Background:
The Housing and Community Development (HCDD) recommends City Council approval of an ordinance adopting guidelines for the Multifamily Voluntary Buyout Program (MVB), one of the programs identified in the 2016 Flood Events (Tax Day Flood) application. Funding for this program is a direct allocation from the Texas General Land Office (GLO) in the amount of $23,486,698.00 in Community Development Block Grant-Disaster Recovery (CDBG-DR) funds. Proposed sites will be selected internally by HCDD in coordination with Houston Public Works (HPW) to identify developments that are environmentally vulnerable to future disasters and will provide mitigation benefits to the greater area.

The MVB program guidelines provide terms required by the laws and regulations surrounding the Tax Day Flood funding while outlining local priorities, eligibility requirements, and compliance period. These guidelines are the first step towards implementing buyout opportunities designed to assist multifamily developments that were impacted more than once because of natural disasters.

The objective of the MVB program is to help prevent localized flooding and reduce streambank erosion downstream. The program will:

- Give multifamily developers whose affordable housing units are in a floodway or floodplain the opportunity to sell;
- Create greenspaces and/or detention areas;
- Work in conjunction with HPW to identify properties or lots that were directly impacted by a natural disaster;
- Give residents the opportunity to move out of areas that are prone to repetitive flooding.

Eligible Activities
1. Acquisition of existing multifamily properties and land to create greenspaces and/or detention.
2. Mitigation to create flood control structures.
3. Demolition, which will serve to reduce density in vulnerable areas.
4. Relocation to remove households from vulnerable areas.

The Disaster Risk Reduction Area shall be clearly delineated so that HUD and the public may easily determine which properties are located within the designated area. This program is pending approval from the GLO.

### Background:

The Housing and Community Development Department (HCDD) recommends City Council approval of an Amended and Restated Interlocal Agreement between the City of Houston (City) and Harris County Flood Control District (HCFC) to de-obligate $6,712,759.22 in Community Development Block Grant Disaster Recovery 2015 (CDBG-DR15) Flood Events funds for Voluntary Housing Buyouts. In addition, the performance period will be extended as requested by HCFC to allow for closeout of the grant, and subrecipient language will be added to the Agreement.

The Interlocal Agreement between the City and HCFC was executed on November 1, 2017 with a budget not to exceed $10,660,000.00. The total available budget will be reduced to $3,947,240.78. This request to de-obligate funds from the Voluntary Housing Buyout Agreement is due to the substantial increase in FEMA Hazard Mitigation Grant Program buyout funds HCFC was awarded in June 2018.

To date, HCFC has spent a total of $3,259,898.48 for the purchase of 19 properties with 2 properties pending acquisition.

The extended term of this Agreement shall allow HCFC an additional 12 months to complete the buyout acquisition process, unless sooner terminated as provided for in the Agreement.

The Housing and Community Development Department (HCDD) recommends Council approval of an ordinance authorizing the Mayor, or Mayor’s designee, to execute an amendment to contract No. 19-147-001-B489 with the Texas General Land Office (GLO), increasing the award of Community Development Block Grant Disaster Recovery (CDBG-DR) funding from $1,175,954,338.00 to $1,275,878,041.00.

1) On January 5, 2019, the City of Houston executed a contract with the GLO for $1,175,954,338.00 to be used for Hurricane Harvey recovery efforts, primarily related to housing. 2) In December 2018, the GLO submitted Amendment 2 of the State of Texas Plan for Disaster Recovery: Hurricane Harvey – Round 1 (Plan) to the U.S. Department of Housing and Urban Development (HUD). Amendment 2 of the Plan, approved by HUD on February 22, 2019, allocated an additional $89,639,815 program funding to the City of Houston. 3) Due to a change GLO’s methodology of calculation, the GLO also notified the City of Houston of an additional allocation of $10,283,888 for administration funds in mid-January 2019.

As a result of these increases, City Council approved the amended Houston sections of the Plan to reflect these budget changes on February 27, 2019, as follows.

Background
The Housing and Community Development Department (HCDD) recommends a Council appropriation of $17,945,800.88 in TIRZ Affordable Housing Funds to build and repair single-family affordable homes, as well as to administer HCDD’s affordable housing activities.

Council has previously appropriated ordinance 2018-894 (approved on 11/07/2018) providing $5,000,000.00 in TIRZ Affordable Housing Funds to be used as interim bridge funding for the Outreach, Intake and Case Management Services Agreement between the City and ICF Incorporated, L.L.C. for Hurricane Harvey Disaster Recovery services. These funds were not spent and were returned to Fund 2409 upon receipt of the Hurricane Harvey Community Development Block Grant – Disaster Recovery funds.

This Ordinance allocates funds for administrative use. For direct program activities, specific contracts will be brought to Council for allocation in accordance with local procurement rules. A brief description of each TIRZ funding category follows.

The Housing and Community Development Department (HCDD) recommends Council approve a motion establishing a date for a public hearing to provide a Resolution of No Objection for the 4% tax credit application of Lake Pointe Village Partners, LP.
