

Corral The Grease

Houston Parks and Recreation Department

Corral the Grease Partnership Program

JUNE and JULY 2015 SCHEDULE

The Corral the Grease on-site presentation, lead by Bill Goloby, is approximately 20 minutes long. The presentation will provide resources to help encourage and educate participants on recycling. Starting with an overview of how water enters our homes and what happens to the dirty water that exits our homes; with a focus on things that don't go down the drain, especially grease. A PowerPoint presentation engages the children in a song. The youth are given items to take home to their parents to help them Corral the Grease in their kitchens, a wristband for the children to wear and a new custom designed activity book for the children to take home and complete
