

Houston Department of  
Health and Human Services

**Melanie Manville**

Public Health Information Specialist  
Fort Bend County Health and Human Services

Speaker Biography

Melanie received her Bachelor's in Communication from Texas A&M University and her Master's in Health Communication from the University of Houston. Since 2010, Melanie Manville has worked for Fort Bend County Health & Human Services in Texas as a public health information and training specialist. She is responsible for media monitoring, maintenance of the agency's website and Facebook page, as well as crafting emergency messages, exercise planning, and staff training.

In addition, she is the local administrator for the Texas Public Health Information Network (TXPHIN), and she is responsible for developing and distributing the *Public Health Informer*, the county's quarterly newsletter sent to all local, regional, and state partners.
