<b>RECOMMENDATION:</b> (Summary) Approve an ordinance appropriating \$63,531.31, adopt a motion approving the final Contract Amount of \$1,948,246.31 which is 8.54% over the original Contract Amount, accept the Work and authorize final payment.			
<b>Amount and Source of Funding:</b> Additional appropriation of \$63,531.31 from Metro Project Commercial Paper Series E Fund No. 4027.  Total Original appropriation of \$2,082,362.00 with \$1,623,006.00 from Series E Commercial Paper Metro Projects Fund, No. 49M; \$375,000 from Street and Bridge Construction Fund No.405, and \$84,356.00 from Water and Sewer System Consolidated Construction Fund No. 755.			<b>Finance Department</b>  
<b>SPECIFIC EXPLANATION:</b>			
<b>PROJECT NOTICE/JUSTIFICATION:</b> This project was part of the Capital Improvement Program (CIP). This project was required to improve traffic flow/ circulation, reduce congestion and eliminate potential hazards.			
<b>DESCRIPTION/SCOPE:</b> This project consisted of reconstruction of Hillcroft Avenue from Beltway 8 to Independence Road. PTI, Inc. designed the project with 180 days allowed for construction. The project was awarded to Lone Star Road Construction, Ltd. with an original Contract Amount of \$1,794,966.20.			
<b>LOCATION:</b> The project area was generally bounded by Beltway 8 on the north and Independence Road on the south. The project was located in Key Map Grid 570V and Z.			
<b>CONTRACT COMPLETION AND COST:</b> The Contractor, Lone Star Road Construction, Ltd., has completed the Work under the subject Contract. The project was completed beyond the established completion date with 116 additional days approved by Change Order Nos.1 and 2. Twenty days of Liquidated Damages at \$1,200.00 per day are reflected in the final payment to the Contractor. The final cost of the project, including overrun and underrun of estimated bid quantities and previously approved Change Order No.1 and 2, is \$1,948,246.31, an increase of \$153,280.11 or 8.54% over the original Contract Amount.			
The increased cost is primarily a result of Change Order Nos. 1 and 2 and the difference between planned and measured quantities. This increase is primarily due to overruns in Bid Item No. 14 – 2” PVC Conduit for Street Lighting (Schedule 40+80); Bid Item No. 15 – 10’ Reinforced Concrete Pavement; Bid Item No. 17 – Horizontal Dowel, Bid item No. 52 – 8” Wet Connection; Bid Item No. 54 – 16” Wet Connection.

Dept.:**SPECIFIC EXPLANATION:****PROJECT NOTICE/JUSTIFICATION:** This project included construction or rehabilitation primarily to large diameter water lines, valves and appurtenances (24-inch in diameter and greater) that were in unsatisfactory condition. The scope of work included mobilizing and cooperating with City Engineer to investigate condition and develop appropriate rehabilitation solutions, installing remedies and restoring surface around area of work on an on-call basis. The City issued work orders over a 24-month period. Amount of Work performed varied from no construction activity to times when multiple crews were necessary to meet the requirements.**DESCRIPTION/SCOPE:** Work of the Contract was for rehabilitation to utilities in various locations throughout the City of Houston. The location and the scope of Work were established by Work Orders issued from time to time on an as needed basis. Drawings, appropriate specifications and geotechnical and environmental reports, as required or as available were provided with each Work Order. Lockwood, Andrews & Newnam, Inc. designed the project with 730 calendar days allowed for construction. The project was awarded to Jalco, Inc. with an adjustment factor of 1.049 (Total Contract Amount not to exceed \$3,000,000.00).**LOCATION:** The project is located throughout the City.**CONTRACT COMPLETION AND COST:** The Contractor, Jalco, Inc. has completed the Work under the subject Contract. The project was completed within the Contract Time. The final cost of the project, including overrun and underrun of estimated bid quantities and previously approved Change Order Nos. 1 through 6 is \$1,385,609.46, a decrease of \$1,614,390.54 or 53.81% under the original Contract Amount.

The decreased cost is due to non-availability of Work Orders and expiration of Contract Time.

**M/WBE PARTICIPATION:** M/WBE goal for this project was 17%. According to Affirmative Action and Contract Compliance Division, the actual participation was 11.07%. The Contractor achieved a "Satisfactory" rating for MWDDBE Compliance.N. G.

<b>SPECIFIC EXPLANATION:</b> David C. Finklea, Walter P. Moore and Associates, Inc., 3131 Eastside, Second Floor, Houston, Texas, 77098, on behalf of Hudson Partnership, Ltd. (E.J. Hudson, General Partner), requested the abandonment and sale of a portion of a 30-foot-wide drainage easement, in exchange for conveyance to the City of a 30-foot-wide drainage easement, all located in Unrestricted Reserve A, West Oaks Place Subdivision, out of the William White Survey, A-836. Hudson Partnership, the property owner, plans to construct five mid- and high-rise residential condominium structures and a two-story office building in the location of the subject easement abandonments.  This is Part One of a two-step process in which the applicant will first receive a City Council authorized council motion acknowledging the concept of the subject request. Upon the applicant satisfactorily completing all transaction requirements including those enumerated below, the Department of Public Works and Engineering will forward a subsequent recommendation to City Council requesting passage of an ordinance effecting the abandonment and sale. The Joint Referral Committee reviewed and approved this request. Therefore, it is recommended:  1. The City abandon and sell a portion of a 30-foot-wide drainage easement, in exchange for conveyance to the City of a 30-foot-wide drainage easement, all located in Unrestricted Reserve A, West Oaks Place Subdivision, out of the William White Survey, A-836;  2. The applicant be required to furnish the Department of Public Works and Engineering with a durable, reproducible (Mylar) survey plat and field notes of the affected property;  3. The applicant be required to (a) fill in the area of the open ditch within the 30-foot-wide drainage easement to be abandoned with compacted soil to grade level to redirect the flow of the remaining portion of the open drainage ditch in the 30-foot-wide drainage easement into the portion to be conveyed to the City and (b) construct an open ditch with the capacity to convey the extreme (100 year) flow in the 30-foot-wide drainage easement to be conveyed to the City, so that it connects to the remaining portion of the drainage ditch within the 30-foot-wide drainage easement, all at no cost to the City and under the proper permits;

4. In the interest of expediting the abandonment and sale process, the applicant may choose to provide the City with a Letter of Credit (LOC), subject to the City's concurrence, covering the estimated construction cost from work required in Item 3 above in lieu of performing such work prior to finalization of the ordinance for this transaction. Should this option be selected, the applicant will be required to provide a LOC showing the City of Houston as beneficiary and in an amount of the estimated construction cost approved by the City. The LOC will be for a specific time period which may be less than but not longer than twelve months from the effective date of the ordinance for this transaction. Upon the applicant's satisfactory completion of the construction-related work as evidenced by written inspection clearance/approval by the Office of the City Engineer, PWE, at the applicant's request the City will release the LOC;
5. The Legal Department be authorized to prepare the necessary transaction documents; and
6. Inasmuch as the value of the property interests is not expected to exceed \$25,000.00, that the value be established by staff appraisal, according to City policy.

**RECOMMENDATION: (Summary)**

Authority be given through Council Motion to PURCHASE Parcel LY6-016

**Amount and Source of Funding:** No additional funding required (covered under Blanket Appropriation Ordinance 2005-397 N- 00663A-00RE- 2-01 Street and Bridge Consolidated Construction Fund 4506)

**SPECIFIC EXPLANATION:**

The LEY ROAD PAVING IMPROVEMENTS PROJECT (from North Wayside to Mesa Road) provides for meeting mobility and traffic safety requirements in the northeast part of the City of Houston. The project consists of the design of two 24-foot wide concrete roadway sections with raised medians, curbs, sidewalks, and necessary underground utilities. This transaction involves the acquisition of 50,849 square feet located at 8405 Furray Road for the purpose of a detention pond.

The City desires to acquire 50,489 square feet of land and improvements. The City's offer was based on an appraisal completed by David R. Dominy, MAI, Independent Fee Appraiser. This valuation was reviewed and recommended for approval by a senior staff appraiser of this department. The breakdown is as follows:

## Parcel LY6-016 (Fee)

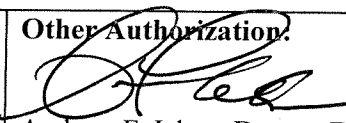

LAND 50,489 square feet @ \$0.80 .....	\$ 40,391.00
IMPROVEMENTS.....	\$ 32,155.00
TOTAL CONSIDERATION.....	\$ 72,546.00
Title policy/services.....	\$ 1,360.00
TOTAL AMOUNT.....	\$ 73,906.00

It is recommended that authority be given through Council Motion to purchase Parcel LY6-016 and pay for title policy/services for a total amount of \$73,906.00. This parcel contains 50,489 square feet or 1.1591 acres situated in the J.L. Stanley Survey, Abstract 700 in Harris County, Texas. Said 1.1591 acre tract conveyed unto Martin Terrazas and Patricia Mendez by deed recorded under Harris County Clerk's File M453610 of the Official Public Records for Real Property in said Harris County, Texas.

<b>RECOMMENDATION: (Summary)</b> It is recommended City Council approve a council motion authorizing the conveyance of a ±4300-square-foot subsurface pipeline easement within an existing Centerpoint easement, located in the Reels and Trobough League, A-59. <b>Parcel SY8-067</b>			
<b>Amount and Source of Funding:</b> Not Applicable			

**SPECIFIC EXPLANATION:**

GDT Land Consultants, Inc., 12306 Ashford Valley Drive, Sugar Land, Texas 77478, on behalf of Magellan Pipeline Company, L.P., requested the conveyance of a ±4300-square-foot subsurface pipeline easement within an existing Centerpoint easement, located in the Reels and Trobough League, A-59. Centerpoint Energy has completed its review and consents to Magellan Pipeline Company, L.P. having a pipeline easement within its existing easement.

The subject easement is located within the Battaglia Tract. The City acquired the Battaglia Tract via the bequest of John Battaglia, which stipulated its use for charitable purposes only on behalf of the people of Houston, and the method of its expenditure left entirely to the Mayor and the City Council of the City of Houston. Ordinance 45-8080, dated October 12, 1945, the City accepted this bequest and authorized a separate fund be set up subject to the conditions of the will. The City's Administration and Regulatory Affairs Department currently administers this fund. The Houston Area Women's Center has a contract with the City and receives all of the Battaglia fund's annual earnings. The Administration and Regulatory Affairs Department has reviewed and authorized Magellan Pipeline's request.

