Contracting Guide
2011

How to do Business with
The City of Houston

-- Mission --

The City of Houston supports Minority, Women, Disadvantaged and Small Business Enterprises (MWDBE/SBEs) and Persons with Disabilities Business Enterprises (PDBEs) by providing an interactive business climate where resource agencies, financial institutions, and businesses work together to provide equal access to contracting opportunities for MWDBE/SBEs, PDBEs, and their communities.

May 2011

Document available online at:
www.houstontx.gov/obo/index.html
Dear Entrepreneur:

Thank you for your interest in doing business with the City of Houston. With hundreds of millions of dollars being awarded annually through City departments, knowing where to go for contracting information can seem overwhelming. We want to work with you to change that. This guide was developed to help you make it through the maze of City contracting.

We are dedicated to assisting MWDBE/SBE and PDBE firms and to helping you become more successful. We have listened to your concerns, and have the following services available:

1. Bid and contracting opportunity faxes and e-mails
2. Monthly workshops and seminars on relevant business topics
3. Quarterly newsletter, *The Source*
4. Ombudsman services for assistance, information, and dispute resolution

Call us at 713.837.9000, and let us know how we can help. The Mayor’s Office of Business Opportunity staff is committed to helping firms like yours grow and prosper. We look forward to hearing from you.

Yours truly,

Carlecia D. Wright

The City’s MWDBE/SBE Program was created in 1984, with the passage of Ordinance 84-1309, the first in the State of Texas which set specifics for including minorities and women in City funded contracting. Current goals are based on the ratio of local MWDBE/SBEs to majority businesses in three areas.

**Purchasing - M/WBE 11%**
**Construction - MBE 14%, SBE 8%**
**Professional Services - M/WBE 24%**

Ordinance 99-893 provides opportunities for disadvantaged businesses to compete for City and federally funded contracts.

**Requirements for Certification**

- The minority, female, or small business owner must possess at least 51% ownership, management, and control of the business.
- The minority or female owner must have the training/expertise to perform the work, and where required, have a license or certificate issued in his or her name.
- The firm must be independent and currently operating.
- The firm must not exceed the size standards established by the Small Business Administration in 13 CFR Part 121 for its specific standard industry code(s).
- The firm must maintain a significant local business presence in Harris, Brazoria, Chambers, Fort Bend, Galveston, Liberty, Montgomery, or Waller counties to be certified to do business with the City on City funded projects. For DBE certification only, firms do not have to meet this requirement.
- In order for firms to be classified as disadvantaged, business owners must meet the DBE requirement of $750,000 or less in personal net worth.

**The Certification Process**

MWDBE/SBE Program participation requires certification. The process can take up to 90 days from the receipt of a complete application package, and includes the following steps:

- Pre-certification Workshop
- Preliminary Screening of Application
- Desk Audit
- Financial Audit
- Field Audit
- Committee Review
  - Certification (Firm listed in online Directory)
  - [https://houston.mwdbe.com/FrontEnd/VendorSearchPublic.asp](https://houston.mwdbe.com/FrontEnd/VendorSearchPublic.asp)
  - Tentative denial (Firm may appeal)

◊ Note: Not required for SBE Certification

**Advantages of Certification**

- Listed in the City’s MWDBE/SBE/PDBE Directory, which is updated daily. The Directory is available on the City of Houston web page: www.houstontx.gov.
- Opportunity to bid on contracts which have MWDBE/SBE goals
- Contract opportunity faxes and e-mails
- Access to workshops and seminars sponsored by the Mayor’s Office of Business Opportunity
- Common certification agreements with the Houston Minority Supplier Development Council, Women’s Business Enterprise Alliance, and the Department of Transportation’s Unified Certification Program for Texas
- MWDBE/SBE certification is also accepted by KBR, Houston Housing Authority, HISD, Texas Southern University - Economic Development Center, and Texas Department of Economic Development.
- Quarterly newsletter, The Source
- Memorandum of Agreement with the State HUB Program to accept most City-certified companies as State HUBs.
With the passage of Ordinance 98-1213 in December 1998, the City Council approved the City’s PDBE Program. This innovative program is designed to include businesses owned by persons with disabilities in City contracting.

