# JUSTIFICATION

- San Jacinto-Fulton Street between Central Business District and Hogan Street, classified as a major thoroughfare in 2009.
- The designation of Burnett Street as the primary east-west collector street will reduce the displacement of vehicular traffic through the neighborhood while providing better access to the developments along the corridor.
- City of Houston is coordinating with METRO and Hardy Yards Development to improve east-west access and mobility.
- The proposed designation is in keeping with the 2010 Livable Center Study for the Northside neighborhood.