This transaction is Part One of a two-step process in which the applicant will first receive a City Council authorized council motion acknowledging the concept of the subject request. Upon the applicant, satisfactorily completing all transaction requirements including those enumerated below, the Department of Public Works and Engineering will forward a subsequent recommendation to City Council requesting passage of an ordinance effecting the conveyance. The Joint Referral Committee reviewed and approved this request. Therefore, it is recommended:

1. The City convey a ±4300-square-foot subsurface pipeline easement within an existing Centerpoint easement, located in the Reels and Trobough League, A-59 to Magellan Pipeline Company, L.P.
2. The applicant be required to furnish the Department of Public Works and Engineering with a durable, reproducible (Mylar) survey plat and field notes of the affected property;

**SPECIFIC EXPLANATION:**

The Fire Chief recommends that City Council approve an Ordinance to appropriate \$22,400.00 from the FY08 Equipment Acquisition fund (Fund 1800) and approve the issuance purchase orders for software and servers to be purchased from "Go Direct" vendors through the City's master agreement with the Texas Department of Information Resources (DIR) to support Business Intelligence goals for the Houston Fire Department.

The Chief Technology Officer of HFD recommends the purchase of two dual core servers with 4GB of RAM, Windows 2003 and RAID 5 direct from Hewlett Packard (HP) through the DIR. He also has identified a need for a SQL Server Standard Edition from DIR vendor SHI Government Solutions, Inc.

All purchased equipment will be installed in the server room at 1205 Dart and will support the WebFOCUS applications. WebFOCUS applications cannot be utilized as designed and intended without this purchase. The servers and software will support reporting and Business Intelligence goals directly related to enhancements to ILMS for the HFD Life Safety Division. Approve the purchase of pickup trucks through the Houston-Galveston Area Council (H-GAC) in the amount of \$500,281.02 for the Police Department.

Award Amount: \$500,281.02

**Finance Budget**

\$500,281.02 - Police Special Services (Fund 2201)

**SPECIFIC EXPLANATION:**

The City Purchasing Agent recommends that City Council approve the purchase of nineteen diesel, quad cab, ¾-ton pickup trucks through the Interlocal Agreement for Cooperative Purchasing with H-GAC in the amount of \$500,281.02 for the Police Department, and that authorization be given to issue a purchase order to the H-GAC contractor, Dallas Dodge Chrysler Jeep. These pickup trucks will be marked units assigned to the Department's Traffic Division Truck Enforcement Detail, and will be used citywide by police officers for the inspection of heavy over-the-road and local delivery trucks to ensure that they meet the existing laws and safety standards of federal, state and local agencies.

These new pickup trucks will meet the EPA's current emission standards for trucks with diesel engines. They will come with a full three-year/36,000-mile bumper-to-bumper warranty, and the life expectancy is five years/100,000 miles. Five of the new pickup trucks will replace Shop Nos. 28897, 28952, 29192, 29193 and 29232, existing 10-year-old units that have reached their life expectancy and will be sent to auction for disposition. The remaining fourteen pickup trucks will be additions to the Department's fleet.

**SPECIFIC EXPLANATION:**

The City Purchasing Agent recommends that City Council approve an award to Peltier Brothers Construction, LTD on its low bid in the amount of \$79,900.00 and contingencies (5% for unforeseen changes within the scope of work) in the amount of \$3,995.00 for a total amount not to exceed \$83,895.00 to replace two skimmers at the Keegans Bayou Wastewater Treatment Plant for the Public Works & Engineering Department. Skimmers remove floating materials from the treatment effluent prior to the water being discharged into the water stream.

This project was advertised in accordance with the requirements of the State of Texas bid laws. Five prospective bidders downloaded the solicitation document from SPD's e-bidding website and two bids were received as outlined below:

	<b><u>Company</u></b>	<b><u>Total Amount</u></b>
1.	<b>Peltier Brothers Construction, LTD</b>	<b>\$ 79,900.00</b>
2.	<b>IDGC a Division of RA Group LLC</b>	<b>\$106,750.00</b>

The scope of work requires the construction contractor to provide all labor, materials, equipment, supervision and transportation necessary to replace two skimmers. Materials and workmanship for this project are warranted for one year and the life expectancy is 20 years. The contractor will have 165 days to complete the work on this project after receipt of the notice-to-proceed.

Approve an award to Godwin Pumps of America, Inc. on its low bid in the total amount of \$101,097.26 for submersible pumps for the Public Works & Engineering Department.

Award Amount: \$101,097.26

**Finance Budget**

\$101,097.26 - Combined Utility System General Purpose Fund (8305)

**SPECIFIC EXPLANATION:**

The City Purchasing Agent recommends that City Council approve an award to Godwin Pumps of America, Inc. on its low bid in the total amount of \$101,097.26 for submersible pumps for the Public Works & Engineering Department and that authorization be given to issue a purchase order. These pumps will be used by the Department's Maintenance Management Section to transfer water, sewage and sludge from wet wells, clarifiers and lift stations at various wastewater plants and lift stations throughout the City.

This project was advertised in accordance with the requirements of the State of Texas bid laws. Eight prospective bidders downloaded the solicitation document from SPD's e-bidding website and three bids were received as outlined below:

<u>COMPANY</u>	<u>TOTAL AMOUNT</u> (Item Nos. 1 & 2)
1. Godwin Pumps of America, Inc.	\$101,097.26
2. The Andress-Walsh Co.	\$150,490.00
3. MairFlex USA, Ltd.	\$152,750.00

This purchase consists of two 4", 26-HP, 800-gpm and two 6", 71-HP, 1600-gpm portable, hydraulic driven, trailer mounted, submersible pumps, complete with exterior works lights and directional light bars for traffic control. These pumps are self-contained units that will be use by the Maintenance Management Section to remove water, sewage and sludge from lift stations, plant wet wells, and clarifiers, which will permit necessary routine maintenance and emergency equipment repairs. The pumps are essential to the maintenance and operations of these facilities and are necessary to maintain compliance with the Texas Commission on Environmental Quality guidelines. These pumps come with a one-year warranty and the life expectancy is 10-15 years. These new pumps will replace existing 18-year-old units which are inoperable and have exceeded their life expectancy. The salvageable parts of the old units will be placed in inventory to repair similar equipment in the Department's supply. The unusable components will be sent to the Property Disposal Management office for disposition.

SPD/PWE encourages participation from any eligible company, but in the past have found it necessary to waive the COH MWDBE requirement due to the items being shipped directly from the manufacturer.

\$2,100,000.00 - Total

**SPECIFIC EXPLANATION:**

The City Purchasing Agent recommends that City Council approve an ordinance authorizing the appropriation of \$425,000.00 out of the Equipment Acquisition Consolidated Fund (Fund 1800) and approve the purchase of a Electronic Document Management System (EDMS) software and related training and implementation services in an amount not to exceed \$2,100,000.00 from the GSA Schedule 70 Contract through the Cooperative Purchasing Program under Section 211 of the Government Act of 2002 for the Houston Airport System (HAS) and various departments, and that authorization be given to issue purchase orders to the GSA contractor, Hyland Software, Inc.

The Houston Airport System is replacing a legacy document management system software and adding new related technologies (eForms; workflow; electronic signature; remote document capture; records management, etc) to support project-specific and department-wide needs for a comprehensive, state-of-the-art document management system.

This purchase of the EDMS software will provide immediate and significant improvements in customer service and security-related initiatives which will improve badge processing at the City's three airports that serve approximately 35,000 badge holders. This "e-services" initiative is called eBadge, and will be unique in the airport industry and has the local cooperation of the Transportation Security Administration (TSA), U.S. Customs and Border Patrol (CBP). The EDMS and its technologies, including workflow, will be extended throughout the Department to meet other document storage and retrieval; business process improvement; records retention and management; and document archiving needs.

Based on the work performed by HAS, the City's Technology Steering Committee (TSC) will classify the On-Base software product as a standard for EDMS based applications. In addition to the Airport Badging Project,

the Information Technology Department and the Houston Fire Department (HFD) will initiate a series of projects to streamline the workflow for processing personnel actions (changes in employee pay or job title) and automate forms approval and distribution processes used within HFD. These three departments, HAS, ITD, and HFD, will work together on an initial "pilot" project to build the first phase of the infrastructure required to support this new technology and develop the skills needed to deploy applications built around the software application. These initial projects will provide the opportunity to apply EDMS technology in a number of major projects that will change the way that employees perform their jobs and the City delivers services to its citizens. The expanded use of this technology will require the acquisition of additional licenses and specialized modules, which will be procured in accordance with the spending limits authorized by this action.

Abandonment and sale of a 10-foot-wide utility easement between Main Street and Fannin Street, out of the Pleasant W. D...

MOTION NO. 2007 1053

MOTION by Council Member Khan that the recommendation of the Director of the Department of Public Works and Engineering, reviewed and approved by the Joint Referral Committee, on request from Heather Guillen of Walter P. Moore & Associates, Inc., 3131 Eastside, 2nd Floor, Houston, Texas 77098, on behalf of Texas Children's Hospital, for the abandonment and sale of a 10-foot-wide utility easement between Main Street and Fannin Street, out of the Pleasant W. Rose Survey, A-645, Parcel SY8-021, be adopted as follows:

1. The City abandon and sell a 10-foot-wide utility easement between Main Street and Fannin Street, out of the Pleasant W. Rose Survey, A-645;
2. The applicant be required to furnish the Department of Public Works and Engineering with a durable, reproducible (Mylar) survey plat and field notes of the affected property;
3. The applicant be required to (a) cut, plug, and abandon the existing 16-inch water main within the property limits from Main Street to Fannin Street and (b) submit a cashier's check for the depreciated value for the water main. All of the foregoing items must be completed at no cost to the City and under the proper permits;
4. The applicant be required to prepare drawings that show all public utilities (water) that are to be abandoned, relocated, and/or constructed as part of this project and submit drawings to the Office of the City Engineer for plan review and approval. A copy of the council motion shall be attached to the plan set when it is submitted for plan review;

5. In the interest of expediting the abandonment and sale process, the applicant may choose to provide the City with a Letter of Credit (LOC), subject to the City's concurrence, covering the estimated construction cost for work required in Item 3 above in lieu of performing such work prior to finalization of the ordinance for this transaction. Should this option be selected, the applicant will be required to provide a LOC showing the City of Houston as beneficiary and in the amount of the estimated construction cost approved by the City. The LOC will be for a specific time period which may be less than but not longer than twelve months from the effective date of the ordinance for the transaction. Upon the applicant's satisfactory completion of the construction-related work as evidenced by written inspection clearance/approval by the Office of the City Engineer, PWE, at the applicant's request the City will release the LOC;
6. The applicant be required to obtain a letter of no objection from each of the privately owned utility companies for the utility easement being abandoned and sold;
7. The Legal Department be authorized to prepare the necessary transaction documents; and
8. Ms. Sheila Stewart and Mr. John Chambless, independent real estate appraisers, are hereby appointed to establish the value, inasmuch as the value of the property interest is expected to exceed \$50,000.00.