The objectives of the PDBE Program are to increase the utilization of local PDBEs to provide goods and services, and to increase opportunities for PDBEs to serve as contractors to the City, or as subcontractors to others. This program was implemented to help eliminate the historical underutilization and disadvantages faced by such businesses.

The PDBE Program will have a one percent overall participation goal. This means that by the end of the fiscal year 1% of the City’s expenditures will be awarded to PDBE firms. To do this, contracts will be evaluated individually to determine the level of potential PDBE participation, and goals set accordingly.

This program is not intended to duplicate, supplement, or overlap the requirements, definitions, procedures or remedies afforded by the Americans with Disabilities Act.

**Requirements for Certification**

In order to participate in the PDBE program, a firm must be certified by the COH Mayor’s Office of Business Opportunity. The requirements for certification are:

- The PDBE applicant must possess at least 51% ownership, management, and control of the business.
- The PDBE applicant must have the training/expertise to perform the work, and where required, have a license or certificate issued in his or her name.
- The firm must be independent and currently operating.
- The firm must maintain a significant local presence in Harris, Brazoria, Chambers, Fort Bend, Galveston, Liberty, Montgomery, or Waller counties.
- The PDBE owner must submit a disability affidavit and accompanying letter from a Texas licensed medical doctor, documenting the present existence of the impairment asserted as the basis for PDBE certification.
- The firm must not exceed the size standards established by the Small Business Administration in 13 CFR Part 121 for its specific standard industry code(s).
- **Note:** For the purpose of this program, a person with a disability is defined as a citizen or legal resident alien of the United States who has a presently existing, medically determined physical or mental impairment of a chronic or permanent character, which substantially limits one or more of his or her major life activities.

**The Certification Process**

Program participation requires certification. The process can take up to 90 days from receipt of a complete application package, and includes the following steps:

- Pre-certification Workshop
- Preliminary Screening of Application
- Desk Audit
- Financial Audit
- Field Audit
- Committee Review
  a) Certification (Firm listed in Directory)
  b) Tentative denial (Firm may appeal)

**Advantages of Certification**

- Listed in the City’s MWDBE/SBE/PDBE Directory, which is updated monthly. The Directory is available on the City of Houston web page: www.houstontx.gov.
- Opportunity to bid on contracts which have PDBE goals
- Contract opportunity faxes and e-mails
- Access to workshops and seminars sponsored by the COH Mayor’s Office of Business Opportunity
- Quarterly newsletter, *The Source*

Soliciting business from the City and/or its contractors can be a frustrating, nonproductive experience if you do not learn the system. Remember, City certification does not guarantee City business. You still have to market your company to the individuals that count. These suggestions can help you secure those contracts:

I. Get a Vendor Number - This puts you in the City’s database, and helps to facilitate the payment process. Vendors can request a vendor number by going to http://purchasing.houstontx.gov. Allow at least 5 working days and then call our Vendor Desk at (832) 393-8800 to follow up on your registration form and to obtain your assigned supplier number. Vendor numbers can also be obtained in person from the Strategic Purchasing Division, 901 Bagby, Room B-120, in the basement of City Hall, (832) 393-8800.

II. Look for Opportunities - Do not wait for City contracting opportunities to come knocking on your door.

For Suppliers of Goods or Nonprofessional Services:
- Call the Bid Hotline at (832) 393-8800 for the current listing of bid advertisements over $50,000.
- Go to the basement of City Hall, 901 Bagby, to view current Requests for Proposals and bids, and to get a vendor number if you don't have one.
- Check the Notice to Bidder section in each Friday's Houston Business Journal as well as the City’s Strategic Purchasing Division’s website http://purchasing.houstontx.gov for prime and/or subcontracting opportunities. Tune in to the Houston TV on Comcast Cable TV for weekly bid advertisements – http://purchasing.houstontx.gov.
- Attend pre-bid and pre-proposal conferences to meet potential prime contractors. Schedule of pre-bid and pre-proposal conferences can be found on the City’s Strategic Purchasing Division’s web site at http://purchasing.houstontx.gov.

