

Ballet Folklórico

Houston Parks and Recreation Department

Las Américas Ballet Folklórico

Las Américas Ballet Folklórico promotes the richness of the Hispanic heritage and cultures by offering performances to youth and adults.

It's primary purpose is to promote an appreciation for the heritage and cultures of Mexico, Spain, Central and South America through the media of dance and music. We invite the youth of our community to participate in our organization and encourage them to become involved in various programs that develop their academic and social skills through the cultural arts.