<b>RECOMMENDATION: (Summary)</b> City Council approve an ordinance to approve the Fiscal Year 2009 Operating Budget for Gulfgate Redevelopment Authority (TIRZ No. 8).				
<b>Amount and Source of Funding:</b> No Funding Required			Finance Budget	
<b>Specific Explanation:</b> The administration has undertaken a comprehensive review of proposed FY 2009 TIRZ budgets. In addition, the Council Committee on Regulation, Development and Neighborhood Protection convened to review and discuss FY09 TIRZ budgets. The Finance Department recommends approval of the FY09 Operating Budget for Gulfgate Redevelopment Authority (TIRZ No. 8). <ul style="list-style-type: none"> <li>Total Operating Budget for FY2009 is \$4,724,049, which includes \$434,454 for required fund transfers and \$4,289,595 for Project Costs.</li> <li>The budget includes \$2,214,620 in CIP expenditures for enhancements to a pedestrian bridge over South Loop and traffic signals for two intersections. These are expected to be the last projects to complete the project plan. Gulfgate Redevelopment Authority expects to receive grant funds during FY09 to finance \$2.02M of the CIP expenditures.</li> <li>The FY09 Operating Budget includes \$54,975 for administration and overhead. The Zone authority has a third-party administrator to manage redevelopment activities of the TIRZ. The Zone must advise the Director of any budget amendments. Adjustments to the Project Costs in the budget of the lesser \$400,000 or 5% or more require City Council approval.</li> <li>The approval of this Budget is contingent upon receipt by the Director of the Finance Department of a document signed by the Administrator of the Authority and/or Zone disclosing the name of each owner or developer of property within the Zone from which the Administrator has received compensation during the last five calendar years, and the amount of compensation by owner by year, expressed as categories consistent with other City of Houston financial disclosure requirements.</li> </ul>

N A R R A T I V E	<b>Zone Purpose:</b>
	The Zone was created with the purpose of acquiring the Gulfgate Shopping Center for redevelopment, after which a Joint Venture Partnership was formed, in which the Houston Redevelopment Authority (HRA) has an ownership share in the Mall. The Zone was enlarged in 1999 with the purpose of facilitating the redevelopment of the surrounding areas by providing funding for utility relocation, traffic signalization & realignments, refurbishment of the Loop 610 Crosswalk and landscaping along the ROW's.
	<b>Accomplishments in FY08 (Projects Underway):</b>
	In fiscal year 2008, the Gulfgate TIRZ secured continuation of the TxDOT STEP grant through 2008. The STEP grant will provide for streetscape and pedestrian-related transportation enhancements including the renovation of a pedestrian bridge across 610S. The cost of the project totals \$2,532,000 of which 20%, or \$506,000 will be matched by the Authority. HGP expects to advance the Authority's remaining share of the costs as required under the STEP sponsorship agreement i fiscal year 2008. The Authority and the developer will continue the refurbishment of the crosswalk over 610 between Evergreen and Woodridge, including replacement of concrete, painting, safety compliance and beautification.

N A R R A T I V E	<b>Zone Purpose:</b>
	To provide at least partial funding for new basic infrastructure (water, sewer, storm drainage, streets, sidewalks, streetlights, curbs); purchase historically important structures and parkland; pursue regulations to protect existing historically important structures located within designated historic areas.
	<b>Accomplishments in FY08 (Projects Underway):</b>
	In fiscal year 2008, the Old Sixth Ward TIRZ accomplished:
	• Completed the Edmister Hinshaw Rusk Study titled, Preliminary Cost Estimates & Inventory for the Improvements of Paving, Sidewalks, Sanitary Sewers, Street Monuments & Entry Signage
	• Currently working with Centerpoint Energy, and AT&T on utility pole relocation and repositioning in advance of a historic street light installation consisting of a decorative bracket arm and luminaire installed on existing wood poles.
E	• Identified a fabrication firm for the historic concrete street sign project. It was unanticipated that this task would be so complicated and lengthy.

<b>RECOMMENDATION: (Summary)</b> City Council approve an ordinance to approve the Fiscal Year 2009 Operating Budget for Leland Woods Redevelopment Authority (TIRZ No. 22).				
<b>Amount and Source of Funding:</b> No Funding Required			<b>Finance Budget</b>	
<b>Specific Explanation:</b> The administration has undertaken a comprehensive review of proposed FY 2009 TIRZ budgets. In addition, the Council Committee on Regulation, Development and Neighborhood Protection convened to review and discuss FY09 TIRZ budgets. The Finance Department recommends approval of the Fiscal Year 2009 operating budget for Leland Woods Redevelopment Authority (TIRZ No. 22). <ul style="list-style-type: none"> <li>Total operating budget for FY2009 is \$92,262, which includes \$2,305 for required fund transfers and \$59,957 for project costs.</li> <li>The project expenses include \$9,000 for administration and overhead. Administration costs are budgeted to remain in line with equivalent City costs. The Zone authority has a third-party administrator to manage redevelopment activities of the TIRZ. The Zone must advise the Director of any budget amendments. Adjustments to the Project Costs in the budget of the lesser of \$400,000 or 5% or more require City Council approval.</li> <li>This is the first operating budget to be considered by City Council for this Zone.</li> <li>The FY09 budget includes a reimbursement to the developer, GHBA Community Development Corporation (CDC). GHBA CDC is developing the subdivision for the construction of predominantly affordable housing.</li> <li>The approval of this Budget is contingent upon receipt by the Director of the Finance Department of a document signed by the Administrator of the Authority and/or Zone disclosing the name of each owner or developer of property within the Zone from which the Administrator has received compensation during the last five calendar years, and the amount of compensation by owner by year, expressed as categories consistent with other City of Houston financial disclosure requirements.</li> </ul>

**SPECIFIC EXPLANATION:**

The Woodlands Road Utility District No. 1 has petitioned the City of Houston for consent to add 49.9914 acres of land, located in the city's extraterritorial jurisdiction, to the district.

The Utility District Review Committee has evaluated the application with respect roads, storm water conveyance, and other public services.

The district is located in the vicinity of Spring Creek, FM 1488, FM 2978 and Interstate Highway 45. The district desires to add 49.9914 acres, thus yielding a total of 2,475.3253 acres. The District is a road utility district and the general nature of the work to be done in the area sought to be annexed to the District is the construction, acquisition and improvement of macadamized, graveled or paved roads and turnpikes which serve or are intended to serve as arterial or main feeder roads, and any drainage works related to or in furtherance of the construction, acquisition or improvement of such roads. The nearest major drainage facility for The Woodlands Road Utility District No. 1 is Spring Creek which flows into the San Jacinto River and finally into Lake Houston.

By executing the Petition for Consent, the district has acknowledged that all plans for the construction of roads and storm water collection systems within the district must be approved by the City of Houston prior to their construction.

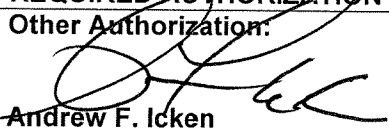

The Utility District Review Committee recommends that the subject petition be approved.

<b>SUBJECT:</b> Ordinance for the release 21.741 acres from the Extraterritorial Jurisdiction of the City of Houston in Waller County		<b>Category #</b>	<b>Page 1 of 1</b>	<b>Agenda Item #</b> <i>22</i>
<b>FROM (Department or other point of origin):</b> Marlene L. Gafrick, Department of Planning & Development		<b>Origination Date</b> 6/4/2008		<b>Agenda Date</b> JUN 25 2008

<b>RECOMMENDATION: (Summary)</b> That Council pass the ordinance releasing 21.741 acres of land in southeast Waller county from the City of Houston's ETJ				
<b>Amount and Source of Funding:</b> N/A			<b>F &amp; A Budget:</b>	
<b><u>SPECIFIC EXPLANATION:</u></b>  The City of Katy has requested that the City of Houston release from our Extraterritorial Jurisdiction, one tract of land totaling 21.741 acres. This tract is contiguous to the west side of the City of Katy's city limit boundary. Upon the City of Houston's release, the City of Katy will be able to convert the released land into its ETJ.  This acreage is located within Houston's ETJ as a result of a 1963 annexation which included a ten-foot wide strip of property located within the rights-of-way of Clay Road.  It has been determined that it is unlikely that the City of Houston would annex this property in the foreseeable future. Further, such a release will not impair the City's ability to annex any other territory in southeastern Waller County in the future, nor will it result in the loss of significant revenue producing properties in the acreage in question. Also, it has been determined by consultation with the Public Works and Engineering Department and the Planning and Development Department that this release will not impair the City of Houston's mobility in the present or in the future.  The property is currently undeveloped and is likely to stay so as long as it remains within our ETJ. It is approximately 10 miles from the nearest City of Houston water or sewer system and cannot obtain utility service without unreasonable expense. Also, the tract is located on the far west boundary of Katy.  The City of Houston has received a written request from the Mayor of Katy demonstrating Katy's ability and willingness to provide services to this tract.  Cc:      Arturo Michel Marty Stein

<b>Amount of Funding:</b> Total Maximum Amount of Contracts: \$2,719,369 a. \$375,000.00 - Federal (5000) Grant #5U62PS023512-05 b. \$2,344,369.00 - Federal (5000) Grant #1U62PS000775-01		<b>F&amp;A Budget:</b>		
<b>SOURCE OF FUNDING:</b> [ ] General Fund [ X ] Grant Fund [ ] Enterprise Fund [ ] Other ( Specify )				
<b>SPECIFIC EXPLANATION:</b> <p>The Houston Department of Health and Human Services (HDHHS) requests City Council approval of an ordinance for five (5) agreements for HIV/STD services. Contracting parties are the Harris County Hospital District, a local governmental entity, with one maximum contract amount of \$375,000.00 for health education and risk reduction services and a second maximum contract amount of \$918,600.00 for routine, opt-out HIV screening services; Legacy Community Health Services, a non-profit corporation, with a maximum contract amount of \$701,768.00 for routine, opt-out HIV screening services; Memorial-Hermann Healthcare System, a non-profit corporation, with a maximum contract amount of \$546,570.00 for routine, opt-out HIV screening services; and the University of Texas Health Science Center at Houston, an institution of higher education, with a maximum contract amount of \$177,431.00 for routine, opt-out HIV screening services. The contract terms for the four (4) contracts for routine, opt-out HIV screening are from date of countersignature through September 29, 2008 with two (2) successive one-year renewal terms. The contract term for the one (1) contract for health education and risk reduction services is from date of countersignature through December 31, 2008 with one (1) successive one-year renewal term.</p> <p>In November, 2007 City Council approved an ordinance authorizing acceptance of a grant from the United States Department of Health &amp; Human Services Centers for Disease Control and Prevention for expanded and integrated testing of populations affected by HIV. To this end, HDHHS desires to contract with the above-referenced entities to fulfill this goal.</p> <p>HDHHS proposes to adapt the Access, Consent, Test, Support (ACTS) protocol to guide implementation of routine, opt-out HIV screening within 5 sites located in Houston/Harris Count, Texas. A three step process will be used to achieve this goal: 1) prepare project sites for implementation; 2) address site-specific logistical considerations; and 3) train staff throughout these sites to implement routine, opt-out HIV screening. HDHHS will ensure follow-up with newly-positive individuals. This program is targeted toward populations disproportionately affected by HIV, primarily African Americans and Hispanics.</p>

<b>RECOMMENDATION: (Summary)</b> Approval of an Ordinance authorizing a First Contract Amendment between the City of Houston and Child Care Council of Greater Houston, Inc. for the implementation, oversight and delivery of the Community Development Block Grant funded Juvenile Delinquency Prevention Program for additional funding in the amount of \$60,788.29 under the 33rd Year Community Development Block Grant.