For Construction and Construction Related Firms:
- Check the Notice to Bidder section in each Friday's Houston Chronicle and Houston Business Journal for prime and/or subcontracting opportunities.
- Attend pre-bid conferences to meet potential prime contractors. Schedule of pre-bid and pre-proposal conferences can be found on the City’s Strategic Purchasing Division’s web site at http://purchasing.houstontx.gov.
- Contact successful low bidders to show how you can help them meet the MWDBE/SBE/PDBE goal.

For Professional Service Providers:
- Find the City department(s) that utilize your service. Call the Mayor’s Office of Business Opportunity at (713) 837-9000 for assistance.
- Architects and Engineers (A&E) should go to 611 Walker, 5th Floor, to pick up form PWE-100 for inclusion in the City’s A&E data base or on the Internet at www.publicworks.cityofhouston.gov/documents/pwe100.htm.
- Contact the City department to let them know what you do and request to be included on the Request for Proposal (RFP) list.
- Check the Houston Chronicle, the Houston Business Journal, and minority publications for Requests for Proposals.
- Attend pre-proposal conferences to meet potential prime contractors.

III. When Bidding/Proposing, Make Sure Specifications are Met.

When responding to a bid or RFP, be sure to:
- Read everything.
- Make certain that your goods or services meet City specifications.
- Sign your bid.
- Turn your bid/offer in on time. (No exceptions for late responses.)
- If you are unsuccessful, keep trying. Go to the City Secretary’s Office (City Hall Annex, Public Level, 900 Bagby) to review the successful bidder’s submission to be better prepared next time.

IV. Call the Mayor’s Office of Business Opportunity at (713) 837-9000.
I. Introduction and Purpose

The purpose of this information is to provide you with a general introduction on how to successfully do business with the City of Houston. The Strategic Purchasing Division (SPD) is open for business from 8:00 a.m. to 5:00 p.m., Monday through Friday.

SPD offices are located at City Hall, 901 Bagby, Room B-120 (Basement). PHONE: (832) 393-8800.

II. Mission

The Strategic Purchasing Division’s vision is “quality, team-based procurement services that exceed customer expectations.”

The Strategic Purchasing Division is committed to supporting the delivery of services to the public by City departments by providing quality goods and services in a cost effective and timely manner in accordance with local, state and federal laws and regulations, sound internal controls, and professional purchasing principles.

III. Registration

A. All suppliers and contractors interested in bidding on products and services procured by the Strategic Purchasing Division must request and complete a Web Site Account and a Supplier Profile to receive a vendor number. Register online to be a supplier at: http://purchasing.houstontx.gov. This application serves several purposes:

1. Identifies you as a potential bidder,
2. Provides information about your business, and
3. Identifies your company with required products and/or services.
B. It is the policy of the City of Houston to stimulate the growth of Minority, Women, Disadvantaged and Small Business Enterprises (MWDBE/SBEs) and Persons with Disabilities Business Enterprises (PDBEs) by encouraging their full participation in all phases of its procurement activities, and by affording them a full and fair opportunity to compete for all City contracts. In order for the City of Houston to achieve its expected results in accordance with its policy, it is important to:

1. Complete a Supplier Profile with the Strategic Division; and
2. File an application for participation with the Mayor’s Office of Business Opportunity’s MWDBE/SBE/PDBE programs.

