ARTICLE IV
DEVELOPER COMMITMENTS

In consideration of the City’s agreeing to pay the Developer the Reimbursement Amount in accordance with the terms, provisions and conditions of this Agreement, the Developer agrees to fulfill the following conditions in order to receive the Reimbursement Amount:

A. Project Funding. Developer shall generate at least $9,300,000 from private funding sources to be used toward the design and construction of the Project. Developer shall be deemed to have met this condition upon submitting to the City a list of Project funding sources for the Project totaling $9,300,000.00.

B. Local Job Fair Condition. Prior to the Reimbursement Date, the Developer shall host, whether on the Property or on other property in the Near Northside area, at least one job fair for local area residents of the Near Northside area for the purpose of enabling these local area residents to apply for employment positions at the Property. This condition is a one-time requirement, not an annual requirement.

C. Hosting of Farmers Market. The Developer shall host, whether on the Property or on other property in the Near Northside area, a farmers market two times per calendar year on an annual basis during the Term of this Agreement.

D. John Marshall Middle School and Jeff Davis High School Condition. For each calendar year during the Term of this Agreement, the Developer shall offer the use of music performance space at the Project as rehearsal or performance space (during a time as to be determined by the Developer) not less than four times during that calendar year to each of (i) John Marshall Middle School and (ii) Jeff Davis High School.

E. Maintenance of Landscape and Streetscape Improvements. During the Term of this Agreement, the Developer shall maintain the Landscape and Streetscape Improvements at its sole cost and expense.

F. Parking Lots Condition. During the Term of this Agreement, the Developer shall make the Parking Lots available to the public during non-business
hours and on days on which the Developer is not holding events at the Property. During such non-business hours and non-event days, the Developer will post signs in the Parking Lots to indicate that free public parking is available for up to a maximum of three hours. The Developer shall operate and maintain the Parking Lots at its sole cost and expense.

G. **Community Meeting Condition.** For each calendar year during the Term of this Agreement, the Developer shall attend not less than two Super Neighborhood 51 meetings per year.

H. **Developer Commitment Certification.** In order to ensure that the Developer fulfills the conditions enumerated in Sections B, D and F of this Article, the Developer agrees that it is a condition to payment of the Reimbursement Amount that the Developer submit to the City an annual Developer Commitment Certification substantially in the form attached hereto as **Exhibit D**, unless the City approves any variance thereto requested by the Developer, certifying that the Developer has met the applicable conditions.

I. **Business Opportunity: Non-Discrimination.** Developer shall comply and shall require its contractors to comply with the City’s Small Business Minority and Women Business Enterprise (“MWBE”) programs as set out in Chapter 15 of the City of Houston Code of Ordinances. The City’s policy does not require Developer to in fact meet or exceed this goal, but it does require Developer to objectively demonstrate that it has made good faith efforts to do so. The agreements between Developer and its contractors and any subcontractor must expressly require compliance with such Chapter 15 requirements.

Developer shall not discriminate in its employment practices, service provisions, or in any other manner in the use of the Property or in the exercise of the rights and privileges granted by this Agreement because of sex, race, color, ethnicity, national origin, age, familial status, marital status, religion, disability, sexual orientation, genetic information, gender identity or pregnancy ancestry, handicap, or religion.

Developer will, in the conduct of its business, seek to encourage the hiring of minorities and women employees and the contracting with small minority and disadvantaged business enterprises.

J. **Operational Condition.** Developer shall continuously operate the Project on the Property during the Term of this Agreement, subject only to (i) events of Force Majeure, (ii) reasonable periods of closing actually required for repair or restoration following casualty and condemnation, and (iii) temporary closings (not to exceed 120 days per calendar year, and not more frequently than once every 5 years) for repair, renovations and/or alterations of the Property. This provision shall survive the stated Term of this Agreement.

K. **Ownership, Operation, and Maintenance of Public Improvements Other than Parking Lots and Landscape and Streetscape Improvements.** Subject
to the Developer’s right to modify or remove a Public Improvement in accordance with the provisions of Article II, Section B, and except as otherwise provided herein for the Parking Lots, as the acquisition and construction of each integral stage of the Public Improvements is completed and each integral stage of the Public Improvements becomes operational, the Developer shall convey, when applicable, all such Public Improvements to the City (including rights-of-way). As construction of each integral stage of the Public Improvements is completed, City representatives shall inspect the same and, if the City finds that the Public Improvements have been completed in accordance with the Final Plans and Specifications, or any modifications thereof, and in accordance with all applicable laws, rules, and regulations, the City will accept the Public Improvements, whereupon such portion of the Public Improvements shall be operated and maintained by the City at its sole expense, except as otherwise provided herein for the Landscape and Streetscape Improvements.