<b>SOURCE OF FUNDING</b> <input type="checkbox"/> General Fund <input checked="" type="checkbox"/> Grant Fund <input type="checkbox"/> Enterprise Fund  <input type="checkbox"/> Other (Specify)    COMMUNITY DEVELOPMENT BLOCK GRANT FUND (5000)				
<b>SPECIFIC EXPLANATION:</b>  The Housing and Community Development Department recommends approval of a First Contract Amendment (Amendment) between the City of Houston and Child Care Council of Greater Houston, Inc. (Child Care Council). This Contract Amendment provides for an increase in program costs for the Community Development funded Juvenile Delinquency Prevention Program.  This Amendment provides for the continued implementation, oversight and delivery of the Community Development Block Grant funded Juvenile Delinquency Prevention Program. The Amendment will provide additional funding in the amount of \$60,788.29 to ten (10) agencies that provide services to youth for the continuation of their Juvenile Delinquency Prevention Program. This additional funding to these agencies was originally allocated during the 2007 program year and ten of the agencies had funds remaining. The funds remaining for the agencies will off-set a shortfall in funding to cover expenses associated with the program. The approval of this First Contract Amendment will allow these agencies to continue to provide services to juveniles and utilize all funds remaining for the program. The original contract totaled \$809,904.72 (\$646,067.72 to agencies and \$163,837.00 for administrative costs) for funding 19 agencies. The additional funding to the Amendment of the Contract in the amount of \$60,788.29 will bring the total contract amount to \$870,693.01. This First Contract Amendment performance period will remain the same, August 1, 2007 – July 31, 2008.  The City entered into a Contract with Child Care Council beginning March 9, 1994 to provide the above referenced services. These services include the selection of service providers through a Request for Proposal (RFP) process negotiating contracts with providers; processing reimbursement requests; monitoring performance, provide technical assistance and training; and management assistance.

<b>SPECIFIC EXPLANATION:</b>  The Housing and Community Development Department recommends approval of a First Contract Amendment (Amendment) between the City of Houston and Child Care Council of Greater Houston, Inc. (Child Care Council). This Contract Amendment provides for an increase in program costs for the Community Development Block Grant funded Child Care Program.  This Amendment provides for the continued implementation, oversight and delivery of the Community Development Block Grant funded Child Care Program. The Amendment will provide additional funding in the amount of \$10,806.72 to six (6) child care providers for the continuation of their Child Care Program. This additional funding to these agencies was originally allocated during the 2007 program year and these providers had funds remaining. The funds remaining for the agencies were on a contract, but had not been expended. The approval of this First Contract Amendment will allow these agencies to continue to provide child care services to working mothers and mothers seeking employment or enrolled in school and utilize all funds remaining for the program. The original contract totaled \$704,902.00 for funding eleven (11) child care providers. The additional funding to the Amendment of the Contract in the amount of \$10,806.72 will bring the total contract amount to \$754,708.72. <b>Specific Explanation</b> The Housing and Community Development Department ("HCDD") recommends approval of a Contract between the City of Houston and AIDS Coalition of Coastal Texas, Inc. ("AIDS Coastal") to finance the organization's administrative and emergency housing assistance costs associated with its HIV/AIDS program. AIDS Coastal provides supportive services and direct emergency financial assistance to persons living with HIV/AIDS who are presently on a HUD Section 8 waiting list, as well as those who are at risk of becoming homeless due to lost employment, long-term hospitalization/illness and similar circumstances.  AIDS Coastal is requesting \$362,422.00 for its HOPWA project. The AIDS Coalition of Coastal Texas began receiving HOPWA funds from the City of Houston in February 2006. The City of Houston has been assigned responsibility for the Galveston and Brazoria Counties as part of its Eligible Metropolitan Statistical Area (EMSA) for the HOPWA Program. The City of Houston's EMSA for the HOPWA Program now consists of Austin, Brazoria, Chambers, Fort Bend, Galveston, Harris, Liberty, Montgomery, San Jacinto and Waller Counties.  AIDS Coastal currently serves a minimum eighty (80) of individuals with HIV/AIDS and fifty family members for a total of 130 persons serviced. General services include case management, nutritional services, client advocacy, and housing assistance. The agency is requesting funding to provide: (1) tenant-based rental assistance and supportive services at thirty (30) scattered-site units, and (2) short-term rent, mortgage, and utility assistance and supportive services at fifty (50) scattered-site units for low-income, HIV/AIDS infected individuals and their families.

**SPECIFIC EXPLANATION:**

The Texas Southern University (TSU) Gerald B. Smith Center for Entrepreneurship and Executive Development - Small Resource Center (Resource Center) provides assistance to area entrepreneurs and potential entrepreneurs in accessing business start-up resources and guidance.

The goal of this agency is to (1) maintain the Small Business Resource Center within the Gerald B. Smith Center for Entrepreneurship and Executive Development at the Jesse H. Jones school of Business of Texas Southern University as a learning lab and source of research for students and the surrounding community; and (2) to help develop and/or improve minority owned businesses and organizations in Houston, Texas by providing start-up information to businesses five (5) years or less and potential business owners at TSU and the surrounding community.

Due to the success of the existing programs the Smith Center desires to expand its services and is requesting a second Contract for a five (5) month period, for the administration and operation of the Small Business Resource Center. The Resource Center will continue to make business planning resources and operations information accessible to small business owners who may have limited access to such products. By combining counseling and educational elements that lead to effective business planning the Resource Center will help improve the success rate of Small business owners in Houston, Texas.

The Resource Center will serve current and former TSU students and the local community near the University.

**RECOMMENDATION: (Summary)**

Adopt an Ordinance authorizing the submission of a grant to the Bureau of Justice Assistance to help victims of domestic violence through the use of grant funds, and approving a Memorandum of Understanding between the Houston Police Department, the Harris County District Attorney's Office Family Criminal Law Division and the Houston Areas Women's Center.

**SOURCE OF FUNDING:**      ☐ General Fund      ☒ Grant Fund      ☐ Enterprise Fund  
☐ (Other)

The goal of this project is to provide a coordinated community response to domestic violence and increasing efforts to enforce warrants related to domestic violence offenses. The partners will consist of the Houston Police Department (HPD), Harris County District Attorney's Office/Family Criminal Law Division (FCLD), and Houston Area Women's Center (HAWC).

Technology will be implemented between HPD and the FCLD to improve tracking of domestic violence offenses and identification of frequent victims and habitual offenders to better target future services. A Protective Order Clinic will be created to provide training for HPD staff to process victim applications for protection orders thus increasing the number of protection orders issued. The period of time between warrants issuance and arrest will significantly be reduced thus emphasizing that the offender's behavior will not be tolerated. HAWC expanded services will reach more victims of domestic violence due to new referrals from telephone reports. Coordination between the FCLD and HPD will allow protection orders to be processed in a more timely fashion.

<b>RECOMMENDATION: (Summary)</b> Enact an ordinance to approve Amendment No. 1 to the Agreement between the City of Houston and AAC Designers Builders, Inc. dba Austin AECOM and appropriate the necessary funds to finance the cost of these services.				
<b>SPECIFIC EXPLANATION:</b> On September 19, 2007, the City entered into a Contract with AAC Designers Builders, Inc. dba Austin AECOM in the amount of \$933,375.00 to provide Architectural/Engineering Services required to support the Job Order Contracting (JOC) Program. Services provided to date include minor construction, repair and rehabilitation projects required at all three airports. The City and the Architect/Engineer, having now completed the initial development and operational phase of the JOC Program, mutually desire to continue the ongoing operations of the JOC Program. It is requested that Council approve Amendment No. 1 in the amount of \$1,000,000.00 to continue the JOC program. Services to be performed by Austin AECOM include: <ol style="list-style-type: none"><li>1. Preparation of detailed scope statements, plans, specifications and cost estimating;</li><li>2. Periodic construction site observations, participation in construction progress meetings, response to contractors' request for information, review and approval of submittals, and written reports.</li></ol> Basic Services fees are \$1,000,000.00. This project is an "Eligible Project" for the Civic Art Program under Ordinance No. 99-1351, and a Civic Art total appropriation of \$17,500.00 (1.75% of Basic Services) is therefore being made. <b>SPECIFIC EXPLANATION:</b> <p>The City of Houston (City) is Defendant in Cause No. 2007-65680, <i>Columbus Adams, Jr., et al. v. City of Houston, Texas</i>; In the 165<sup>TH</sup> Judicial District Court of Harris County, Texas. This is a suit by 59 retired firefighters who seek damages which could be as high as \$2 million. Plaintiffs claim that after they terminated employment with the Houston Fire Department, the City docked all of their termination paychecks by falsely alleging overpayment of overtime.</p> <p>According to the Plaintiffs' Original Petition, they also are due benefit leave for unused sick, vacation, and holiday leave. Plaintiffs have requested declaratory relief from the Court, and have asked that the Court reject the City's defense of governmental immunity in this cause of action.</p> <p>The work needed to prepare for the number of plaintiffs and damages at issue necessitates assistance from outside counsel for the Legal Department to be timely and well prepared for trial. <u>RECOMMENDATION:</u> (Summary) That City Council approve an ordinance establishing a new contract with the Law Offices of Patrick Zummo (formerly Zummo & Midkiff, L.L.P.) related to continuing litigation and other matters for the enforcement of the City's SOB ordinance.			
Amount and Source of Funding: \$90,000 – Maximum Contract Amount Property and Casualty Fund 1004			
<u>SPECIFIC EXPLANATION:</u>  The City attorney recommends that City Council pass an ordinance to approve a new legal services contract with the Law Offices of Patrick Zummo (formerly Zummo & Midkiff, L.L.P.) to provide funding and an increase in the outside counsel's hourly rate from \$200/hour to \$300/hour for legal services in connection with continuing enforcement, including litigation, of the City's sexually oriented business regulations.  The City successfully defended the 1997 amendments to the SOB ordinance against all challenges. The federal litigation terminated on or about March 14, 2008, when the U.S. Supreme Court declined to consider the plaintiffs' appeal from the final judgment rendered by the Fifth Circuit Court of Appeals which upheld the 1997 amendments. Notwithstanding the City's success in the federal litigation, several of the SOB enterprises filed state court actions during 2007 to complete the amortization process provided for in the SOB ordinance, which process was put "on hold" during the City's defense of the ordinance in federal court. The City's outside counsel is engaged in representing the City in those actions, and others, to ensure the enforcement of the provisions of the SOB ordinance. It is impossible to estimate, at this time, how long those additional legal services will be necessary.  The ongoing litigation is a vital part of the City's enforcement of the City's SOB ordinance, and it is recommended that the funding in the amount of \$90,000 requested in the proposed ordinance be approved to continue those efforts.