The Mayor’s Office of Business Opportunity’s MWDBE/SBE/PDBE applications are required to determine whether your business is eligible to participate in the program. For further information and assistance regarding this policy, you may contact the Mayor’s Office of Business Opportunity at (713) 837-9000.

IV. Advertisement

The Strategic Purchasing Division’s bid notices are available from the following sources:

2. Suppliers and contractors may access a current listing of bid advertisements by calling the Bid Hotline at (832) 393-8762. The information is also available on the Internet at http://purchasing.houstontx.gov

3. Bids are publicly posted according to State Statute and City Charter provisions. Bids for supplies and nonprofessional services are posted in the basement in the supplier's information area of City Hall, 901 Bagby, Room B-120 and on the Internet.

4. Bid advertisements appear weekly on the Houston TV on Comcast Cable TV.

4. Actual bid documents are available on the Internet at http://purchasing.houstontx.gov

V. Solicitations

There are six types of solicitations used for procuring goods and services for the City of Houston municipal operations. They are:

- Department Purchase Orders (DPOs)
- Emergency Purchase Orders (EPOs)
- Informal Bids
- Formal Bids
- Request for Proposals (RFPs)
- Request for Qualifications (RFQs)
- Construction Contracts under $500,000
DPOs - Department Purchase Orders

Bids for DPOs are solicited by telephone, facsimile or in writing by department purchasing personnel within their level of authority. When bids are received, they are analyzed, evaluated, and a DPO is issued to the low bidder meeting specifications.

EPOs - Emergency Purchase Orders

Bids may be solicited if the nature of the emergency permits and will be handled the same as DPOs. However, in severe emergencies, requirements are not competitively bid. Emergency purchase orders are issued by departments if within their level of authority; otherwise, emergency purchase orders are issued by the Strategic Purchasing Division.

Formal Bids - Written solicitations for goods or services valued over $50,000.

These bids are taken in accordance with State law. Bids are advertised for two consecutive weeks in the Houston Business Journal and minority newspapers, then received by the City Secretary’s Office on the advertised bid due date, opened and publicly read in the City Council Chambers (unless place of opening has transferred in accordance with Section 15-3 B(5) of the City of Houston Code of Ordinances). Awards of formal bids are recommended to City Council by the City Purchasing Agent.

Prior to issuing a bid invitation estimated to be in excess of $100,000, Strategic Purchasing, in collaboration with the user department(s), reviews and researches each for the purpose of determining subcontracting possibilities. When it is evident there is MWDBE/SBE and PDBE subcontracting potential, a goal is assigned to give certified MWDBE/SBE and PDBE suppliers additional opportunity to participate in City business.

Informal Bids - Solicitations valued at $50,000 or less for goods and nonprofessional services.

Strategic Purchasing makes informal solicitations for requirements exceeding department authority by mail, telephone, or facsimile. After bids are received, they are analyzed, evaluated, and purchase orders are issued by Strategic Purchasing.

Informal bids are classified as regulated contracts to attract MWDBE/SBE and PDBE participation. When there are capable MWDBE/SBE and PDBE firms, certified by the Mayor’s Office of Business Opportunity, the user department is required to solicit participation from no less than two (2) certified MWDBE/SBEs or PDBEs, if there are two or more capable firms.

Requests for Proposal (RFPs) - Requests for Proposal are used to solicit equipment, goods, and services of a highly technical nature.

RFPs are taken in accordance with State law provision under V.A.C.S., Chapter 252. As an example, the City will solicit requests for proposals for information processing equipment, software and hardware used in conjunction with information processing equipment, telecommunications, radio and microwave systems, electronic distributed control systems, and technical services related to this equipment. RFPs are also reviewed for MWDBE/SBE and PDBE opportunities.

Construction - Projects involving improvement to City facilities amounting to $500,000 or less.

