State Homeless Housing and Services Program

SPECIFIC EXPLANATION:

The Housing and Community Development Department (HCDD) recommends Council approval of a Contract between the City of Houston and the Texas Department of Housing and Community Affairs (TDHCA), accepting a $1,387,651 Homeless Housing and Services Program (HHSP) grant.

Per the TDHCA, the funding must be used by the City on activities eliminating and/or preventing homelessness. Specifically, funds can be used for the following activities: construction and rehabilitation of structures serving the homeless or at-risk individuals; operations of direct services; housing retention; homelessness prevention; rental assistance; and other homelessness related activity as approved by the Department.

HHSP was established during the 81st Texas Legislature through an appropriations rider and codified during the 82nd Texas Legislature. Through HHSP, the state provides funding to the eight largest cities in support of services to homeless individuals and families including services such as case management and housing placement and retention. While no direct appropriations were made for the program during the 82nd Legislature, Senate Bill 1, 82nd Legislature, First Called Session, allows the Department to apply available funds to this program. For State Fiscal Year 2013, the Department has identified a total of $5 million for HHSP. Cities currently served through HHSP include Arlington, Austin, Corpus Christi, Dallas, El Paso, Fort Worth, Houston and San Antonio.

This item is a procedural, administrative matter required by the State for the City to receive the funds it was previously awarded. An Ordinance allocating the accepted HHSP funds for use by a local non-profit organization will be presented to Council for consideration within the coming weeks.

This item was presented to the Housing and Community Affairs Committee on February 18, 2014.

In June 1998 the City funded a $3,000,000 HOME loan for the acquisition of a 33-year-old 539-unit property. The loan represented 29% of the total $10,240,000 acquisition cost. Under HOME regulations, this would require 29% of the units (or 157 units) being restricted to low income tenants. However, the Land Use Restriction Agreement (LURA) accompanying the loan called for 323 units (60% of the total) to be restricted to low income tenants, for a period of 15 years (expiring 6/27/2018). The owner subsequently purchased an adjacent 83-unit property; when combined with the original project, the number of restricted units was increased by 100 (to 423 out of a total of 622).

In 2003, at HUD's request (senior lender), the City extended the term of the LURA to 35 years (expiring in 2038, when the property would be 73 years old), to be concurrent with a new HUD-insured loan (a typical LURA is 20 years). The HUD loan was later sold, and in 2009 the senior lender foreclosed, wiping out the City's junior loan. However the LURA remained in place despite the foreclosure. In 2010 a new entity purchased the property with a $9.4 million investment, of which $2.5 million was spent on renovations. The purchaser was not fully aware of the unit restrictions when he purchased the property, and for most of the last three years the property has operated at or near a loss, including over $1 million in negative cash flow for the 18 months ending December 2011.

HCDD has had numerous discussions with HUD regarding this waiver request, and has recently received a response that requires the Department to a) reduce the number of restricted units to 191 units, based on a formula approved by HUD, and b) to amend the term of the LURA to its original 15 years. HCDD is asking City Council to confirm the required changes, and allow the Department to implement the changes through an amendment to the LURA. HCDD believes that these changes will allow the current ownership (the property has recently changed hands) to more effectively manage the property, and to provide sufficient cash flow to continue much-needed upgrades to the buildings.

Community Development Block Grant – Disaster Recovery Round 2

SPECIFIC EXPLANATION:

The Housing and Community Development Department (HCDD) recommends Council approval of a $3,000,000 Performance Based Loan to NHPF/UA LLC for the renovation of Cleme Manor, a Section 8 housing community located at 5300 Coks Street. All eligible tenants will be allowed to remain in the property after completion of the renovation. The project will include relocation of eligible residents.

Cleme Manor is a 45-year old apartment community consisting of 284 units ranging from one bedroom to five bedrooms, located adjacent to the recently re-developed Finnegan Park and Community Center in the 5th Ward. As the largest property in the immediate area, Cleme Manor’s complete renovation will serve as a catalyst for revitalization of the surrounding neighborhood. The project is synergistic with the Bayou Fifth Initiative.

This project has been vetted through the City’s Disaster Recovery (DR) Round 2 Program, which included public participation, and has support from community leaders and residents. It will improve the affordable housing stock for Houston families, and will eliminate blight by renovating a property in which the building systems have exceeded their useful lives.

Cleme Manor is one of five quality multifamily proposals selected, subject to Council approval in May 2014, after a thorough review and underwriting process in accordance with the City RFP to receive federal Disaster Recovery Round 2 funds. Proposals, including Cleme Manor, were evaluated using program required and community-developed criteria. As part of the RFP, the City encouraged applicants to leverage DR funds with other available sources of capital, including tax credit equity. Cleme Manor has also applied for funds through an RFP for Permanent Supportive Housing (PSH) units for homeless and formerly homeless individuals. The additional funds would allow the developer to increase the scope of the rehab project. HCDD is currently reviewing this request, and will present a subsequent RFP if it determines that funds are available and necessary for the project.