**SPECIFIC EXPLANATION:**

The Fire Chief recommends Council approve an Ordinance to appropriate \$100,000.00 from the FY08 Equipment Acquisition Fund (Fund 1800) and approve the agreement for professional Information Technology services from GarTek for enhancements to the ILMS application.

The Information Land Management System (ILMS) is a proprietary program purchased years ago as a PWE application. It has features that are used and accessed by HFD Inspectors to track permitting and log all Inspection activities and citations at a specific location. Several Inspection processes are interdependent between PWE and HFD therefore it is beneficial to have permitting and building information located in one application accessible to both departments.

Proposed enhancements are needed to improve business processes for HFD personnel and crucial to the platform migration to WebFOCUS applications for ILMS. A recent audit by Mir, Fox and Rodriguez also highlighted the need for these changes to improve efficiency of the Fire Marshalls Office. Given the proprietary nature of the source codes for programming, GarTek is the sole source for these changes. Improvements will streamline an Inspectors ability to provide a PDF format of a citation for immediate printing or e-mailing to the customer from their laptop. Other enhancements will allow better tracking and accountability of Inspection activities and increased query function.

Programming enhancements will also benefit PWE users but are not as critical to their operations. The creation of additional ILMS reports for HFD and the accompanying programming enhancements are consistent with the HFD Strategic Information Plan as approved by City IT.

Finance Budget

**SPECIFIC EXPLANATION:**

The Fire Chief requests City Council approve an Ordinance appropriating \$301,656.00, from the FY08 Equipment Acquisition Fund (Fund1800) and approve a sole source contract with Information Builders, Inc. for WebFOCUS software and associated professional services. This agreement is consistent with the Technology Improvement Plan previously approved by City IT and is part of the HFD Strategic Information Plan.

WebFOCUS is a business intelligence (BI) analysis and reporting platform currently in use at HFD and other departments. With the purchase of an additional server and associated user licenses, HFD will be able to tie together previously silo'd data sources to allow for the creation of individualized reporting and analysis by managers and business analysts. This will result in a significant opportunity to improve reporting capability and customer service. The WebFOCUS platform reduces the need for expensive technical staff and allows us to create a self service model for our user community for data analysis and report creation.

The Information Land Management System (ILMS) is currently being migrated to the WebFOCUS platform and is a primary driver for this purchase. All reports will have to be rewritten in the new web based technology. This is the opportune time to create reporting features that are mission critical for HFD use while keeping disruption to users at a minimum. The project has a cost recovery timeline of 12-18 months in the form of productivity gains and reduced maintenance costs.

**RECOMMENDATION: (Summary)**

Approve an ordinance awarding a contract to Keilers Holdings, Inc. d/b/a Pro Tire Services on its low bid in an amount not to exceed \$319,895.00 for tire repair services for various departments.

Maximum Contract Amount: \$319,895.00

**Finance Budget**

\$319,895.00 - General Fund (1000)

**SPECIFIC EXPLANATION:**

The City Purchasing Agent recommends that City Council approve an ordinance awarding a three-year contract, with two one-year options, to Keilers Holdings, Inc. d/b/a Pro Tire Services on its low bid in an amount not to exceed \$319,895.00 for tire repair services for various departments. The City Purchasing Agent may terminate this contract at any time upon 30-days written notice to the contractor.

This project was advertised in accordance with the requirements of the State of Texas bid laws. Eleven prospective bidders downloaded this solicitation document from SPD's e-bidding website and two bids were received as outlined below. The Strategic Purchasing Division conducted a thorough search for additional vendors who could possibly perform these services. As a result, six vendors were identified and notified of the Invitation to Bid (ITB). Subsequent to the receipt of the bid, vendors were contacted to determine the reason for the limited response to the ITB; potential respondents advised that this service was not in their core business plans or they did not have the necessary equipment to meet the scope of work requirements specified in the ITB.

	<u>Company</u>	<u>Total Amount</u>
1.	Keilers Holdings, Inc. d/b/a Pro Tire Services	\$319,895.00
2.	RBEX Inc. d/b/a Apple Towing Co.	\$418,784.37

The scope of work requires the contractor to provide all supervision, labor, materials, supplies, and transportation necessary to perform roadside tire repair services. This service includes the repair of flat tires, replacement of non-reparable tires and replacement of tubes and boots on a 24-hour, seven-day-per-week, on-call basis. The service area ranges from inside the City's 610 Loop to outside Beltway 8. Tire repairs include passenger cars, light-duty trucks and trailers, ambulances, heavy-duty vehicles, fire trucks and tractors.

**M/WBE Subcontracting:**

This invitation to bid was issued with a 4% goal for M/WBE participation. **Keilers Holdings, Inc. d/b/a Pro Tire Services** has designated the below-named company as its certified M/WBE subcontractor.

Ordinance No. 2007-660, dated June 6, 2007

**RECOMMENDATION: (Summary)**

Approve an amending ordinance to increase the maximum contract amount and approve and authorize a first amendment to the contract between the City of Houston and TIBH Industries, Inc. to increase the maximum contract amount from \$250,000.00 to \$500,000.00 and extend the term from July 5, 2008 to July 4, 2009 for vehicle car wash services for the Houston Police Department.

Maximum Contract Amount Increased By: \$250,000.00

**Finance Budget**

\$250,000.00 - General Fund (1000)

**SPECIFIC EXPLANATION:**

The City Purchasing Agent recommends that City Council approve an amending ordinance to increase the maximum contract amount and approve and authorize a first amendment to the contract between the City of Houston and TIBH Industries, Inc. to increase the maximum contract amount from \$250,000.00 to \$500,000.00, and extend the contract term from July 5, 2008 to July 4, 2009 for vehicle car wash services for the Houston Police Department.

This contract was awarded on June 6, 2007, by Ordinance No. 2007-660 for a one-year term, in the original contract amount of \$250,000.00. All other terms and conditions remain as originally approved by City Council. The City Purchasing Agent may terminate this contract at any time upon 30-days written notice.

In November 2006, the Houston Police Department conducted a pilot program with TIBH Industries, Inc. to provide vehicle car wash services. During the pilot program, TIBH (Contractor) performed satisfactorily and the services were well received by the Police Officers. Therefore, Department in collaboration with the Administrative & Regulatory Affairs Department negotiated firm prices for a three year contract with two one year options and submitted it to City Council approval. City Council, however, amended the initial contract term from three to one year and eliminated the option years. The Contractor's performance during this past year has been satisfactory and the Police Officers continue to appreciate the services provided under contract, thus reason for requesting a one<sup>year</sup> extension to the contract.

The scope of work requires the contractor to provide all labor, tools, parts, facilities, supplies, equipment, transportation and supervision necessary to clean and wash approximately 3,500 vehicles per month at eight Department locations throughout the City.

TIBH Industries, Inc. (TIBH) employs people with disabilities. Six to eight individuals with disabilities, including a disabled veteran of the first Gulf War, provide services under this contract. Additionally, TIBH has committed, in writing, to priority hiring of disabled veterans from the Iraq, Afghanistan and Bosnia conflicts.

The Texas Human Resources Code, Section 122.017 provides: A political subdivision of this state may purchase products or services for its user from private businesses through its authorized purchasing

Attorney General of Texas Opinion No. JM-444 states that general statutes that require counties, cities, hospital districts and school districts to engage in competitive bidding in order to make certain purchases do not apply to purchases such as political subdivisions make pursuant to Section 122.017 of the Human Resources Code. TIBH Industries, Inc. has approved the contract specifications, services and the agency that will provide these services.

<b>SPECIFIC EXPLANATION:</b> Under the provisions of the Job Order Contract, RHJ-JOC, Inc. is required to maintain a minimum performance bond in the amount of \$2,000,000.00 to ensure timely performance of all outstanding work and payment of subcontractors. When outstanding work orders exceed the current requirement, RHJ-JOC, Inc. must increase the performance bond amount. Under this contract, work orders issued for construction projects usually do not exceed \$500,000. Therefore, the General Services Department (GSD) recommends that City Council approve a First Amendment to the Job Order Contract with RHJ-JOC, Inc. to decrease the performance bond requirement amount from \$2,000,000.00 to \$500,000.00.

GSD further recommends that City Council appropriate an additional amount of \$1,740,000.00 to the Job Order Contract with RHJ-JOC, Inc. for construction services for the Houston Public Library, General Government, Police, Public Works & Engineering, Health and Human Services, and Parks and Recreation Departments. Periodically, as departments identify projects and specific funding for each project, Council may be asked to appropriate additional funds to this contract.

**PROJECT LOCATION:** Citywide

**PROJECT DESCRIPTION:** The scope of work consists of minor construction, repairs, rehabilitations, or alterations of various facilities.

**PREVIOUS HISTORY AND PROJECT SCOPE:** On February 7, 2007, City Council awarded a five-year Job Order Contract to RHJ-JOC, Inc. and appropriated \$325,000.00 to the contract. On July 11, 2007, City Council appropriated an additional sum of \$928,200.00 to the contract to perform construction services for various City departments. The maximum contract amount is \$10,000,000.00.