Sealed bids are taken in accordance with State law for various construction projects amounting to $500,000 or less. Bid bonds are required on all construction projects. Projects exceeding $50,000 require that the recommended bidder/awardee provide payment, performance and maintenance bonds to the City prior to requesting City Council approval of the contract/purchase order. Award of contracts are recommended to City Council by the City Purchasing Agent. Certified MWDBE/SBEs and PDBEs are encouraged to bid as prime contractors.
VI. Council Approval

All purchases in excess of $50,000 are subject to approval of City Council.

VII. Submission of Bids or Proposals/Bid Opening

All formal bids/proposals must be submitted by the specified due date and time in duplicate to the City Secretary’s Office, City Hall Annex, Public Level, (900 Bagby). The bid due date and time is specified in each bid/proposal package. The City Secretary will not accept late bids. Bids are opened and read publicly by the Office of the City Secretary each Thursday commencing at 11 a.m., unless specified otherwise. This is a public meeting held in the City Council Chambers.

VIII. Tabulations and Awards

All formal bids are tabulated by the Strategic Purchasing Division. Copies of the tabulations will be provided to any supplier upon request, and after the City Council approves the award; the first 15 pages are free of charge, subsequent pages are provided for a fee of $.12 per page. Previously advertised bids/proposals are also available upon request, for the same fee. Bid tabs are also available on the SPD web site.

Anyone may inspect the bids after the bid opening at the Office of the City Secretary, City Hall Annex, Public Level, (900 Bagby). For further information contact the City Secretary at (832) 393-1100.

IX. Insurance and Indemnification

In the bid/proposal package, Insurance/Indemnification requirements are listed for each particular contract, including types of coverage and respective limits of liability. Read this information carefully. Prior to commencing any services, proof of insurance must be provided to the Office of the City Purchasing Agent.

X. Drug Detection and Deterrence

As a condition of the award of any contract/purchase order for labor or services, a successful bidder must comply with the Mayor’s Drug Policy as specified in the bid/proposal package. Read this information carefully. The required information must be received prior to award of a contract or purchase order.

XI. Fair Campaign Ordinance

As specified in the bid/proposal package, all respondents to an invitation to bid must comply with Houston Code of Ordinances, Chapter 18 (Fair Campaign Ordinance). The Contractor Submission List, as provided in your package, is required to be submitted with each bid or proposal for a City contract having a value of $30,000. Read this information carefully.

XII. Payment

To complete the process for doing business with the City, you must invoice the City for the goods and/or services rendered.

A. Terms of Payment

The City of Houston payment policy states that payment is made within thirty (30) days after the City
has approved the invoice or after the City has accepted the goods and/or services, whichever occurs later. However, in keeping with the City’s policy to maintain good vendor relations, the City always tries to pay in a timely manner.

B. Invoicing

All invoices must be submitted in triplicate, and mailed to the department shown on the purchase order to avoid delays in payment. If you have payment problems, contact the department’s payables contact person shown on the purchase order. Goods and/or services must be itemized as to quantity, part number, description, and applicable discount. Invoices must show the department, division or section to which the goods and/or services were rendered.

❖ Most important - Do not forget to show the City of Houston’s Purchase Order or Contract Number on your invoice. Also, to expedite payment, invoice exactly as shown on the purchase order. The City’s automated purchasing and financial systems require a three (3)-way match of the purchase order, the receiver, and the invoice to complete a payment transaction.

The General Services Department was created in July 1999 to serve as the city’s in-house developer, providing a full range of services including project, property, energy and security management.

The Administrative Services Division is divided into four sections: Real Estate Management, Human Resources, Energy Management and Procurement, and Financial Services. In addition to personnel, payroll and benefits-related matters, Human Resources also oversees safety issues. Financial Services administers all accounting activity including, accounts payable and receivable, CIP payables, service contracts, contract procurement transactions and budgetary approvals for the entire department. This Division also oversees the management of city energy resources, including energy conservation, performance contracting and procurement of energy in a deregulated market. In addition, the Administrative Services Division also manages real estate leases and relocation of in house personnel.

