INFORMATION & REFERENCE GUIDE

Variance & Special Exception Requests (Development Plats)

City of Houston Planning & Development Department

www.houstonplanning.com

Last updated, March 2013
OVERVIEW

This Planning and Development Department Reference Guide provides a summary of the requirements for development plat applications (sometimes called “site plan review”) requesting a variance or special exception. A variance is defined as a commission-approved deviation from the requirements of Chapter 42, whereas a special exception is a commission-approved adjustment to a requirement of Chapter 42, Article III.

The variance and/or special exception application process begins at the Planning & Development Department’s offices within the Code Enforcement Building located at 1002 Washington. Once submitted and verified to be complete, review of the application and presentation before the Planning Commission will be handled by a staff member located at our 611 Walker Street office downtown. The Houston Planning Commission meets every other week at the City Hall Annex located at 900 Bagby Street unless otherwise posted. (See “Appendix L” for parking information)

For complete information on requirements, please refer to Chapter 42 of the City of Houston Code of Ordinances.

PRE-SUBMITTAL MEETING

Applicants are encouraged to meet with the Planning and Development Department staff prior to submitting an application with a variance or special exception request. During the pre-submittal meeting staff will identify potential concerns about the proposed project and answer specific questions regarding the process or Chapter 42 requirements. Since staff will be unable to complete a thorough review of the proposed project prior to receiving a formal application, we cannot provide a recommendation at the Pre-Submittal Meeting. To request a “Development Plat Variance Pre-Submittal Meeting”, please call (713) 837-7701 or email planning.variances@houstontx.gov.

DEADLINES

- A complete application and notification package must be received no later than 11:00 a.m. on the submittal date identified by the Planning Commission Meeting Schedule. A copy of the schedule is available on the Planning and Development Department website at www.houstonplanning.com.

- Site signage must be installed on the submittal date. (see “Site Signage” section for details)

- Photographs of the site signage must be included within the notification package or emailed to planning.variances@cityofhouston.net no later than 5:00 p.m. on the submittal date.

- Photographs for site signage on deferred applications must be emailed to staff no later than 5:00pm on the Monday following the Commission meeting where the item was deferred or staff will recommend disapproval.

- Revised and/or additional information requested for variance or special exception applications where final action was deferred by the Planning Commission must be submitted to staff no later than noon on Wednesday following the Commission meeting.
SUBMITTAL REQUIREMENTS

Applications requesting a variance or special exception are subject to the submittal requirements of Chapter 42, Division 2. The following material must be provided to the Planning and Development Department prior to Planning Commission consideration of the application:

- **Complete Application** submitted via email to planning.variances@cityofhouston.net that is in compliance with the requirements and standards of Chapter 42. The application form can be downloaded from our website at www.houstonplanning.com, under “Department Links” select “Forms” then click on “Variance Form: Development Plat Variance” (See “Appendix A”)

- **Complete Variance and/or Special Request**
  - **Variance Request** form must: (see “Appendix B”)
    - Clearly identify the specific requirement for which the variance is sought;
    - State the extent of the variance sought;
    - Provide a detailed explanation of the hardship(s) that justifies the granting of the variance; and
    - Provide detailed statement of facts addressing each of the conditions for commission approval provided in Section 42-81.

- **Site Survey** (to scale) submitted electronically with the application showing relevant features is required when:
  - Requesting a variance to the building line or right-of-way dedication requirements of Chapter 42. The survey must show the location and dimensions of the roadway paving section(s), sidewalk(s), tree(s) and other physical characteristics that are within the rights-of-way adjacent to the subject tract, or
  - Requesting a variance or special exception where an onsite physical characteristic(s) is being used to justify the request. Examples include, but are not limited to, existing structures, trees, water features, utilities, etc.

- **Site Plan** (to scale) submitted electronically with the application showing the property as it is proposed to be developed, including structures (existing & planned), property ingress/egress, internal driveways, parking configuration, trees and landscaping.