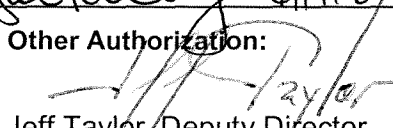

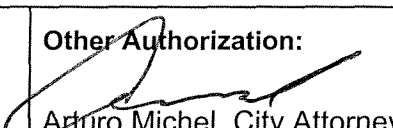

**M/WBE PARTICIPATION:** The original contract and this additional appropriation have an M/WBE goal of 15% and SBE goal of 5%. To date, RHJ-JOC, Inc. (RHJ) has achieved 6.15% M/WBE participation. On December 20, 2007, Affirmative Action met with RHJ to identify additional subcontracting opportunities. RHJ increased its list of M/WBE and SBE certified subcontractors from 9 to 57, and has submitted the following certified firms to achieve the goals:

How these issues are resolved will have a powerful impact on the City's infrastructure policies and its ability to provide water and wastewater service to its citizens for decades to come. Jackson, Sjoberg, McCarthy &amp; Wilson, a firm with recognized expertise in water and wastewater law, was authorized by contract effective January 21, 2005, after evaluation of proposals solicited from several firms with recognized expertise in these legal fields. The Department of Public Works and Engineering requests an additional \$500,000 be added to the contract for the remainder of FY08, FY09 plus out years. This firm specializes in handling complex water rights cases before the Commission. Currently, the firm is assisting the City of Houston with a number of cases, including the Wallisville Reservoir permit, new water right applications in the San Jacinto River Basin, the City's Luce Bayou Diversion Project (which will bring water from the Trinity River Basin to Lake Houston), and assistance in finalizing the purchase of the Dayton Canal water rights.</p> <p>The firm has provided the City of Houston excellent services in this specialized area, and we would ask for the additional allocation to continue these services.</p> <p>JT:FCW:mes</p> <p>cc: Marty Stein, Michael S. **Recommendation:** Pass an ordinance approving Amendment One.

**Amount and Source of Funding:** Previous appropriation of \$18,000.00 from Street and Bridge Consolidated Construction Fund No. 437. No additional funding required.

**SPECIFIC EXPLANATION:**

**PROJECT NOTICE/JUSTIFICATION:** The Houston Bikeway Program was implemented to develop a citywide network of bicycle facilities projected to be integrated into an overall transportation network for the Houston area. The Houston Bikeway Program provides design and construction of approximately 334 miles of bikeways and trails in the City of Houston. To date, 290 miles of "On-street Bikeways" and "Off-street" trails have been completed. Another 44 miles, mostly off-street trails are currently under design. The project's allowable costs are 80% funded by the Federal Highway Administration (FHWA) under the Intermodal Surface Transportation Efficiency Act (ISTEA), Transportation Enhancement and Congestion Mitigation and Air Quality (CMAQ) program. The 20% local match funding is provided by both the City of Houston and Metropolitan Transit Authority (METRO). Besides the local match, City is also responsible for paying 100% in excess of federal participation.

The Keegans Bayou Trail project is currently in final design, and is scheduled for construction letting in March 2009.

**DESCRIPTION/SCOPE:** This project consists of constructing a reinforced concrete hike and bike trail approximately 4.04 miles long and 10 feet wide complete with 2 bridges, 4 under crossings, 4 on street crossings, striping, turn around with accessibilities ramps, and landscaping.

**LOCATION:** The trail is generally bounded by Bissonnet on the north, W. Bellfort on the south, S. Gessner on the east, and Kirkwood on the west. Key Map grids: 529WX and 530WST.

<b>Date</b>	<b>SUBJECT:</b> Approve Amendment One to the TxDOT Agreement for the Construction of Keegans Bayou Trail – A Joint Project between City of Houston (City) and Texas Department of Transportation (TxDOT), WBS No. N-000420-0025-3, TxDOT CSJ 0912-71-631	<b>Originator's Initials</b>	<b>Page</b> 2 of 2
-------------	--	------------------------------	-----------------------

**PREVIOUS HISTORY AND SCOPE:** City Council approved the advanced funding agreement with TxDOT via Ordinance No. 02-0809 appropriating \$18,000.00 for TxDOT engineering review cost and City project management. Subsequently, City Council approved Ordinance No. 05-0575 to substitute a revised funding agreement that allows the state to audit.

**PROJECT COST/JUSTIFICATION:** Amendment one is based on the total construction cost at \$5,820,374.00. Original federal participation was \$4,022,286.00. Amendment one increases the federal participation to \$4,656,299.20 (80%). Thus the projected city local match will be reduced as the increase in federal participation covers costs that previously were to be paid by the City.

