

**CERTIFICATE OF APPROPRIATENESS**

**Application Date:** September 30, 2015

**Applicant:** Liliana Carvajal, Tricon Homes for Tristan Berlanga, Tricon Homes, owner

**Property:** 1808 Kane St, Lot 7, Block 443, Baker W R NSBB Subdivision. The property includes a historic 1,755 square foot, one-story wood frame multi-family residence situated on a 5,000 square foot (50' x 100') interior lot.

**Significance:** Contributing residence, constructed circa 1890, located in the Old Sixth Ward Historic District.

**Proposal:** Alteration – The applicant received a conditionally approved COA in August 2015 to replace non-original windows with 6-over-6 wood windows within the existing openings, among other work. The applicant is proposing to revise the location of one window on the west elevation by moving it straight down 1'-11" to align with existing windows, and to resize it from 84" tall to 72" tall to match the original windows.

See enclosed application materials and detailed project description on p. 4-10 for further details.

**Public Comment:** No public comment received.

**Civic Association:** No comment received at this time.

**Recommendation:** Approval

**HAHC Action:**

**APPROVAL CRITERIA**

**ALTERATIONS, REHABILITATIONS, RESTORATIONS AND ADDITIONS**

Sec. 33-241(a): HAHC shall issue a certificate of appropriateness for the alteration, rehabilitation, restoration or addition of an exterior feature of (i) any landmark or protected landmark, (ii) any building, structure or object that is contributing to an historic district, or (iii) any building, structure or object that is part of an archaeological site, upon finding that the application satisfies the following criteria, as applicable:

- | <b>S</b>                            | <b>D</b>                 | <b>NA</b>                           |   |
|-------------------------------------|--------------------------|-------------------------------------|---|
|                                     |                          |                                     | <b>S - satisfies    D - does not satisfy    NA - not applicable</b>   |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (1) The proposed activity must retain and preserve the historical character of the property;  |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (2) The proposed activity must contribute to the continued availability of the property for a contemporary use;   |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (3) The proposed activity must recognize the building, structure, object or site as a product of its own time and avoid alterations that seek to create an earlier or later appearance;   |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (4) The proposed activity must preserve the distinguishing qualities or character of the building, structure, object or site and its environment;   |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (5) The proposed activity must maintain or replicate distinctive stylistic exterior features or examples of skilled craftsmanship that characterize the building, structure, object or site;  |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (6) New materials to be used for any exterior feature excluding what is visible from public alleys must be visually compatible with, but not necessarily the same as, the materials being replaced in form, design, texture, dimension and scale;   |
| <input type="checkbox"/>            | <input type="checkbox"/> | <input checked="" type="checkbox"/> | (7) The proposed replacement of missing exterior features, if any, should be based on an accurate duplication of features, substantiated by available historical, physical or pictorial evidence, where that evidence is available, rather than on conjectural designs or the availability of different architectural elements from other structures; |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (8) Proposed additions or alterations must be done in a manner that, if removed in the future, would leave unimpaired the essential form and integrity of the building, structure, object or site;  |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (9) The proposed design for any exterior alterations or addition must not destroy significant historical, architectural or cultural material and must be compatible with the size, scale, material and character of the property and the area in which it is located;   |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (10) The setback of any proposed construction or alteration must be compatible with existing setbacks along the blockface and facing blockface(s);  |
| <input type="checkbox"/>            | <input type="checkbox"/> | <input type="checkbox"/>            | (11) The proposed activity will comply with any applicable deed restrictions.   |

**OLD SIXTH WARD DESIGN GUIDELINES**

- |                                     |                          |                          |   |
|-------------------------------------|--------------------------|--------------------------|---|
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | In accordance with Sec. 33-276, the proposed activity must comply with the City Council approved Design Guidelines. |

### PROJECT DETAILS

**Windows/Doors:** The residence contains aluminum and wood windows. The applicant was approved to replace the aluminum and wood 2-over-2 windows with 6-over-6 wood windows of the same size in the same locations. Also to replace a door on the west side with a window. The revision lowers an aluminum 36" by 84" window located at approximately 11' from grade on the west side by 1'-11" to be in line with the remaining windows, and replaces it with a 36" by 72" window.

**Exterior Materials:** The residence is clad in wood lap siding. The revision relocates existing wood siding to fill in above the new window location on the west side.

**Side Elevation:** The existing residence contains two multi-divided lite aluminum windows, two 1-over-1 aluminum windows and a wood door on the rear addition. The applicant was approved to remove the rear addition, replace the door with a 6-over-6 wood window and replace the other windows with wood 6-over-6 windows. The revision resizes a 36" by 84" window to 36" by 72" and moves the opening down by 1'-11" to be in line with the headers of the remaining windows.