In exchange for this financing, 145 units (51% of the total) will be restricted at affordable rents for low-income tenants for an affordability period of 10 years. Funding for this project is comprised of the following sources:

SPECIFIC EXPLANATION:

The NHP Foundation (NHP) is planning to acquire and renovate the Cleme Manor Apartments – a community which serves low to moderate income individuals at 5300 Coke Street in the Fifth Ward. Proposed financing for the facility includes non-competitive, 4% federal tax credits administered through the Texas Department of Housing and Community Affairs (TDHCA). Per new rules promulgated by the TDHCA, developers interested in applying for tax credit equity must obtain a resolution of “no objection” from the City of Houston.

This project has been vetted through the City’s Disaster Recovery (DR) Round 2 Program, which included public participation, and has support from community leaders and residents. It will improve the affordable housing stock for Houston families, and eliminate blight by renovating a property in which the building systems have exceeded their useful lives. Therefore, the Housing and Community Development Department recommends Council approve this resolution of “no objection” enabling NHP to apply for tax credits.

Cleme Manor is one of five quality multifamily proposals selected, subject to Council approval in May 2014, after a thorough review and underwriting process in accordance with the City RFP to receive federal Disaster Recovery Round 2 funds. Proposals, including Cleme Manor, were evaluated using program-required and community-developed criteria. As part of the RFP, the City encouraged applicants to leverage DR funds with other available sources of capital, including tax credit equity.

NHP is a well-respected developer with a good track record of developing and operating well-managed affordable housing communities throughout the country. Cleme Manor has proactively pursued and incorporated community input, and has received the support of community leaders and residents.

Cleme Manor consists of 284 units ranging from one to five bedrooms to serve a wide range of household sizes. The property sits across from Finnegan Park, which was recently re-developed through investments from the City of Houston, Harris County, and Houston Independent School District. Adjoining the park is the newly renovated Community Center, and a new Boys and Girls Club is located nearby. Renovation of Cleme Manor will add to the momentum created by these initial investments.

The details of this project were presented to the Housing, Sustainable Growth and Development Committee on December 3, 2013.

SPECIFIC EXPLANATION:

Avenue Community Development Corporation (Avenue CDC) is planning to develop 2010 North Main – an affordable, mixed-income, transit oriented housing community located at 2010 North Main Street. Proposed financing for the facility includes non-competitive, 4% federal tax credits administered through the Texas Department of Housing and Community Affairs (TDHCA). Per new rules promulgated by the TDHCA, developers interested in applying for tax credit equity must obtain a resolution of “no objection” from the City of Houston. The rules also require that the governing body which will provide the resolution of “no objection” must hold a public hearing on the matter to allow for public comment prior to acting upon the resolution.

This transit oriented, well-designed project has been vetted through the City’s Disaster Recovery Round 2 Program, which included public participation and has support from community leaders and residents. It will provide needed affordable housing options for Houston families and eliminate blight by redeveloping a vacant tract of land. Therefore, the Housing and Community Development Department recommends Council approval of this resolution of “no objection” enabling Avenue CDC to apply for tax credits.

2010 North Main is one of five quality multifamily proposals selected through a thorough review and underwriting process in accordance with the City RFP to receive federal Disaster Recovery (DR) Round 2 funds (subject to Council approval in May 2014). Proposals, including 2010 North Main, were evaluated using program required and community-developed criteria. As part of the RFP, the City encouraged applicants to leverage DR funds with other available sources of capital, including tax credit equity.

Avenue CDC is a well-respected developer with a track record of developing high-quality and well-managed affordable housing communities throughout Texas. Avenue CDC has proactively pursued and incorporated community input, and has vigorous support from community leaders and residents.

2010 North Main will consist of 65 units ranging from one to three bedrooms to serve a wide range of household sizes and incomes. This transit oriented development is located adjacent to the new Metro light rail line and is in within walking distance of parks and educational institutions. On-site amenities will include a pool, athletic court, playground, park, pavilion, and clubhouse/community room. Residents will have access to supportive services and programing, such as cooking and nutritional classes, tutoring, art classes, homebuyer education and a computer lab. This community will add synergy and will complement the proposed Hardy Yards project to replenish the stock of affordable housing in the area.

The details of this project were presented to the Housing, Sustainable Growth and Development Committee on December 3, 2013.

