Diana, I know you are out but wanted to provide input for this month's HAHC agenda.

HHEHD – 1246 Columbia, no objection; 1341 Cordant, object, window needs to be vertically oriented to be compatible with typical district window proportions; 1515 Oxford, object, fixed windows, square windows, faux shutters, and 2<sup>nd</sup> story breezeway connection are not compatible with typical district elements.

HSHSD – 102 W 11<sup>th</sup> St, object (this should be listed in the HHEHD), proposed sign area proportion to total façade area exceeds other contributing commercial sign proportion in the district (HHEHD); 113 E 4<sup>th</sup> St, I will defer to Pete Stockton's report as to the suitability to restore this existing contributing structure

~~HHWHD – 201 W 16<sup>th</sup>, no objection to relocation of garage door from alley side to front street side of garage but no driveway opening should be granted to Yale as this is a major thoroughfare and residential access should be denied to this congested street; 1205 Rutland, no application was posted; 1411 Ashland, application is incomplete.~~