L. Competitive Bidding. Construction contracts for the Public Improvements shall be let on a competitive bidding basis. After preparation of the Final Plans and Specifications and their approvals as required by this Agreement, the Developer shall advertise for or solicit bids (as required by law applicable to the City) for construction as described in the Final Plans and Specifications. The City Representative shall be notified of, and invited to attend when applicable, pre-bid conferences, bid openings, and the award of contracts in accordance with the notice provision of Article VII, Section B of this Agreement.

M. Performance Bonds. The Developer shall require each contractor constructing the Public Improvements to furnish a performance bond where required by the City in an amount equal to the full cost of Developer’s construction contract with that contractor, conditioned on the contractor’s full and timely performance under the construction contract. The Developer and the City shall be dual obligees for each performance bond. The performance bond(s) must be in a form approved by the City Attorney and issued by a corporate surety authorized and admitted to write surety bonds in Texas. If the amount of the bond exceeds $100,000, the surety must be listed on the current list of accepted sureties on federal bonds published by the United States Treasury Department or reinsured for any liability in excess of $100,000 by a reinsurer listed on the U.S. Treasury list.

N. Utilization of Local Contractors and Suppliers. The Developer agrees to exercise commercially reasonable efforts to utilize local contractors and suppliers in the construction of the Project and the Public Improvements, with a goal of at least 30% of the total dollar amount of all construction contracts and supply agreements being paid to local contractors and suppliers. A contractor or supplier shall be considered as local if it has maintained an office within the City for at least one year. If the Developer is unable to meet this goal, the Developer shall submit a written justification for the failure to meet this goal and a request for a waiver of this requirement to City Representative for review and approval. The City Representative shall approve the waiver if, in the option of the City Representative, the Developer’s failure to meet the goal is justified based on a consideration of the circumstances relating to such failure.
O. **Maintenance of Records.** The Developer shall be responsible for maintaining records of all costs incurred and payments made for the Project and the Public Improvements and records evidencing compliance with all of the Developer commitments required by this Article IV and shall make such records available to the City for examination at the City’s reasonable request. The City shall have the right to review and audit such records upon five (5) days prior written notice to the Developer.

**ARTICLE V**

**REIMBURSEMENT**

A. **Revenue Sharing Agreement; Confidential Information.** The City and the Developer hereby designate this Agreement as a Revenue Sharing Agreement, and therefore, pursuant to Section 321.3022, Texas Tax Code, as amended ("Section 321.3022"), the State Comptroller is required to provide to the City, upon request of the City, information relating to the amount of sales and use taxes and mixed beverage taxes paid to the City generated by the Project. The Developer shall submit to the State Comptroller’s office the waiver in the form of Exhibit E attached hereto (or other form required by the State Comptroller’s office) to provide the City the annual revenue reports reflecting the sales and use taxes and mixed beverage taxes collected from the Project. Unless determined otherwise by the Texas Attorney General in writing, any information received relating to the Sales Tax Revenues or the Mixed Beverage Tax Revenues shall be considered confidential proprietary financial information not subject to immediate release to the public. The City shall seek a written opinion from the Texas Attorney General, raising any applicable exception to release, prior to any release to a third party under the Texas Public Information Act.

B. **Calculation of Reimbursement Amount.** For each calendar year during the Term of this Agreement, the City shall determine the amount of the Sales Tax Revenues and Mixed Beverage Tax Revenues received by the City from the State Comptroller in cooperation with the Developer and the State Comptroller.

C. **Certification of Public Improvement Costs.** After the Public Improvements are completed, the Developer will provide to the City Representative for review and approval a certification in the form attached hereto as Exhibit F, certifying as to the actual Public Improvements Cost incurred or reimbursed by the Developer (the “Cost Certification”). The City Representative shall approve the Cost Certification if he or she determines that the costs were actually incurred for the Public Improvements set forth on Exhibit B, as may be modified from time to time, and if the costs are commercially reasonable (the “City-Approved Cost Certification”). If the City Representative is unable to approve the Cost Certification, he or she shall so advise the Developer in writing, identifying the items of concern. The Developer shall have an opportunity to respond, in writing, and submit a modified Cost Certification to the City for review and approval. Upon the City Representative’s request, the Developer shall promptly provide invoices and other supporting documentation for the City’s review and approval of the Cost Certification. The amount of the Public Improvement Costs set forth in the City-Approved Cost Certification shall be used to validate the Reimbursement Amount.
D. Payment of Reimbursement Amount. The Reimbursement Amount shall be paid by the City to the Developer in annual payments (each an “Annual Payment”) in an amount equal to the Sales Tax Revenues and Mixed Beverage Tax Revenues for the preceding calendar year, as follows:

