

BACKGROUND

The City of Houston spends over \$13 million annually to address flooding, but with over 100,000 storm drains, we depend on you to be our eyes and ears.

The Adopt-A-Drain program launched in 2018 and allows Houstonians to assist in preventing future flooding while saving taxpayer money. Two years later, we still have lots of drains looking to be adopted. That's why we've decided to play... Name That Drain!

To enter, just claim a drain at HoustonAdoptADrain.org, click on the 'Contest' tab on the Adopt-a-Drain website and complete the entry form, give it a fun name, and make a promise to keep it free of debris!

RULES

1. No profanity, lewd language, or hate speech is allowed
2. Previously adopted drains can be entered, but you must be the original adopter
3. You are responsible for maintaining your drain
4. The deadline to enter is 9/12/2020
5. For a complete list of rules, please visit bit.ly/namethatdrainrules

PRIZES

The 1st place winner, chosen by the City, will receive the winning name on a small blue tile plaque, as well as a tool bundle including a DeWalt power tools set (with a drill, batteries, circular saw, cut out tool, and flashlight collectively worth \$500) and drain maintenance tools (shrub rake/drain spade combo) donated by the Houston ToolBank.

The community choice winner will be chosen via public poll, and will receive the drain maintenance tools (shrub rake/drain spade combo) as well as their winning name on a small blue tile plaque.

DEADLINE
SEPT. 12, 2020