The Design & Construction Division implements the design and construction of Capital Improvement Projects on behalf of other city departments. In addition, this Division is responsible for the environmental assessments for city facilities, renovations, lease negotiations, furniture acquisitions, interior architecture and space planning for client departments, as well as administers the city’s inspection and environmental services.

As part of our Property Management Consolidation Plan, we provide property management and security services to those departments whose facilities are under our purview. It is our Property Management Division that keeps us in touch with the fundamentals of good housekeeping: clean bathrooms, polished floors and fixtures, manicured grounds - all signs that our employees care.

611 Walker
Houston, TX 77002
1. **Are there separate guidelines for the utilization of PDBE firms?** No. PDBE firms operate under the same administrative procedures and guidelines as MWDBE/SBE firms.

2. **How much of the work may I subcontract?** The City requires that no more than 50% of an MWDBE/SBEs or PDBEs work be subcontracted to a MWDBE/SBE/PDBE or non-minority firm, without a specific waiver from the Mayor’s Office of Business Opportunity. Before agreeing to work on a project, make sure that you can do at least 50% of it with your own workforce and resources.

3. **What is a locally based company?** The Mayor’s Office of Business Opportunity certifies firms to do business on City funded projects that have a local presence, i.e., have a functioning business office in the greater Houston Primary Metropolitan Statistical Area (PMSA), which consists of Harris, Waller, Montgomery, Chambers, Brazoria, Liberty, Fort Bend, and Galveston counties.

4. **What is a pre-bid conference?** A pre-bid or pre-proposal conference is scheduled by the City department to inform prospective prime contractors and subcontractors of the specifics and details of the bid/proposal. Many adjustments and deletions to the scope of work are made at these conferences, so attendance is strongly recommended. These conferences are also an excellent way to meet prime contractors and market your services/products to them. The bid/proposal documents and notices contain the date and location of the pre-bid conference. (Website: http://purchasing.houstontx.gov)

5. **Where can I learn about upcoming bids/proposals?** How are bids/proposals advertised? Refer to the Ins and Outs of City Contracting section of this publication. (Website: http://purchasing.houstontx.gov)

6. **When doing research for bids - is there a way to review previous bids?** Yes, you may go to the City Secretary's Office, City Hall Annex, 901 Bagby, Public Level, P101 and request a copy of the previous winning bid.

7. **Does the City work with local banks to provide short-term financing for working capital to companies awarded City contracts?** Currently, the City does not have any formal agreements with any local banks to provide this type of service. Loans are available through the Houston Business Development, Inc. at (713) 845-2400; the Small Business Administration at (713) 773-6500; and the Houston Minority Supplier Development Council at (713) 271-7805.

8. **What happens once a contract is awarded with a MWDBE/SBE participation goal?** Once a contract is approved by City Council, the Contract Compliance section of the Mayor's Office of Business Opportunity mails a letter to the prime contractor and the MWDBE/SBE/PDBE subcontractors to verify information on the contract. The prime contractor is required to submit an online MWDBE/SBE/PDBE utilization report, which is confirmed by the MWDBE/SBE/PDBEs.

9. **What types of information should I maintain?** The City and Controller's Office have the right to examine the books and records of all subcontractors that relate to performance under the prime contract. We strongly recommend that the following information be kept for each City contract: Project Name, Contract Number, Start Date/End Date, Award Date, Percentage of Your Award, Amount of payments received monthly for each contract, Prime Contractor's Name, Address, Telephone Number, and Contact Person. This information should be maintained for a minimum of three years. Remember that the Internal Revenue Service requires up to seven years on some records.
10. **What is the vendor number?** The vendor number is issued by the Finance and Administration Department’s Strategic Purchasing Division located at City Hall, (901 Bagby) Basement, Room B-120 after the Supplier Qualification Questionnaire is completed by any company wishing to do business with the City of Houston. Vendors can request a vendor number by going to www.faspd.ci.houston.tx.us/vendor_registration.htm. Vendor numbers can also be obtained in person from the Strategic Purchasing Division. The vendor number is an identifier to computerize vital statistics associated with a company, i.e., name, address, telephone, contact, and commodities sold. All companies are required to have a vendor number prior to commencing work with the City. Note that inactive vendor numbers are periodically purged from the system, so updating the vendor number information is recommended. Call (832) 393-8800 for more information.