Disaster Recovery Round 2 (CDBG-DR)

SPECIFIC EXPLANATION:

The Housing and Community Development Department (HCDD) recommends City Council approval of an Interlocal Agreement between the City and the Redevelopment Authority (RA) of 21 (TIRZ) for an amount not to exceed $15,000,000.00 of Disaster Recover Round 2 Infrastructure funds (DR2 Infrastructure Funds). Under this Agreement, the City, RA and TIRZ will work together to revitalize the Near Northside neighborhood. These funds will be made available to the City through GLO Contract No. 14-236-000-8329.

The RA and TIRZ have helped develop a plan to facilitate (i) the construction of needed improvements to the Judge Hernandez Tunnel (the “gateway” to the Near Northside), (ii) the creation of a new, signalized intersection at North Main and Burnett Streets, (iii) the conversion of Burnett Street to a major collector street, and (iv) the reconstruction of the existing storm drainage infrastructure to reduce flooding in the neighborhood (collectively, the Project). The City desires to work together with the RA to fund the Project with DR-2 Infrastructure funds. The funds will be used to pay for project administration and construction costs of the aforementioned Project. The RA will fund the costs of the Project and request reimbursement for eligible costs from the City. In return, and per the GLO agreement, the City will request reimbursement from the GLO.

In exchange for the use of DR 2 Infrastructure funds for the Project, the RA, through TIRZ 21 has intends to spend future tax increment for other similar infrastructure and revitalization activities within the TIRZ’s boundaries.

Compliance with federal regulations will be required for the Project including Section 3 and the Davis-Bacon Wage Act requirements. Additionally, the RA will be responsible to repay the City for any costs of the Project which are deemed ineligible.

Community Development Block Grant (CDBG)

SPECIFIC EXPLANATION:

The Housing and Community Development Department recommends providing $1 million in Community Development Block Grant funds to the Houston Redevelopment Authority (HRA) for economic development activities. The funds will be used as working capital to increase HRA's capacity and expand its economic development activities serving low-to-moderate income businesses and/or persons in the Houston area, as well as continue to promote economic revitalization in Houston's economically distressed communities.

On April 24, 2013 City Council awarded HRA a $4 million grant to provide technical assistance, low rate interest loans, and funding to small businesses, including, but not limited to grocers needing assistance to build and operate stores in economically distressed communities (including, but not limited to communities commonly referred to as "food deserts"). Such investment activities benefit the community by creating new jobs and/or achieving a vital community need.

HRA is currently supporting one grocery store development in District D and has been in communication with additional grocery supply companies and grocery store developers to continue these efforts in other underserved communities.

HRA is a Texas non-profit corporation incorporated in July 1996, to assist and act on behalf of the Houston Housing Finance Corporation to promote, develop, encourage and maintain housing, employment, commerce and economic development in the City of Houston. HRA assisted with the redevelopment of the Rice Hotel and Gulfgate Mall.

Community Development Block Grant (CDBG)

SPECIFIC EXPLANATION:

The City of Houston Housing and Community Development Department requests approval of an Ordinance approving and authorizing an agreement with Houston Business Development, Inc. (HBDI) to provide $2,000,000 in CDBG funds to provide low interest rate loans and technical assistance to low income businesses. The funding will not only allow HBDI to further capitalize its small business lending programs but it will also allow the organization to offer a wider variety of flexible loan products and in some cases even increasing the size of the loans.

Established in 1986 by the City of Houston, Houston Business Development, Inc. (HBDI), formerly known as the City of Houston Small Business Development Corporation, became a non-profit 501 (c) 3 corporation in 1993 for the purpose of stimulating economic growth and combating community deterioration throughout the city of Houston. HBDI owns and manages a 160,000 square foot mixed-use business complex, Palm Center Business Technology Center ("BTC") and administers various HUD funded small business loan programs. A thirteen (13) member board of directors governs the activities of the corporation. HBDI is responsible for administering several small business loan programs, including the Small Business Revolving Loan Fund ("SBRLF"), Section 108/EDI Loan Guarantee Program.

HBDI received Economic Development funding from the Housing and Community Development Department in 2011 and 2012 for a total of $3,000,000 which allowed the funding of 41 loans at an average of $73,170 per loan. These efforts also created 89 jobs within underserved areas of the city which is why the Housing and Community Development Department continues to look to HBDI to take the lead in economic development activities related to small businesses within the City of Houston.

In November 2003, the City entered into an Agreement with the Land Assemblage Redevelopment Authority and other Local Taxing Units to redevelop certain properties in the Third and Fifth Wards as affordable housing. The LARA Agreement was amended in 2005 to add delinquent properties, and again in 2009 to extend its term to March 12, 2014.  

This Third Amendment to the LARA Agreement seeks to reinstate as necessary, and extend its term until March 12, 2017.
