APPROVAL CRITERIA

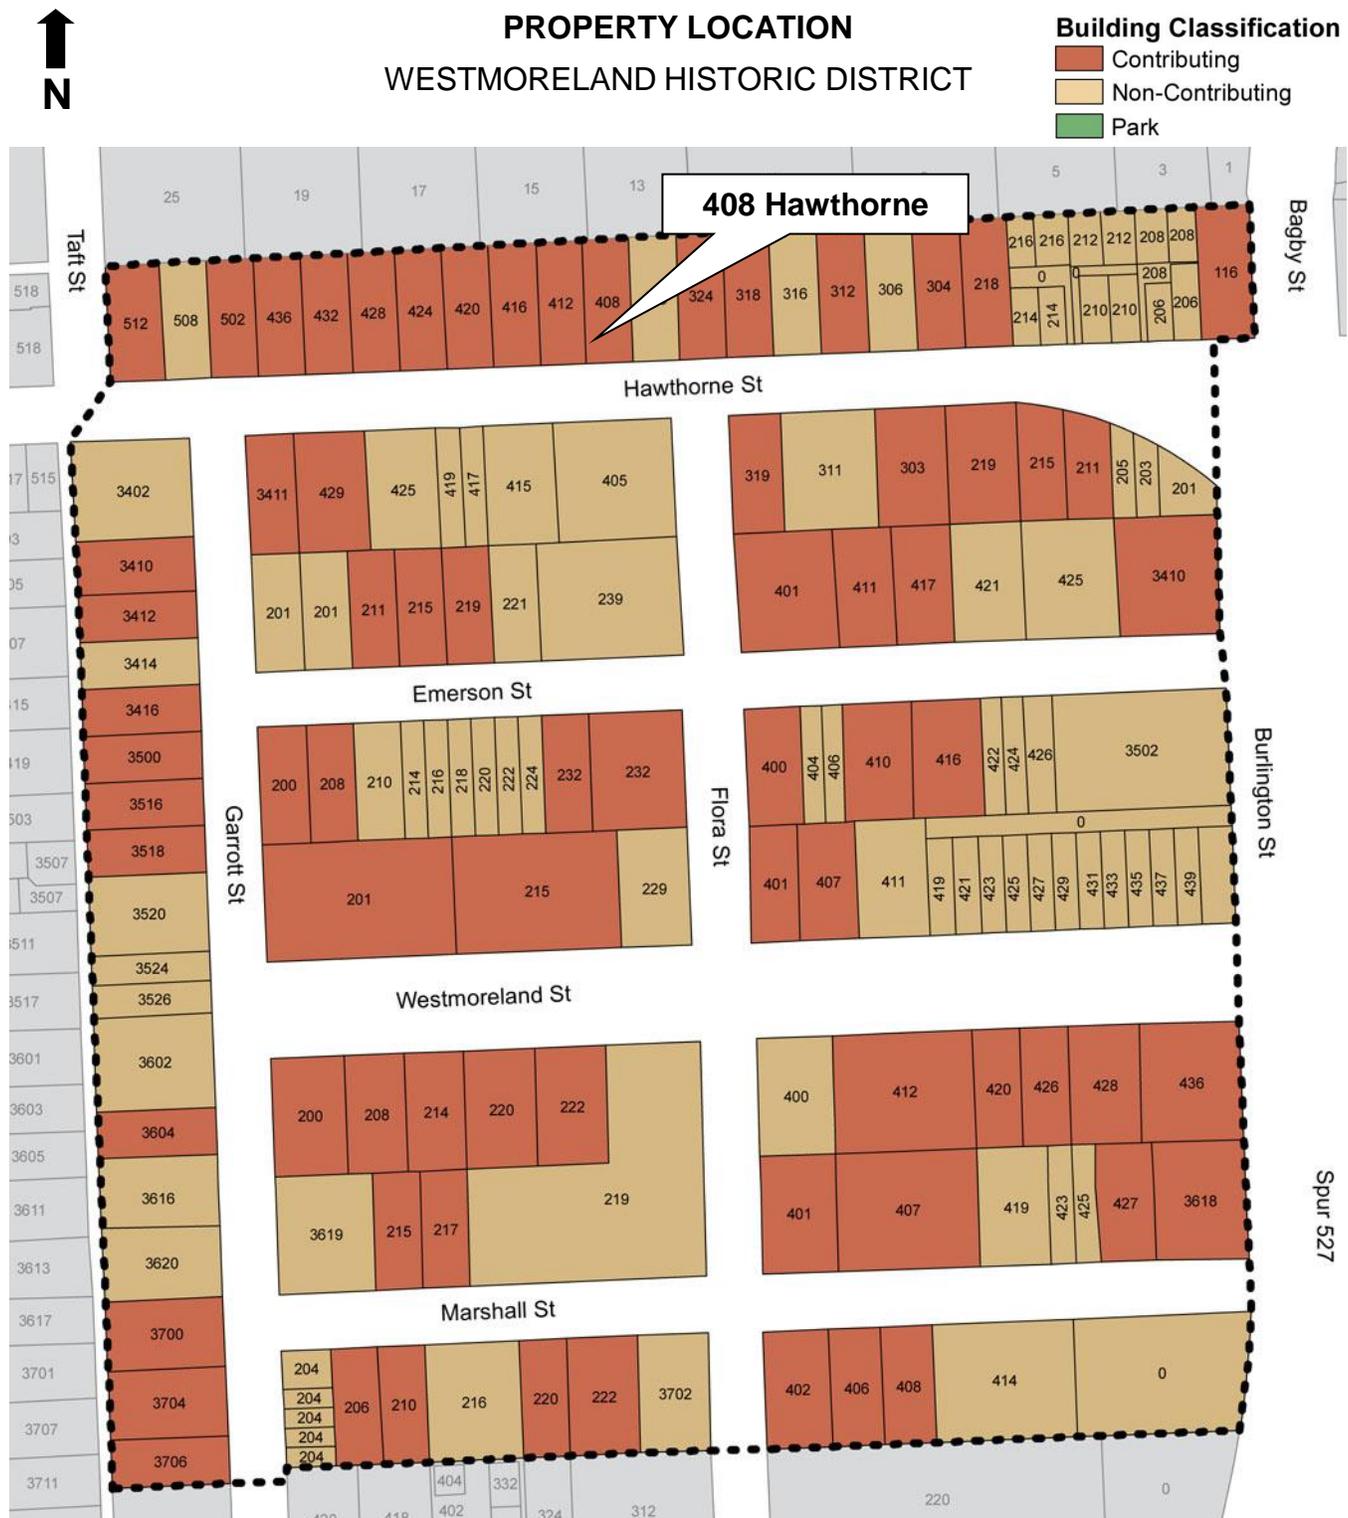

ALTERATIONS, REHABILITATIONS, RESTORATIONS AND ADDITIONS

Sec. 33-241: HAHC shall issue a certificate of appropriateness for the alteration, rehabilitation, restoration or addition of an exterior feature of (i) any landmark, (ii) protected landmark, (iii) any building, structure or object that is part of an archaeological site, or (iv) contributing building in a historic district upon finding that the application satisfies the following criteria, as applicable:

S D NA

S - satisfies D - does not satisfy NA - not applicable

- (1) The proposed activity must retain and preserve the historical character of the property;
(2) The proposed activity must contribute to the continued availability of the property for a contemporary use;
(3) The proposed activity must recognize the building, structure, object or site as a product of its own time and avoid alterations that seek to create an earlier or later appearance;
(4) The proposed activity must preserve the distinguishing qualities or character of the building, structure, object or site and its environment;
(5) The proposed activity must maintain or replicate distinctive stylistic exterior features or examples of skilled craftsmanship that characterize the building, structure, object or site;
(6) New materials to be used for any exterior feature excluding what is visible from public alleys must be visually compatible with, but not necessarily the same as, the materials being replaced in form, design, texture, dimension and scale;
(7) The proposed replacement of missing exterior features, if any, should be based on an accurate duplication of features, substantiated by available historical, physical or pictorial evidence, where that evidence is available, rather than on conjectural designs or the availability of different architectural elements from other structures;