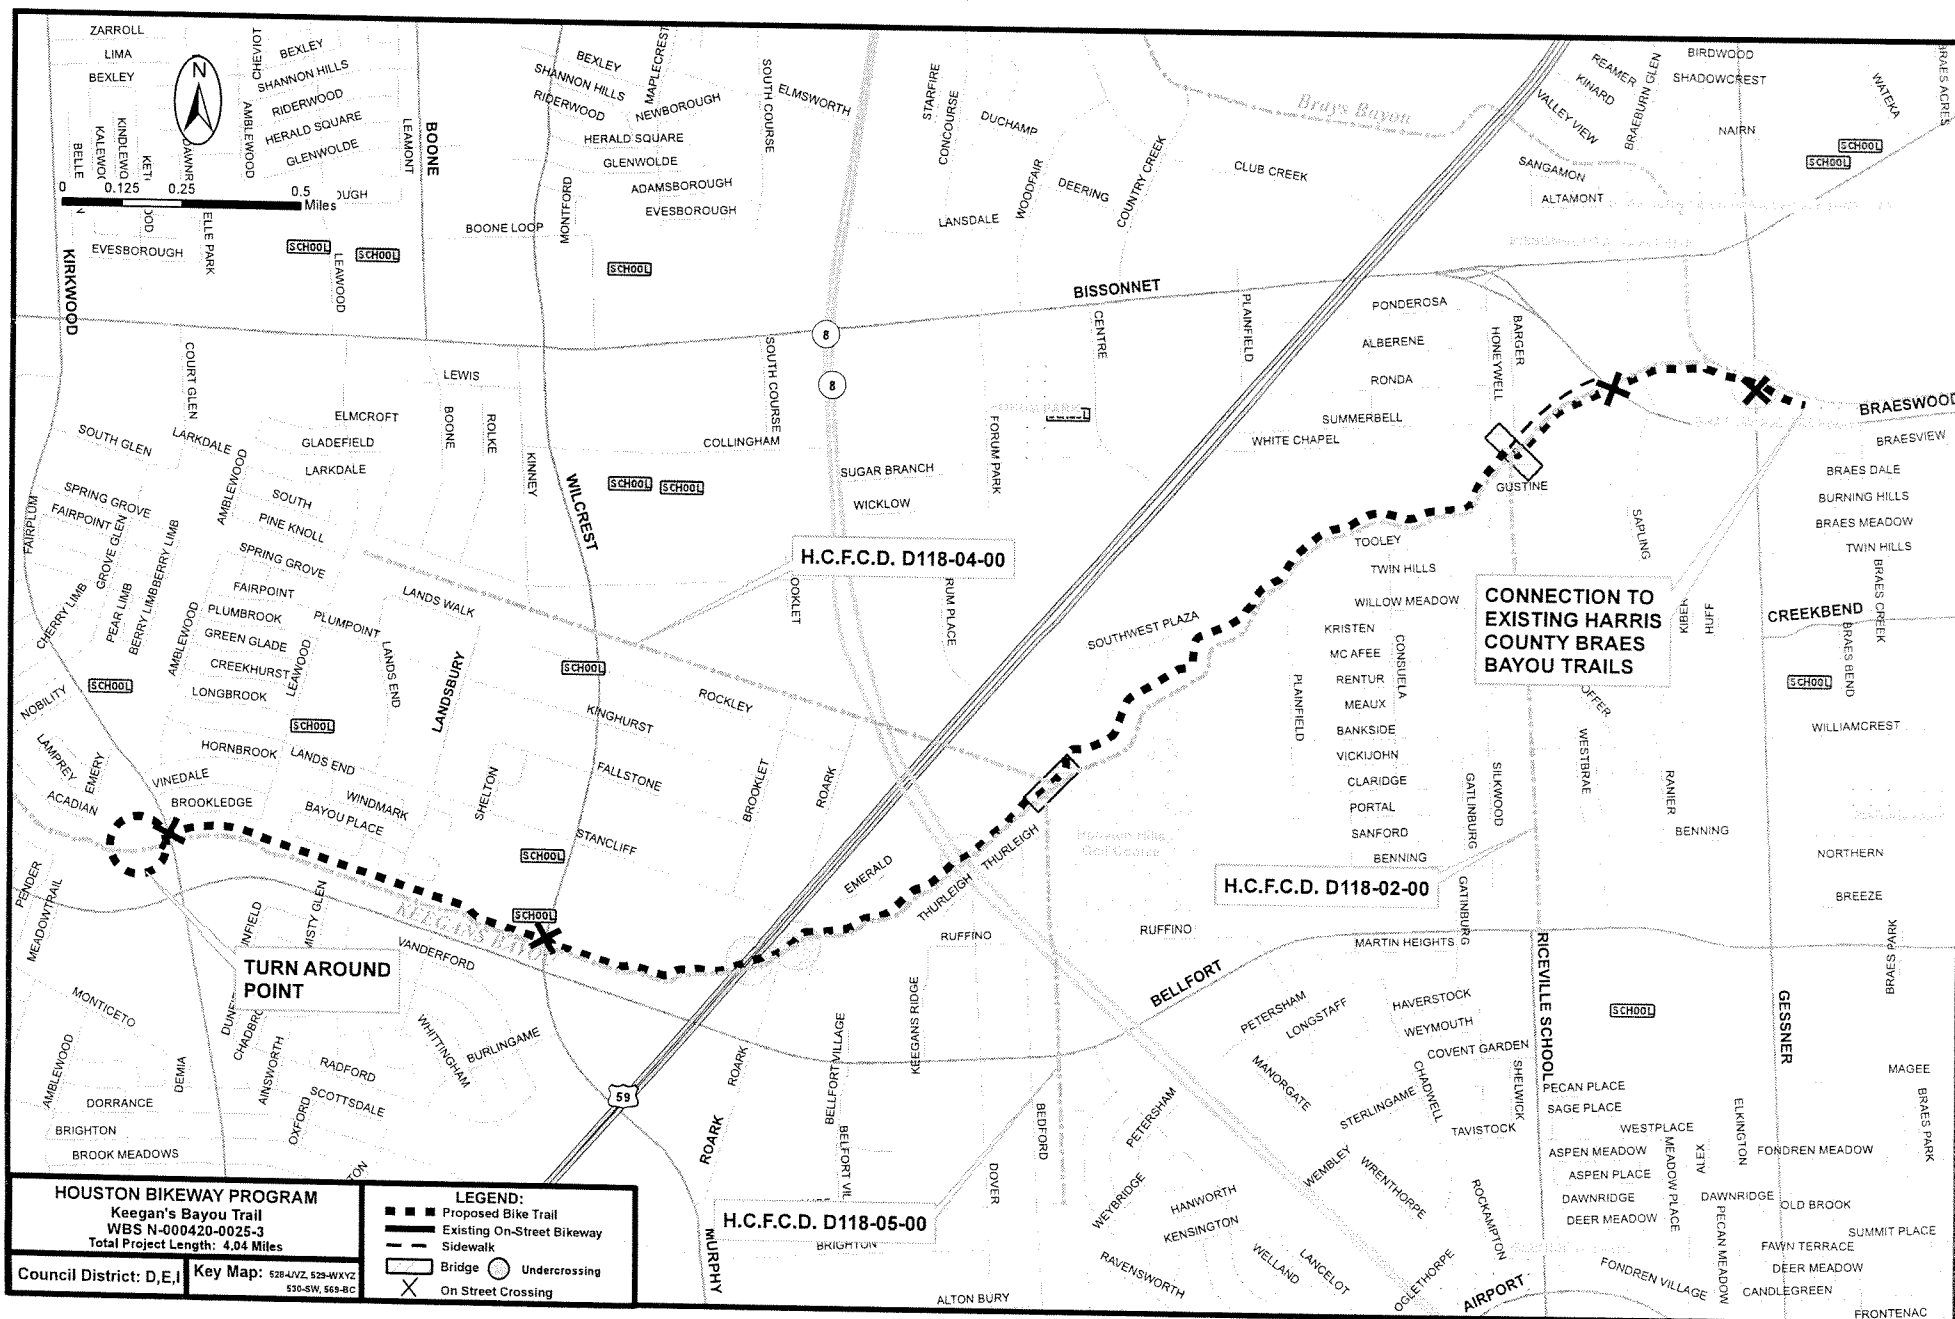

**ACTION RECOMENDED:** It is recommended that City Council Approve Amendment One to the TxDOT funding agreement.

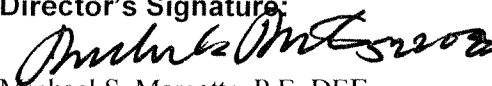

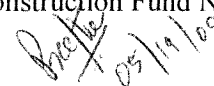

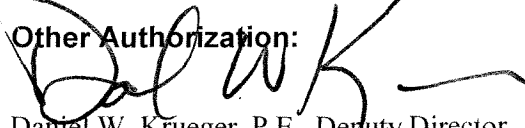

**M/WBE INFORMATION:** TxDOT will bid the project for construction including TxDOT M/WBE requirements.

<b>SPECIFIC EXPLANATION:</b>  <b>PROJECT NOTICE/JUSTIFICATION:</b> This is one of the bikeway projects included in the overall Houston Bikeway Program. The Houston Bikeway Program provides design and construction of approximately 334 miles of bikeways and trails in the City of Houston. To date, 290 miles of "On-street Bikeways" and "Off-street" trails have been completed. Another 44 miles (19 projects), mostly off-street trails are under design. The Houston Bikeway Program was implemented to develop a Citywide network facilities projected to be integrated in to an overall transportation network for the Houston area. **PROJECT COST/JUSTIFICATION:** Based on TxDOT funding letter, the current estimated project cost including construction, TxDOT construction management, construction contingencies and review cost is \$1,099,956.93. Current estimated federal participation is \$839,965.94. The local match participation including construction contingency amounts to \$259,990.99. \$5,265.00 was paid earlier for design review cost. So the remaining local match is \$254,725.99. TxDOT will register the project with Texas Department of Licensing and Regulations (TDLR).

**ACTION RECOMENDED:** It is recommended that City Council Approve an ordinance in the amount of \$280,200.00, to be appropriated as follows; \$254,725.99 for City local match and \$25,474.01 for project management.

**M/WBE INFORMATION:** Projects funded by TxDOT are required to comply with TxDOT MWDBE requirements.

<b>RECOMMENDATION: (Summary)</b> Adopt an ordinance approving an additional appropriation to TxDOT for the City's cost participation.			
<b>Amount and Source of Funding:</b> \$115,130.00 from Street and Bridge Consolidated Construction Fund No. 4506. Previous original appropriations of \$7,700.00 from Street and Bridge Consolidated Construction Fund No. 437. 			
<b>PROJECT NOTICE/JUSTIFICATION:</b> This project is part of the Street and Bridge Capital Improvement (CIP). Additionally, this project was approved by the Federal Highway Administration and the Texas Transportation Commission for inclusion in the 1998-2000 Transportation Improvement Program (TIP). At the City's request, this project was removed from the TIP and the associated Federal funds were transferred to another project (Brittmoore Road from IH 10 to Hammerly Boulevard, CIP No. N-000596). Due to the withdrawal of the Federal funds from this project, the City is responsible for all of TxDOT project review costs. TxDOT is currently requesting reimbursement for all review costs incurred to date for this project.			
<b>DESCRIPTION/SCOPE:</b> This Project consists of approximately 7,000 linear feet of a four-lane concrete boulevard with storm sewers, sidewalks, pavement markings, street lighting and underground utilities.			
<b>LOCATION:</b> The Project is located on Brittmoore Road from Hammerly Boulevard to Clay Road. It can be found in Key Map Grid Nos. 449-G, L and Q.			
<b>SCOPE OF THIS AGREEMENT:</b> Under the 1998-2000 Transportation Improvement Program, this project was eligible for joint funding from the Federal Highway Administration. Under this program, which was administered by TxDOT, funding will generally consist of Federal participation (80%) and City participation (20%).  The City of Houston (City) entered into an Agreement with TxDOT for this project under Ordinance No. 99-419 on May 05, 1999. Per the Agreement, the City would manage the design of the project and TxDOT would manage the construction of the project. During project development, it became apparent that TxDOT right-of-way requirements and storm water detention requirements would elevate project construction costs to an unacceptably high amount. The project's estimated total cost grew to over \$8 million with the Federal funding capped at approximately \$2 million. By amending the TIP and transferring Federal Funds from the Brittmoore, Hammerly to Clay project to the Brittmoore, IH 10 to Hammerly project, the latter achieves near the maximum Federal funding while the former could be designed with more economical City right-of-way standards. The TIP was amended accordingly and Federal Funds were withdrawn from the Brittmoore, Hammerly to Clay project and transferred to

the Brittmoore, IH 10 to Hammerly project. Since Federal funds were withdrawn from the Brittmoore, Hammerly to Clay project, the City will manage the design and construction of the project and is responsible for all of TxDOT's project review costs to date. The City previously made initial payment to TxDOT in the amount of \$7,000.00 for the review costs. Currently, TxDOT is requesting the City to reimburse \$109,647.18 which includes the remaining unpaid review costs and other costs associated to this project incurred to date. Therefore, it is necessary to appropriate additional funds in the amount of \$115,130.00 which includes \$5,482.82 for City salary recovery.

**ACTION RECOMMENDED:** It is recommended that City Council adopt an ordinance approving an additional appropriation of \$115,130.00 for the City's cost participation.

<b>RECOMMENDATION: (Summary)</b> Adopt an ordinance approving an additional appropriation to TxDOT for the City's cost participation.				
<b>Amount and Source of Funding:</b> \$2,569,105.64 from Water and Sewer System Consolidated Construction Fund No. 8500. Previous original appropriation of \$2,319,643.59 from Water and Sewer System Consolidated Construction Fund No. 755.				
<b>PROJECT NOTICE/JUSTIFICATION:</b> TxDOT has implemented a major highway improvement project for US 90. The project consists of construction of a 6-lane freeway with grade separations.				
<b>DESCRIPTION/SCOPE:</b> This project provides for the construction of a new freeway facility consisting of grading, drainage structures, lime treated subgrade, cement stabilized base, continuous reinforced concrete pavement, retaining walls, structures, signing and pavement markings, and illumination. The City has requested utility adjustments be performed with the State's contract.				
<b>LOCATION:</b> The work will be performed along US 90 from Mercury Drive to Wallisville Road. This project is located in Key Map Grids 496 A, B, and 456 X, Y, and U.				
<b>PREVIOUS HISTORY AND SCOPE:</b> The City of Houston entered into an Advance Funding Agreement with TxDOT for this project under Ordinance No. 2005-1110 on September 28, 2005. This Agreement provided for the relocation of approximately 6,312 linear feet of 16" water line with related appurtenances at the request of the City of Houston. In addition, 1,425 linear feet of 30" and 48" sanitary sewer line will be relocated due to conflicts with the proposed freeway facility. The City is responsible for 100% of the cost associated with the construction and relocation of the water line and sanitary sewer line facilities within the limits of the proposed highway improvements.				
The City paid TxDOT the estimated construction cost in the amount of \$2,066,812.21 in accordance with the Advance Funding Agreement. When the project let for construction, the low bid for the City water and sewer items was \$4,312,533.92, exceeding the original Advance Funding Agreement by \$2,245,721.71. The scope of the project, as finally designed, exceeded the estimated scope upon which the original Advance Funding Agreement was based. According to the Advance Funding Agreement, Article 9-Increased Cost, the City is obligated to cover the additional costs for the relocations. Therefore, it is necessary to appropriate additional funds in the amount of \$2,569,105.64 which includes \$2,245,721.71 for construction costs, \$224,572.17 for contingency and \$98,811.76 for the City's salary recovery.

<b>RECOMMENDATION: (Summary)</b> Adopt an ordinance approving and authorizing an Interlocal Agreement between the City of Houston and the City of West University Place and appropriating funds.			
<b>Amount and Source of Funding:</b> \$185,083.00 from the Street & Bridge Consolidated Construction Fund No. 4506 			
<b>PROJECT NOTICE/JUSTIFICATION:</b> The Safe Sidewalk Program has been implemented to develop a Citywide network of sidewalks and associated pedestrian way related infrastructure along thoroughfares or collectors and schools for the Houston area. Houston, through its Code of Ordinances, also requires abutting property owners to maintain improvements in the public right-of-way, including trimming trees, controlling weeds between the private property line and the curb in right-of-way; and preparing sidewalks, curbs and gutters. Since Kirby Drive is currently under reconstruction and drainage improvements, the City of Houston (City) and West University desire to install a sidewalk along the west side of Kirby Drive from University Boulevard South to Holcombe Boulevard.			
<b>DESCRIPTION/SCOPE:</b> The project provides for West University's construction of a sidewalk within the City's right-of-way along the west side of Kirby Drive from University Boulevard South to Holcombe Boulevard.			
<b>LOCATION:</b> The project is along the west side of Kirby Drive from University Boulevard South to Holcombe Boulevard. It is located in Key Map Grid Nos. 532 C & G.			
<b>SCOPE OF THIS AGREEMENT:</b> Under the terms of this agreement, the project sidewalk will be designed and constructed by West University. West University shall comply with all Texas Department of Licensing and Regulation (TDLR) requirements and regulations for Architectural Barriers Texas Accessibility Standards. The City shall grant West University the right to enter upon the City's right-of-way to construct the sidewalk. The right to enter the City's right-of-way will be terminated immediately upon the completion of construction of the project. West University agrees to maintain the project sidewalk during and after the construction for a period not to exceed ten years. After the initial ten-year period the City shall assume full ownership and responsibility for the maintenance and repair for the project sidewalk along the west side of Kirby Drive from University Boulevard South to Holcombe Boulevard. The City agrees to pay West University for the construction and all services performed not to exceed \$176,268.90. The total appropriation requested is \$185,083.00 which includes \$8,814.10 for the City's salary recovery.

