

# Houston Fire Department—Shift Calendar

## April 2018

*\*Firefighters be sure to always double-check shift calendar, shift / debit day shift*

### Safety Tip:

If you attempt to extinguish the fire, it is best to use a class ABC multipurpose fire extinguisher. Follow the manufacturers instructions - stay back 6 to 8 feet and be careful not to spray the grease out of the pan.

Baking soda can also smother the fire. If the fire has not burned for more than fifteen seconds, it may still be possible to turn the burner off and use a tight fitting lid to smother the fire, but only if the fire is still small and has not spread beyond the pan.
