### PROPOSAL:

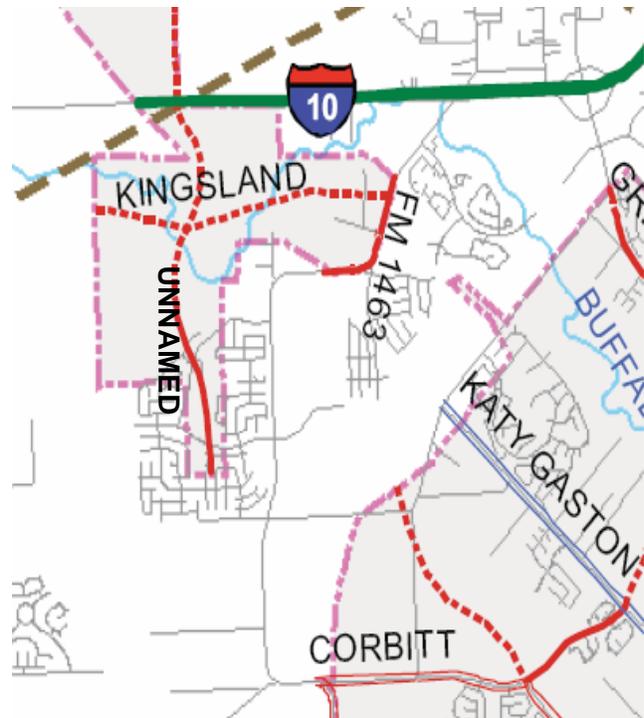

Realign the proposed extension of Bartlett Road, south of IH 10, to be aligned with proposed extension of Cane Island Parkway.

### JUSTIFICATION & HISTORY:

Major thoroughfares in the subject area were first included within Planning Commission's jurisdiction in 1986. No modifications have been made to the City of Houston (COH) Major Thoroughfare and Freeway Plan (MTFP) since then. Texas Department of Transportation has planned for an interchange approximately 3000' west of FM existing FM 1463 interchange. Currently there is no interchange planned at the proposed extension of Bartlett Road and IH 10. Fort Bend County's (FBC) Major Thoroughfare Plan (MTP) indicates a north-south thoroughfare that extends south of the proposed interchange of Cane Island Parkway and IH 10. City of Katy's Thoroughfare Plan reflects the alignment of Cane Island Parkway within their jurisdiction.
