

Tri-City Slalom Series

Houston Parks and Recreation Department Tri-City Slalom Series

This year-long event offers wheelchair athletes the opportunity to test their skill, speed, and maneuverability through a timed obstacle course. Monthly events will rotate between the Metropolitan Multi-Service Center in Houston, Pasadena's Multi-Purpose Recreation Center, and Pearland's Recreation Center and Natatorium.

Anyone who uses a manual or power wheelchair for mobility can participate. Monthly team and individual competitions will lead to the final "Super Slalom" event at the Metal & Muscle Expo in November. There will be three divisions: Manual Para, Manual Quad, and Power Chair.
