## Houston Area Zip Codes

This is a breakdown of all of the students surveyed according to their zip codes. All City Council Districts were represented in the survey. City Council Districts B, C, D, and G had more students to participate in the survey. Almost every area of the city was represented by the survey. The charts below are a breakdown of all of the students surveyed according to their zip codes and Council Districts. The total at the bottom shows the number of students that participated in the survey from that City Council District. Some districts share zip codes resulting in higher totals than the actual 795 students that participated in the survey.