- **Building Plans** (to scale) submitted in person or electronically with the application showing the proposed structure(s) within the subject site. Please make sure the set of building plans is an expendable copy, as the plans will not be returned.

- **Aerial Photo Exhibit** submitted electronically with the application showing the subdivision site superimposed on a recent aerial photo of the property, with the adjacent conditions such as planned/proposed streets, public rights-of-way, drainage easements, water bodies, etc.

- **Ownership Records** submitted electronically when requesting to take access from a private easement outside the property boundary. Documents must be legible and complete.

- **Any Additional Documentation** referenced in the variance or special exception request. All documentation must be legible and submitted electronically with the application.
□ Complete Notification Package submitted to the Planning and Development Department. This requirement applicable for applications filed for property that is partially or entirely within the city limits. See Section 42-83 for complete information on the notification requirements.

NOTIFICATION PACKAGE

Chapter 42 requires notification for variances and special exceptions that are requested with applications for property partially or entirely within the city limits. See Sections 42-81(g), 42-82(f) and 42-83 for exceptions to the requirement and specific notification provisions. The following information must be included within the “notification package” submitted to staff by the submittal deadline:

□ A County Appraisal District Map identifying the proposed plat boundaries and all surrounding properties whose owners must be notified. The 250-foot notice radius and 500-foot notification of properties abutting a street or private roadway adjacent to the subject site must be identified on this County Appraisal District Map. The map must be legible and to scale. This map will be used by staff to verify property owners being notified. (see “Appendix C”) For examples on how to measure the notification area, please see Appendix D.

□ A copy of the County Appraisal District Record or tax statement for each property within the 250-foot notice radius, as well as properties that are along a blockface that abuts any street or private roadway extending 500 feet from the plat as measured along the centerline of any street or private roadway that abuts the boundary of the plat. Record or statement must be less than 30 days old when submitted. (see “Appendix E”)

□ Stamped (not metered) Envelopes addressed to each property owner in the notice area. The return address area must be left blank. Indicate the lot and block numbers, or reserve letters, corresponding to each property owner on the lower left-hand corner of the front of each envelope. Please note that metered envelopes are not acceptable because the postage is valid only for the meter date. In cases which the appraisal district records or tax statements show the same owner name and owner address for multiple property accounts, only one envelope is needed for that owner/address. (see “Appendix F”)

□ Excel Spreadsheet submitted on the DRC with notification envelope information: “owner line 1”, “owner line 2”, “address line 1”, “address line 2”, “City”, “State”, “Zip Code”, “Legal Description”, “Property Address” and “Property Zip Code” (see “Appendix G”)

□ Photos submitted electronically of each sign taken from the adjacent right-of-way (as a citizen would see the sign from a parked vehicle in front of the property) must within with the notification package of the application or emailed no later than the date of the sign posting deadline. Signs depicted in the photograph should be legible and location of sign on property should be apparent.

□ A Site Signage Locator Map of the subject property should be included with the application that clearly shows the location of each notification sign posted within the property. (see “Appendix H”)

City of Houston – Planning & Development Department
SITE SIGNAGE

- One Notification Sign is required facing each street or private roadway adjacent to the subject site. (see “Appendix I”)
  - The site address must appear on the sign. Please include the project reference number provided by the City of Houston at submittal.
  - If an application is requesting a special exception, please substitute the term “special exception” in place of “variance” on the sign.
  - Identify the purpose of the variance(s) or special exception(s). (See “Appendix J”)
  - Identify the proposed land uses, if known.
  - **Minimum Sign Size:** 4 feet by 8 feet
  - **Sign Location:** not more than 15 feet from each street or private roadway.
  - **Sign Lettering:** must be legible from the street or private roadway.

- The date, time, and place of the meeting at which the commission will next consider the application, updated to reflect any changes in the date, time, and place of the meeting, including if the applicant’s plat is deferred by the commission, or if the public hearing is postponed for any reason.

