2010 Neighborhood Leadership Institute

**Leadership and learning are
indispensible to each other.**

- John F. Kennedy

Learn to Lead with the Neighborhood Leadership Institute

The Planning & Development Department established the Neighborhood Leadership Institute (NLI) in 1996 to bring community leaders together, provide a forum for learning new skills, and enable individuals involved in improving their communities to share those skills with each other.

This NLI curriculum will be presented over seven Tuesdays throughout September and October 2010.

These sessions will enable community leaders to effectively handle issues and situations when addressing neighborhood concerns. NLI attendees will be awarded a certificate at the final session.

"The best leaders often go unrecognized. Their people simply look at each other and say 'We did it ourselves'." -Anon

Our Mission:

To provide opportunities for community leaders and interested civic-minded individuals to increase leadership, organization, and capacity building skills, making them more effective when addressing community issues.

Course Curriculum

Week 1 (Tuesday, September 7, 2010)

Responsibilities of A Leader
