#6 - MIKE DISHBERGER – 2 Rains Way – 77007 – 713-851-2767 - Item No. 69 – Construction Codes – **(In Person)**.

Council Member Kamin stated to Mayor Turner that she thinks it would be helpful to get a response from the department if there was a reason for changing the definition versus to sticking to what the code is defining it under.

Mayor Turner stated to Council Member Kamin that they are seeking an explanation as to why the definitions were changed. They will also seek an explanation as to why the amendments were accepted but not included.

#7 - JOHN WILLIAMS – 13111 Northwest Frwy. – 77040 – 281-652-6548 – Item No. 69 - Construction Codes – **(In Person)**.

Members of Council questioned and commented on Mr. Williams' statement.

Mayor Turner stated that he wanted to say to Council Member Alcorn and others that if there were things that were approved and did not make it into this ordinance, let them know. Public Works is saying that they were not aware of anything that was approved. If they have that information to please bring it to their attention so that they all can be on the same page.

#8 - CHAD JONES – 4125 Highlander Pkwy. – Richfield, Ohio – 44286 – 330-861-8521 – Item No. 69 - Construction Codes – **(In Person)**.

Members of Council commented and questioned Mr. Jones' statement at length.

Mayor Turner stated to Mr. Jones that they are putting the exemption back in with respect to the low voltage. He thinks that issue now is that there are others who are saying we should go beyond what previously existed and now go to categories, for example, 1, 2, and 3. What he is being told is that they will have an opportunity because there are some on the other side who are raising concerns, as well. This should be worked out as they move to the next level. We certainly need to go beyond on where they are now with the code and get to 2015, as they continue to work on other issues. They have put back the exemption as it was. Now people are saying that it's not enough and that they need to take on another added step. When they start looking at the 2021 code, they intend to do that. Mayor Turner stated that is his understanding.

#9 - DARREN REAMAN – No Address – 317-735-4044 - Item No. 69 – Construction Codes – **(Virtual)** – dreaman@cedia.org.

#10 - WILL BREAUX – 908 White St. – 77007 – 713-933-0606 - Item No. 69 - Construction Codes – (In Person).

Mayor Turner asked Mr. Breaux, “ Can we not go back to the previous exemption, where people objected to it last time, recognizing that we’re going to be continuing to work on this over the next year and then move to the categories 2 and 3 in the next round?” This is not a one and done. Can they not take this initial step and then have a very engaged vetting process as they look to the next step? Mr. Breaux stated to Mayor Turner that he thinks that would be a smart thing to do. Mayor Turner stated that he is still trying to see if they can agree with a process going forward. The question is can they move forward and voting for what is before them, with the exemption the way it has been in the bill, as they work on the next level where all of that is being factored in and then come to an agreement on what the vetting process should be? He would ask people to consider that and to see how people feel about that because they are going to immediately start looking at Code '21. Mr. Breaux stated to Mayor Turner that he would agree on that, as long as they can be involved in that process and have their voices heard.

#14 - ALAN WATKINS – 4802 Inglewood St. – 77026 – 281-914-6600 - Item No. 69 - Construction Codes – (In Person).

Mayor Turner stated to Mr. Watkins that the reason is that they have been forewarned by the Houston Fire Department that this is a life and safety issue. Now having been told that if, by chance, they fail to act and something happens, what do you think people would say then? Mayor Turner is hearing, even on other things that have happened inside the city but not on city’s venues, not on city property and property and not their events. When you have the Fire Department saying to him, that it is a life and safety issue, they can’t just over look it.

#20 - SAUDYS PAGUAGA – 9890 Southwest Frwy. – 77074 – 832-581-5938 – TABC Variance – (In Person).

Council Member Pollard thanked Ms. Paguaga for coming forward. He stated, the biggest thing was to get a letter from the church and if the church is fine with it, then the City is fine with it. He was told that she did get a letter from the church. So if the issue is policy wise, that the City doesn't want a bar to be that close to the church because they don't want to offend a church but the church was fine with it, then there shouldn't be an issue anymore. Sffince she got a letter from the church that they don't have an issue with it, then it seems that it shouldn't be an issue on the city stand point. Hopefully they can do all that they can do to get that rectified so she can move forward.

Mayor Turner stated that ARA had issued a denial letter but they will take a look at it.