11. **How do I qualify for the Texas Unified Certification Program (TUCP)?** If you are certified as a Disadvantaged Business Enterprise (DBE) with the City you are automatically qualified to be included in the TUCP through monthly downloads from our system to their computer listing.

12. **How do I become certified with the City’s Minority, Women, Disadvantaged, and Small Business Enterprise Program and the City’s Persons with Disabilities Business Enterprise Program?** A pre-certification workshop is held every Thursday at 2:00 p.m. at 611 Walker, 7th floor conference room. This workshop covers the requirements for certification and the documents required to be submitted, and discusses any questions concerning your company’s qualifications.

13. **How long is the certification process?** The certification process can take up to 90 days to complete, once a complete application package is received.

14. **What does the certification process consist of?** The certification process consists of an Initial Screening; a Desk Audit, Financial Audit, Field Audit; and Committee Review.
CONSTRUCTION SUBCONTRACTING

How Can I Become a Subcontractor on a City of Houston Construction Project?

Check the Houston Business Journal to find out current bid opportunities
http://www.bizjournals.com/houston/

Does the City of Houston hire subcontractors?
No. The City awards contracts only to prime contractors. Any prospective subcontractor must negotiate directly with contractors who are bidding the entire project.

How can I find out beforehand who is going to bid on a project?
The Department of Public Works and Engineering's Construction Document Distribution Center, located at 611 Walker, street level lobby, maintains a list of firms which have picked up plans and specifications for all projects that are currently being offered for bid. The names, addresses, and telephone numbers of all plan holders are available for anyone who is interested and may be picked up on the second floor.

How can I submit a bid?
Contact all prospective prime contractors and persuade them that you are qualified to do the work on the part of the project in which you are interested.

How can I convince the prime contractor that I am qualified to do the job?
A personal interview is the most effective means of communication. At that time, resumes, brochures, pictures, financial statements, examples of recently performed work and other documents and letters of reference can be presented to the prospective prime contractor. If the prime contractor you are dealing with accepts your bid, and if that same contractor is awarded the contract, then, if yours is the best bid, you stand a very good chance of becoming a subcontractor on the project. A certificate of agreement is required of the prime contractor before council awards the City project.

Do I have to produce a bid bond in order to participate on a City of Houston construction project?
Bonding requirements for subcontractors are a private matter to be negotiated with the prospective prime contractor.

What are the insurance requirements on a City of Houston construction project?
Insurance requirements, like bonding, are a private matter to be negotiated with the prospective prime contractor.

- Performance Bond
- Payment Bond

Note: The Mayor's Office of Business Opportunity offers two workshops that might be of interest to you. The workshops are: 1) How to Do Business with the City of Houston and 2) How to Package a Successful Bid. For more information about these workshops, call (713) 837-9043.
CONSTRUCTION CONTRACTING I

How Can I Become a Prime Contractor on a City of Houston Construction Project?

Check the Houston Business Journal to find out current bid opportunities
http://www.bizjournals.com/houston/

What type of construction does the City do?
The Department of Public Works and Engineering and General Services Department are responsible for the acquisition, design, and construction of various projects including: water plants, wastewater treatment plants, libraries, health clinics, multi-service centers, fire stations, police stations, other miscellaneous public buildings, as well as park facilities, water mains, sanitary sewers, storm sewers, streets, and bridges.

How can I get on the Department of Public Works and Engineering bidder's list?
The Department of Public Works and Engineering does not maintain a bidder’s list for construction projects.

