Susan L. Goll, owner

Property Description

A 1920s 2 bedroom, 1 bath wood-frame bungalow/cottage with small front porch. Per HCAD, current square footage is 1,176 for the house and 112 for the front porch.

Owner has lived in the house since purchasing the property in 2009 and has added a new roof, HVAC, gas-lines, electrical service, tank-less water heater and fencing, and has restored several of the original windows. Most of the original #117 siding is intact and needed repairs have been made with reclaimed 117 patterned siding as available. House was painted about two years ago.

The proposed addition will replace a non-original storage shed off of the back of the house which is structurally unsound due to previous termite damage, lacks climate control, and obstructs the rear entry to the house. Included in the addition will be space for a small second bathroom.