**PREVIOUS HISTORY AND SCOPE:** City Council approved an original appropriation of \$713,916.50 on April 26, 2006 as a partial appropriation for the design work.

Under the original Appropriation, the Consultant completed the following assignments:

- NSR 462 - Phase I Preliminary Design Basic Services and some Additional Services which include surveying and geotechnical investigation
- NSR 466 - Phase I Preliminary Design and Phase II Final Design Basic Services and most of the Additional Services, which include surveying, geotechnical investigation, and environmental assessment.

**SCOPE OF THIS SUPPLEMENT AND FEE:** The requested additional appropriation will fund the remaining Additional Services, Phase II and Phase III Basic Services, and Project Management for NSR 466 along with Phase II and III Basic Services, the remaining Additional Services and Project Management for NSR 462.

Services	NSR 462	NSR 466
Phase I	-	-
Phase II	\$236,467.12	\$136,686.80
Phase III	\$79,782.00	\$78,225.00

<b>Recommendation:</b> Appropriate additional funds			
<b>Amount and Source of Funding:</b> Appropriate \$ 96,300.00 from the Street and Bridge Consolidated Construction Fund No. 4506. Original appropriation of \$277,400.00 from Street and Bridge Consolidated Construction Fund No. 437. 			
<b>SPECIFIC EXPLANATION:</b> <b>PROJECT NOTICE/JUSTIFICATION:</b> The Houston Bikeway Program was implemented to develop a citywide network of bicycle facilities projected to be integrated into an overall transportation network for the Houston area. The Houston Bikeway Program provides design and construction of approximately 334 miles of bikeways and trails in the City of Houston. To date, 290 miles of "On-street Bikeways" and "Off-street" trails have been completed. Another 44 miles, mostly off-street trails are currently under design.  Typically 80% of the allowable costs of a bikeway project are funded by the Federal Highway Administration (FHWA) under the Intermodal Surface Transportation Efficiency Act (ISTEA), Transportation Enhancement and Congestion Mitigation and Air Quality (CMAQ) program. The 20% local match funding is provided by both the City of Houston and Metropolitan Transit Authority (METRO). Besides the local match, City is also responsible for paying 100% in excess of federal participation.  TxDOT is responsible for advertising the project for construction bids, awarding the construction contract and providing construction management services. Construction is scheduled for September 2009.  <b>DESCRIPTION/SCOPE:</b> This project is a joint effort between the City and TxDOT to build two bikeway/pedestrian bridges across the West Brays Bayou complete with access ramps and connectors to the existing streets & trails. The bridges shall be 14 feet wide and span approximately 260 feet.  <b>LOCATION:</b> The trail is generally bounded by N. Braeswood on the north, S. Braeswood on the south, Chimney Rock on the east, and Fondren on the west. Key Map grids: 531T and 530V.

-------------	---	--	------------------------

**PREVIOUS HISTORY AND SCOPE:** City Council approved the original contract on May 31, 2006 per ordinance #2006-0548. The scope of services under the original contract consists of performing Basic (Phase I, II & III) and Additional Services for an agreed sum of \$252,160.00. Under this Contract, the Consultant has completed approximately 30% of the Basic and Additional Services in the Preliminary Engineering Phase of the project. Upon completion of the technical review committee (TRC) meeting and signing of the Record of Decision Action Items (RDAI), it has been established that there is a change in the scope of the original contract. The change in scope involves additional length of the trail connectors, enhanced drainage, extended hydraulic analysis and additional surveying services. This has resulted in an increase of the Basic and Additional Engineering Fees for Phase II and Phase III design.

**SCOPE OF THIS SUPPLEMENT AND FEE:** The Phase II and Phase III Basic Services fee will be increased by \$36,841.00 and these have been computed on a level of effort basis. The Additional Services Fee will be increased by \$50,669.00 and has been computed on a lump sum basis. The total additional appropriation is \$96,300.00 with \$87,510.00 designated as contract services and \$8,790.00 designated as project management.

**M/WBE INFORMATION:** The M/WBE goal established for this project is set at 24%. The original Contract as approved by Ordinance No. 2006-0548 totals \$252,160.00. The consultant has been paid \$120,856.06 (47.93%) to date. Of this amount \$13,545.73 (11.21%) has been paid to M/WBE sub-consultants to date. Assuming approval of the requested additional appropriation the contract amount will increase to \$339,670.00.

<b>SPECIFIC EXPLANATION:</b> <p>It is recommended that City Council approve ordinance(s) granting Commercial Solid Waste Operator Franchises to the following solid waste operators pursuant to Article VI, Chapter 39. The proposed Franchisees are:</p> <ol style="list-style-type: none"> <li>1. AAA Demolishing</li> <li>2. MZ Tech, Inc. dba UTS Environmental</li> <li>3. Rapid Waste, LLC</li> <li>4. Tree Experts, Inc. dba Demolition Experts</li> </ol> <p>The proposed ordinances grant the Franchisees the right to use the City's public ways for the purpose of collecting, hauling or transporting solid or industrial waste from commercial properties located within the City of Houston. In consideration for this grant, each Franchisee agrees to pay to the City an annual Franchise Fee equal to 4% of their annual gross revenue, payable quarterly. To verify Franchisee compliance with the franchise, the City has the right to inspect, and the company has the duty to maintain, required customer records during regular business hours. The franchise contains the City's standard release and indemnification, default and termination, liquidated damages and force majeure provisions. The proposed franchise terms expire on December 31, 2013.</p>

## REQUEST FOR COUNCIL ACTION

<b>SUBJECT:</b> An ordinance relating to proposed compatible land use regulations in prescribed areas around the City of Houston's airports.		<b>Category #</b>	<b>Page</b> of 2 63	<b>Agenda Item</b> # 19
<b>FROM (Department or other point of origin):</b> Houston Airport System		<b>Origination Date</b> June 5, 2008	<b>Agenda Date</b> <del>JUN 18 2008</del> JUN 25 2008	
<b>DIRECTOR'S SIGNATURE:</b> <i>Eric Potts for RV</i>		<b>Council District affected:</b> B, E and I		
<b>For additional information contact:</b> Eric Potts <i>ERP</i> Phone: 281-233-1999 Marlene Gafrick 713-837-7760		<b>Date and identification of prior authorizing Council action:</b> N/A		
<b>RECOMMENDATION: (Summary)</b> Approve an ordinance establishing controlled compatible land use areas around the airports, appointing the City Planning Commission as the Airport Commission, providing for additional members, requesting the Airport Commission to make recommendations to City Council regarding regulations and the boundaries to be established and regulated; to make a preliminary report; to conduct public hearings; and to make a final report to City Council as required by Chapter 241 of the Texas Local Government Code.				
<b>SPECIFIC EXPLANATION:</b>  Under federal law, as a recipient of Federal Aviation Administration (FAA) airport development grants, the City of Houston is required to assure that "appropriate actions have been taken to restrict the use of land adjacent to or near the airport ... and to protect the airport and any future Federal investment to meet the air travel needs of the citizens and businesses in the Houston metropolitan area." Compliance is both a matter of federal law and is necessary to protect the City of Houston's airports from encroachment and incompatible land uses that may affect safety, reduce capacity or hinder future growth and federal funding. The FAA has admonished the City of Houston for allowing incompatible land use to encroach around the airports and requested that the City of Houston take measures to ensure compatible development. Therefore, the Houston Airport System (HAS) and the Planning and Development Department (P&D) have initiated a process that will lead to the presentation of compatible land use regulations to City Council for consideration later this year. This proposed ordinance is a necessary first step in that process.  Chapter 241 of the Texas Local Government Code allows cities with public airports to adopt compatible land use regulations around airport(s). The area that may be regulated, the "controlled compatible land use area," is 3 miles wide by 5 miles long, as measured 1.5 miles on each side of the center line of each runway and 5 miles from the ends of the runways and includes land inside the City of Houston and within its extraterritorial jurisdiction. These controlled compatible land use areas are shown on the attached map of each of the three airports.  Also pursuant to Chapter 241, the City of Houston must create an Airport Commission before adopting compatible land use regulations. This commission is responsible for holding public hearings and making recommendations on the proposed regulations to City Council. HAS and P&D will hold community meetings to explain the proposed regulations, hear comments, and answer questions and the Airport Commission will conduct the required public hearings.				
<b>REQUIRED AUTHORIZATION</b>				
<b>Finance Department:</b>	<b>Other Authorization:</b>		<b>Other Authorization:</b>	

<b>Date</b> June 5, 2008	<b>SUBJECT:</b> An ordinance relating to proposed compatible land use regulations in prescribed areas around the City of Houston's airports.	<b>Originator's Initials</b>	<b>Page</b> 2 of 2
-----------------------------	--	------------------------------	-----------------------

This proposed ordinance provides that the members of the Airport Commission will be the members of the City Planning Commission. In addition, the Airport Commission may include a member from either or both the City of Humble and the City of Pasadena. A portion of the controlled compatible land use area for George Bush Intercontinental Airport/Houston is in the City of Humble and for Ellington Field is in the City of Pasadena. Providing for members from Humble and Pasadena is recommended because these cities may choose to have the proposed regulations apply in their territory by agreement with the City of Houston. The Directors of HAS and P&D (or their designees) are appointed as ex officio members, with the Director of HAS serving as Secretary of the Airport Commission.

City Council will be asked to create a 5-member Board of Adjustment at a later date. The members will be appointed by the Mayor subject to confirmation by City Council, unless City Council approves agreements allowing the City of Humble and/or the City of Pasadena to appoint a member. This board will be responsible for reviewing variance requests and is not part of the Airport Commission.

Upon approval of the ordinance by City Council, the Director of P&D will begin placing a notice on subdivision plats filed within the controlled compatible land use area that the property is potentially subject to land use regulation and the Director of HAS will file a copy of the ordinance in the real property records of Harris County, Texas, also to give notice of the extent of the City of Houston's authority and intention to adopt compatible land use regulations within the controlled compatible land use areas depicted on the attached maps.