(8) Proposed additions or alterations must be done in a manner that, if removed in the future, would leave unimpaired the essential form and integrity of the building, structure, object or site;
(9) The proposed design for any exterior alterations or addition must not destroy significant historical, architectural, archaeological or cultural material, including but not limited to siding, windows, doors and porch elements.
(10) The proposed alteration or addition must be compatible with the massing, size, scale material and character of the property and the context area; and

408 Hawthorne, Contributing, c.1907 (Photo #10) Legal Description: Block 1, Lot 17 Description: 2-story frame house with clapboard siding. There is porch on front facade with shed roof supported by paired Doric columns on piers, which divide front facade into two bays. Wood sash, double-hung windows with 1/1 light configuration. Entry is through single door with transom. The pyramidal roof has dormers with windows and wood shingles on dormer ends. Significance: Late Queen Anne style house built by J. J. Shannon and first occupied by Nannie A. Prouty. Occupied by Mrs. Lovie K. Griffiths and her daughter, music teacher Bessie Griffiths from 1920 until at least 1951. Retains high level of integrity.

### PROJECT DETAILS

**Roof:** The proposed front porch roof will be modified from a pitch of 1/12 to 3/12 to improve drainage. The current porch roof pitch causes water to drip through the framing and into the house. As noted during a recent repair of the porch, the low pitch has led to significant water damage and rot to the front porch façade, balcony railing and supporting columns. The proposed change will restore the front porch from a nearly flat roof to a slightly pitched roof slope that is typical in the Westmoreland Historic District.

**Front Elevation:** Non-original second-story porch will be removed and a new hipped roof will be constructed. No other changes to the house will be made.
