- Rates for city-paid basic life insurance reduced from $.05/$1,000 to $.049/$1,000 for a projected five-year savings of $80,000.
- Rates are guaranteed for five years.
Current retirees will maintain their $5,000 benefit with a two percent rate decrease.

Future retirees may elect a benefit of $10,000 for $1.03/$1,000.

The Life Insurance minimum benefit has increased to $16,000 (was $15,000) and the maximum benefit has increased to $800,000 (was $700,000).

Current enrollees may increase their voluntary coverage by one time (1x) annual base salary without evidence of insurability. This is a one-time offer.