How can I find out what is going to be built?
The City is required by state law to advertise in a large daily newspaper every project that is going to be constructed. Our ads appear in the Houston Business Journal in the Classified Section under “Bids and Proposals.” Every City of Houston Notice to Bidders is signed by Anna Russell, City Secretary.

Where can copies of the project specifications be obtained?
Generally, project specifications can be obtained from the Construction Document Distribution Center located at 611 Walker, street level lobby, at a cost of $50.00 per set. However, some specifications will be made available from outside consultants and must be picked up at their facilities. This will be noted in the advertisement.

Can I bid on projects where my experience is limited? Are there any pre-qualifications that I must have before bidding?
All bidders are required to submit a Bid Bond, certified check, or cashier's check in the amount of 10% of the total bid amount for the project with the bid proposal. Additionally, firms bidding on street & bridge projects are required in some cases to be pre-qualified. Information on becoming pre-qualified can be found at the City of Houston's Public Works and Engineering Department’s web site. Some General Services Department projects require submittal of qualifications, in addition to bid price.

Bid preparation
1. Study advertised Notice to Bidders very carefully (a small error can cause your bid to be rejected).
2. Submit one bid proposal. It must be signed by the owner, partner or other authorized person and include a valid Bid Bond and power of attorney as required.
3. Do not qualify your bid. Qualified bids will be rejected.
4. Complete all applicable forms. Acknowledge and/or include addendum to the project.
5. Bid proposals will be accepted only at the City Secretary’s Office at City Hall Annex, Public Level, Room P101 and must be received no later than the time and date specified on the Notice to Bidders.

DO NOT send to Mail Room.
DO NOT send to Department of Public Works and Engineering.
DO NOT send to Mayor’s Office.
CONSTRUCTION CONTRACTING II

Can a non-resident of the State of Texas bid on City of Houston construction projects?
Yes. Non-residents may bid on City of Houston projects. There are no residency requirements for submitting bids on City projects.

Is a general contractor's license required?
No. A general contractor's license is not required in the State of Texas or the City of Houston.

Who decides whose bid will be accepted?
Sealed bids are submitted to the City Secretary's Office prior to the time and date noted on the Notice to Bidders. Bids will be accepted on the designated bid date. The bid proposals will be opened and read by the City Secretary.

Since state law requires competitive bidding on all construction projects, the lowest responsible bidder is usually awarded the contract. The bids are reviewed by the department advertising the bids. The department also makes the recommendation to award.

It is, however, Houston City Council's sole responsibility to make the decision regarding to whom the construction contract shall be awarded.

When the General Services Department uses a Competitive Sealed Proposal or Design-Build delivery process, as allowed by State law, a selection committee composed of City Department personnel will evaluate proposals, based on a published scoring system, which includes qualifications as well as bid prices. Then City Council will determine the successful contractor based on the City Departments' recommendations.

Registering with the Strategic Purchasing Division of the City of Houston

All suppliers and contractors interested in registering with the City of Houston and/or bidding on products and services procured by the City of Houston, Strategic Purchasing Division, must first register for a Web Site Account (http://purchasing.houstontx.gov). Once a user name and a password are obtained, you may then proceed to place bids, update your company profile and complete and submit a Supplier Registration Form to get on the City of Houston registered supplier list. New supplier registration is not complete until you fax to 832-393-8761 an IRS W-9 form (http://purchasing.houstontx.gov). The information on this form must be the same as listed on the request for Taxpayer Identification Number as required by the Internal Revenue Service.

This registration also serves several other purposes:

- Identifies you as a potential bidder;
- Captures contact information about your business; and
- Identifies your company with required products and/or services.

THE INFORMATION ABOVE IS TAKEN FROM THE CITY’S STRATEGIC PURCHASING DIVISION’S WEBSITE AT http://purchasing.houstontx.gov

FOR MORE INFORMATION, PLEASE CALL 832-393-8800.
