Dear Marlene,

Please allow this letter to serve as applicant's request to withdraw Miller Wilson Road from north of FM 1960 to FM 2100 from the 2013 MTFP amendment list. With a proposed development in Liberty County and a realignment of the Grand Parkway, we have every intention to pursue an amendment next year with the following recommendations:

- Extend Miller Wilson from Kingwood to the Houston ETJ line. This will involve coordination with Liberty County.
- Leave Oakleaf on the MTFP map and downgrade the road to a major collector
- Extend Huffman New Caney to the northeast to make a connection with Plum Grove south of the proposed realigned Grand Parkway.

Sincerely,

Frederick Mathis, Jr. P.E.
