HFD to Canvass The Area of This Morning's Fatal Fire

WHAT: Houston Firefighters from the HFD Public Affairs Office will be canvassing the neighborhood near the site of the latest residential fire fatality.

WHEN: Today, April 14, 2009, starting at 10 a.m.

WHERE: 27300 block of Huffman Cleveland Rd. (Key Map 299W)

DETAILS: The Houston Fire Department was dispatched to a house fire in the 27300 block of Huffman Cleveland Rd. this morning, April 14, 2009, at about 2:45 a.m. Unfortunately, a citizen was found deceased.

The HFD wants to stress the importance of not only having a working smoke detector but also an escape plan if your home ever catches fire. Practicing Exit Drills In The Home or E.D.I.T.H. is imperative to ensure your family knows what to do in the event of a fire. Know two ways out of your room and your home and designate a meeting place outside your home so you will know everyone got out safely.
