Substantial Damage Determination Appeal

Any property owner appealing a determination of Substantial Damage must submit this form along with the required documentation to FMO. FMO will send a written response to the owner's address.

Property Information

COH Project No.: _____
Street Address: _____
City & Zip Code: _____
HCAD Parcel No.: _____
Date of Damage: _____

Owner Information

Name of Owner(s): _____
Owner's Phone/Cell: _____
Owner's Address: _____
Owner's email: _____

Appeal Justification (check one, complete percentage of damage calculation, if applicable)

- Existing structure complies with Chapter 19 elevation and performance standards.
- Structure has been modified or demolished to comply with Chapter 19 elevation and performance standards post-damage.
- Based on provided documentation of total cost to repair the structure to pre-damage condition and market value of the structure, the structure is not substantially damaged.

Total cost of Repair \$ _____ ÷ Market Value of Structure \$ _____ x 100
= Percentage of Damage _____ %

FMO Use Only:
Received by: _____ Date: _____

Appeal Approved / Appeal Denied
(Not SD) (circle one above) (SD)

Reviewed by _____ Date: _____

Response Date: _____

Floodplain Flood Damage Repair Form – Single Family Residences

The City’s Floodplain Management Office (FMO) has introduced this form to make it easier for homeowners to apply for a floodplain permit to repair their flood damage.

Along with a building permit application and the required information for a building permit, Homeowners can choose to fill out this form instead of submitting a cost estimate and appraisal or insurance claim information.

For many flood damaged homes, FMO can use the below information to complete a FEMA Substantial Damage Estimate in the office without physically inspecting the flood damaged home. However, some homes may require a field inspection or insurance cost estimate to be issued a floodplain Development Permit.

After reviewing this form, FMO will either:

- *Approve the permit application and issue a floodplain permit*
-OR-
- *Reject the permit application and request that the homeowner submit alternate information*
-OR-
- *Reject the permit application and schedule an inspection of the damaged property.*

Please note that additional permit requirements shall apply to properties that are determined to be substantially damaged by FMO. It should also be noted that a building permit and other trade permits may also be required to repair flood damage. The permit issued, if any, will be for repairs only. If improvements or modifications are planned, additional information will be required.

The homeowner is required to provide true and accurate information below to avoid floodplain violations and fines for completing repair work outside of the scope of a floodplain permit.

Property and Owner Contact Information:

Damaged Property Address: _____

Owner(s) Name(s): _____

Mailing Address: _____