1. Beginning on the Reimbursement Date and continuing through each calendar year throughout the Term of this Agreement and so long as no Developer Commitment Default or any other Event of Default by the Developer then exists, the Developer may submit to the City for approval a request for the Annual Payment based on the Sales Tax Revenues and Mixed Beverage Tax Revenues received for the previous year (“Annual Payment Request”). The Annual Payment Request shall be in the form attached hereto as Exhibit G and shall be accompanied by a Developer Commitment Certification for the prior twelve (12) month period. Upon approval of the Annual Payment Request, the City shall pay the Annual Payment to the Developer by the later to occur of (i) thirty (30) days after the City’s receipt of the Annual Payment Request, or (ii) sixty (60) days after the City receives the Developer’s annual sales tax report from the State Comptroller’s office for the preceding calendar year.

2. The City is unconditionally obligated to make each Annual Payment solely from the Sales Tax Revenues and Mixed Beverage Tax Revenues generated by the Project, if the Project generates Sales Tax Revenues and Mixed Beverage Tax Revenues, except in a Developer Commitment Default or an Event of Default by the Developer. Except as otherwise expressly set forth in this Agreement, payment of the Annual Payment is not subject to any reduction, whether offset or otherwise. The City shall never be obligated to make any payment to the Developer from any funds other than the Sales Tax Revenues and Mixed Beverage Tax Revenues generated by the Project.

E. Final Payment. The final payment of the Reimbursement Amount will be the amount necessary to reimburse the balance of the Public Improvements Cost set forth in the City-Approved Cost Certification, not to exceed the Maximum Reimbursement Amount, unless the Term of the Agreement is reached prior to payment of the Maximum Reimbursement Amount.

ARTICLE VI
DEFAULT AND REMEDY

A. Payment Default. The City agrees that its failure to pay the Reimbursement Amount when due is an event of default (a “Payment Default”) and that the Developer shall be entitled to any and all of the remedies available in this Article or otherwise at law or equity.

B. Developer Commitment Default. If the Developer does not satisfy a Developer Commitment enumerated in Article IV, Sections B, D and F for any year during the Term of this Agreement (commencing on the date that is the first anniversary of the Reimbursement Date) and if such failure continues for thirty (30) days after written notice to the Developer (a “Developer Commitment Default”), the City may, as its
sole and exclusive remedy, beginning on the date which is thirty (30) days after such
written notice, until the Developer has provided evidence that it has satisfied the
Developer Commitment, reduce the Maximum Reimbursement Amount to be paid to the
Developer by the percentage by which the Developer does not satisfy the Developer
Commitment. A reduction in the Maximum Reimbursement Amount as a result of the
Developer’s failure to satisfy the Developer Commitment in a calendar year is
irrevocable and may not be recouped by the Developer at any time, regardless of
whether the Developer satisfies the Developer Commitment in a subsequent calendar
year.

C. **General Events of Default.** A party shall be deemed in default under this
Agreement if such party fails to materially perform, observe or comply with any of the
commitments, covenants, agreements or obligations set forth in Article IV of this
Agreement or if any of its representations contained in Article III of this Agreement are
false (an “Event of Default”). The Developer’s failure to construct any portion of the
Public Improvements in **Exhibit B** shall not constitute an Event of Default so long as the
Developer has modified the list of Public Improvements in accordance with Article II,
Section B of this Agreement.

D. **Notice.** Before the failure of any party to perform its obligations under this
Agreement, except a Payment Default, is deemed to be a breach of this Agreement, the
party claiming such failure shall notify, in writing, the party alleged to have failed to
perform of the alleged failure and shall demand performance. No breach of this
Agreement, except a Payment Default, may be found to have occurred if performance
has commenced to the reasonable satisfaction of the complaining party within 30 days
of the receipt by the defaulting party of such notice.

E. **Remedies.** Except as otherwise set forth herein, upon a breach of this
Agreement, the non-defaulting party, in any court of competent jurisdiction, by an action
or proceeding at law or in equity, may secure the specific performance of the covenants
and agreements herein contained, may be awarded damages for failure of performance,
or both. Except as otherwise set forth herein, no action taken by a party pursuant to the
provisions of this Article or pursuant to the provisions of any other Article of this
Agreement shall be deemed to constitute an election of remedies; and all remedies set
forth in this Agreement shall be cumulative and non-exclusive of any other remedy
either set forth herein or available to any Party at law or in equity. Each of the parties
shall have the affirmative obligation to mitigate its damages in the event of a default by
the other party.

