture with the group.

Mr. Carl Ducena, 10211 Tablerock Dr., 77064, (347)244-8098 appeared and stated that he is with Normal To Be Fit and it always is a pleasure to be here and his wife is not here because she changing people's lives and inspiring them and he must thanked the Mayor and Council Members, they had the Family Fun Day and they teamed up with the Barbara Jordan's Endeavors to have the Family Fun Day and it was an amazing because of the support from the Council and he wanted to continue to do things together and the Astros are amazing, respect is due, Houston deserve more and it is an honor to be in Houston. Council Members Boykins, Le, Travis, Laster, Green and Kubosh absent.

Mr. Cedric Hamilton, 4403 Ebbtide, 77045, (713)894-4823 appeared and stated that he was trying to get his Airport Shuttle Permit, they been denying him and everyone on Mayor Turner staff have helped him up to the point that the Airport System out there in Bush is not honoring your guys paperwork and he applied for an Airport Shuttle Permit, he passed every single thing that he needed to do and they keep denying him, she had spoken to Maria Ann that works out there and told him that the only way that he was going to get his permit is to get Mayor Turner to call them to ok it and presented the paperwork that he had with him and he been approved twice and his staff has helped him like no other and he went through 2 processes, this is a quick fix and for him to call them out at the Airport and held up the 2 approved Airport shuttle permits and he asking for Mayor Turner help again. Council Members Boykins, Le, Travis, Laster, Green and Kubosh absent.

Mayor Turner stated that is a Hearing on October 31st at 3:00 p.m. and Mr. Hamilton advised the that was for a concession stand and he did not apply for that and what he applied for and was approve for is simple and Mayor Turner advised him that he is going to send him back to Rene that is with the Mayor's Citizens Assistant Office and to find out what happen.

should apply for this full time for instance we have the Civilian Air Patrol, we have Echo Search and he thinks that the Cajun navy was a great idea but he think that we need to formalize it for a little bit, working in the water can be dangerous and they did a wonderful job at saving people so he thought to take the principles from these other organizations and formalize it, look throughout the Country, ask the Game Warden, ask the Coast Guard and if not then we need to develop it on our own.