- Failure to maintain signs on site until final action by the Commission on the variance or special exception may result in deferral or disapproval of application.

- If no street or private roadway borders the site, if the street or private roadway is not improved, or if more than four (4) signs would be required, please contact the Planning Department at 713-837-7701 or via email at planning.variances@cityofhouston.net for further instructions.
Variance & Special Exception Quick-Check List

General Submittal Requirements:

☐ Pre-Submittal Meeting with Staff
☐ Complete Development Plat Application
☐ Verify Chapter 42 Submittal Requirements
☐ Complete Variance or Special Exception Request
☐ Verify Chapter 42 Planning Standards Compliance
☐ Applicable Fees
☐ Site Survey
☐ Site Plan
☐ Copy of Building Plans
☐ Aerial Photo Exhibit
☐ Ownership Records (if applicable)
☐ Additional Documentation (if applicable)
☐ Notification Requirements

Notification Package Requirements: Electronic and Parper copies required

☐ County Appraisal District Map
☐ County Appraisal District Records
☐ Stamped Envelopes
☐ Excel Spreadsheet

Site Signage Requirements:

☐ Sign Posted on Time
☐ Sign Minimum Size
☐ Sign Location(s)
☐ Sign Lettering
☐ Sign Information
☐ Sign Photos
☐ Site Signage Locator Map

City of Houston – Planning & Development Department
Appendix B
(Example: Variance Request Form)

Houston Planning Commission
City of Houston Planning and Development Department

APPLICANT’S STATEMENT OF FACTS

SUMMARY OF VARIANCE CONDITIONS (BE AS COMPLETE AS POSSIBLE):

In this section, clearly identify the specific requirement for which the variance is being sought and state the extent of the variance request. Provide details as to what is required by ordinance and what is being proposed. Applicants are required to provide sufficient detail to create an overview of the conditions surrounding the request. Information provided below will be used to review the merits of the request.

The applicant must clearly identify how the requested variance meets the criteria in either (1a) or (1b) and ALL items (2) through (5). The information provided will be used to evaluate the merits of the request. An electronic copy of any supporting documentation reference within the “Appliant’s Statement of Facts” should be emailed to the Planning Department at planning.variances@cityofhouston.net.

(1a) The imposition of the terms, rules, conditions, policies and standards of this chapter would create an undue hardship by depriving the applicant of the reasonable use of the land; or

Provide a detailed state of the facts surrounding the variance request that would meet the abovementioned criteria. Information must be complete and accurate. A simple “yes” or “no” response will not be accepted. [The applicant may provide a state for either (1a) or (1b)].

(1b) Strict application of the requirements of this chapter would make a project infeasible due to the existence of unusual physical characteristics that affect the property in question, or would create an impractical development or one otherwise contrary to sound public policy;

Provide a detailed state of the facts surrounding the variance request that would meet the abovementioned criteria. Information must be complete and accurate. A simple “yes” or “no” response will not be accepted. [The applicant may provide a state for either (1a) or (1b)].

(2) The circumstances supporting the granting of the variance are not the result of a hardship created or imposed by the applicant;

Provide a detailed state of the facts surrounding the variance request that would meet the abovementioned criteria. Information must be complete and accurate. A simple “yes” or “no” response will not be accepted.

(3) The intent and general purposes of this chapter will be preserved and maintained;

Provide a detailed state of the facts surrounding the variance request that would meet the abovementioned criteria. Information must be complete and accurate. A simple “yes” or “no” response will not be accepted.

(4) The granting of the variance will not be injurious to the public health, safety or welfare;

Provide a detailed state of the facts surrounding the variance request that would meet the abovementioned criteria. Information must be complete and accurate. A simple “yes” or “no” response will not be accepted.

(5) Economic hardship is not the sole justification of the variance.

Provide a detailed state of the facts surrounding the variance request that would meet the abovementioned criteria. Information must be complete and accurate. A simple “yes” or “no” response will not be accepted.