F. **Force Majeure.** Notwithstanding anything in this Agreement which is or
may appear to be to the contrary, if the performance of any covenant or obligation to be
performed hereunder by any party (except for a Payment Default) is delayed as a result
of circumstances which are beyond the reasonable control of such party (which
circumstances may include, without limitation, pending or threatened litigation, acts of
God, war, acts of civil disobedience, fire or other casualty, shortage of materials,
adverse weather conditions [such as, by way of illustration and not limitation, severe
rain storms or below freezing temperatures, hurricanes or tornadoes] labor action,
strikes or similar acts) the time for such performance shall be extended by the amount of time of such delay ("Force Majeure").

ARTICLE VII
GENERAL PROVISIONS

A. Time of the essence. Time is of the essence of this Agreement. The parties will make every reasonable effort to expedite the subject matters hereof and acknowledge that the successful performance of this Agreement requires their continued cooperation, including, without limitation, subject to the Developer's compliance with all applicable laws, expeditiously processing permits and approvals to facilitate the Developer's timely procurement of all entitlements required for the Project and the Public Improvements.

C. Amendments and waivers. Any provision of this Agreement may be amended or waived if such amendment or waiver is in writing and is approved by the Developer and the City. No course of dealing on the part of the Developer or the City nor any failure or delay by the Developer or the City with respect to exercising any right, power or privilege pursuant to this Agreement shall operate as a waiver thereof, except as otherwise provided in this Section.

D. Invalidity. In the event that any of the provisions contained in this Agreement shall be held unenforceable in any respect, such unenforceability shall not affect any other provisions of this Agreement and, to that end, all provisions, covenants, agreements or portions of this Agreement are declared to be severable.

E. Successors and assigns. Neither Party shall have the right to assign its rights under this Agreement or any interest herein, without the prior written consent of the other Party, except that the Developer may assign its rights and responsibilities hereunder to (i) a lending institution of all of the Developer’s rights hereunder as security for repayment of one or more loans to finance the construction or ownership of any component of the Property, (ii) any related, affiliated or subsidiary entity to which substantially all of its assets, liabilities and its rights to proceed with development of the Project and the Public Improvements are transferred or (iii) any person or entity to which the Developer assigns, subleases, or otherwise conveys its interest in the Property, provided that any assignee under (ii) or (iii) agrees in writing to assume the Developer’s obligations under this Agreement. The City shall not unreasonably withhold its written consent. The City’s Director of the Finance Department, or the Director’s designee, may consent to a qualifying assignment under this Section on behalf of the City.

F. Exhibits, titles of articles, sections and subsections. The exhibits attached to this Agreement are incorporated herein and shall be considered a part of this Agreement for the purposes stated herein, except that in the event of any conflict between any of the provisions of such exhibits and the provisions of this Agreement, the provisions of this Agreement shall prevail. All titles or headings are only for the convenience of the parties and shall not be construed to have any effect or meaning as to the agreement between the parties hereto. Any reference herein to a section or subsection shall be considered a reference to such section or subsection of this Agreement unless otherwise stated. Any reference herein to an exhibit shall be considered a reference to the applicable exhibit attached hereto unless otherwise stated.

G. Applicable law. This Agreement is a contract made under and shall, be construed in accordance with and governed by the laws of the United States of America and the State of Texas, and any actions concerning this Agreement shall be brought in
either the State Courts of Harris County, Texas, or the United States District Court for
the Southern District of Texas.

H. **Entire agreement.** This Agreement represents the final agreement
between the parties and may not be contradicted by evidence of prior,
contemporaneous, or subsequent oral agreements of the parties. There are no
unwritten oral agreements between the parties.

I. **Approval by the parties.** Whenever this Agreement requires or permits
approval or consent to be hereafter given by any of the parties, the parties agree that
such approval or consent shall not be unreasonably withheld or delayed.

J. **Counterparts.** This Agreement may be executed in several counterparts,
each of which shall be an original and all of which shall constitute but one and the same
agreement.

K. **Interpretation.** This Agreement has been jointly negotiated by the parties
and shall not be construed against a party because that Party may have primarily
assumed responsibility for the drafting of this Agreement.

L. **Conflicts with Ordinances.** The City and the Developer agree that, in the
event of a conflict between the provisions of this Agreement and any City ordinance or
regulation by any other agency over which the City has control, whether heretofore or
hereafter adopted, the provisions of this Agreement shall govern matters addressed by
this Agreement.
