

# **Houston Medical Monitoring Project (HMMP)**

## **Provider Advisory Board (PAB)**

### **Purpose of the PAB**

- Foster collaborations between local MMP investigators and HIV care providers
- Provide a forum to discuss issues regarding the development and implementation of MMP
- Provide input on MMP data collection instruments
- Advise MMP investigators about HIV care and treatment
- Enhance MMP investigators' understanding of the impact of MMP on those infected with HIV and HIV care provider communities
- Guide dissemination of information about MMP in the medical community

### **Role of PAB members**

PAB members are asked to:

- Attend quarterly meetings to discuss the progress of MMP and provide input on the project
- Address barriers and concerns with facility recruitment and advise MMP investigators on strategies to circumvent these barriers
- Provide input on the patient questionnaire and MRA forms
- Serve as a local representative or resource for MMP and answer questions from providers and the medical community
- Consult with MMP investigators about educational materials (brochures, newsletters, presentations) and services for the medical community to improve facility participation
- Educate providers about MMP and encourage their participation
