Application to Rescind Special Minimum Lot Size Area (SMLSA) Frequently Asked Questions

Application to Rescind a Special Minimum Lot Size Area: Frequently Asked Questions

What is a Special Minimum Lot Size Area (SMLSA) application, what does it mean and who created the boundary?

A SMLSA application provides property owners an opportunity to preserve the lot size character within a specified area. It was approved by property owners within the application area, reviewed by Planning and Development staff and Planning Commission, and was approved by the Houston City Council. Any new lots that are created must currently be greater than or equal to the established Special Minimum Lot Size.

What if my lot is currently smaller than the Minimum Lot Size designated?

For example, if a 5,000 square foot special minimum lot size is established for your area, no lots are able to divide into any size less than 5,000 square feet. If you currently own a lot that is smaller than the special minimum lot size (for this example its 5,000 square feet) , you are not be allowed to divide your property. If you have a 10,000 square foot lot, then you can divide your property into two 5,000 square foot lots.

What can I build on my lot?

On a single family lot you can build a single family home, a single family home with a detached garage apartment not larger than 900 square feet, or a duplex. A Special Minimum Lot Size Ordinance does not determine the physical design of buildings. Please note that deed restrictions may already be imposed on your neighborhood. In those cases the more restrictive of either the proposed lot size or deed restrictions will be applied to the property.

Can I add a porch or rebuild my home/commercial/multifamily property?

Yes, if you have an existing single family lot you are allowed to rebuild, improve or add to your home. If you have an existing commercial or multifamily lot you are allowed to rebuild, improve or add to the building. Please note that deed restrictions may already be imposed on your neighborhood. In those cases the more restrictive of either the proposed lot size or deed restrictions will be applied to the property.

What will happen to my commercial/multifamily lot if the minimum lot size application is rescinded?

Any protections currently provided by the Special Minimum Lot Size Area ordinance would no longer apply to your property.

What happens next in the application process?

An applicant to rescind a Special Minimum Lot Size Area will submit a completed application packet. You may choose to support this application by signing the Evidence of Support page. Planning and Development Department staff will review the application and notify residents within the application area that a complete application was submitted. Notification of a community meeting and instructions regarding the response form process will follow. When an application is referred to the Houston Planning Commission, a public hearing will be held. Planning and Development Department staff will let you know the time and place of the public hearing. Applications are only finalized with City Council approval.

What if I disagree with this application?

A 30-day response form period will take place. Response forms (ballots) will be mailed to each property owner. Residents may choose to support or protest the application by responding YES or NO. In order for an application to be referred to Planning Commission, 67% of all property owners within the boundary area must respond in support of the application to rescind the SMLSA.

If at any time you have questions or need assistance, please call the Planning and Development Department at (832) 393-6600, or visit the department's website at www.houstonplanning.com.

The applicant(s) must meet with Planning and Development staff before submitting an application. At the meeting the applicant should bring a map with the proposed boundary and a copy of any existing deed restrictions. To schedule a pre-submittal meeting, contact Community Sustainability at (832) 393-6600.
- **Step 2: Gather Signatures from Property Owners**
Applicant(s) must gather support from property owners of at least 10% of the lots within the application boundary area through signatures on the Evidence of Support handout found on page 7.
- **Step 3: Submit the Application**
The application package can be mailed through US Postal Service or hand delivered to the Planning and Development Department. Within two (2) business days, Planning and Development staff will contact the applicant(s) regarding whether their application is accepted or rejected. If the application is rejected, staff will provide an explanation of any necessary revisions. It is important to note that any subdivision or development plats submitted within seven (7) days after a Special Minimum Lot Size Area application is accepted will NOT be subject to the lot size requirement.
- **Step 4: Application Review and Notification Signs**
An accepted application will be posted on the Planning and Development Department’s website within two (2) business days. Planning and Development staff will review the application, and within 60 business days, determine if the application meets eligibility requirements. After it has been determined that the application meets eligibility requirements staff will notify the applicant(s) and send an instruction letter for the posting of notification signs within the application boundary area. The applicant will have 10 days from when they receive the instruction letter to post the signs.
- **Step 5: Community Meeting**
A letter will be sent from the Planning and Development Department to the residents within the application boundary area detailing the date, time and location for a community meeting. The letter will be sent no later than 15 days before a community meeting is to be held.
- **Step 6: Response Form Period**
Within 60 business days after the community meeting the residents within the application boundary area will receive a response form (many residents refer to it as a ballot) from the Planning and Development Department. The property owners will have 30 days to respond to the SMLSA application.

If property owners of at least 67% of the application boundary area support the application to rescind the SMLSA designation, the Planning Director will forward the application to the Houston Planning Commission. If less than 67% of the property owners in the application boundary area support the designation of the proposed area, the application fails, with no further action being taken, and the proposed boundary area will not be allowed to reapply to be rescinded for five years.

If a public hearing is scheduled, a notification letter will be sent to property owners no less than 15 days before the Planning Commission hearing date.

- **Step 7: Attend the Planning Commission Public Hearing**
A Planning Commission date will be established by the Planning and Development Department no later than 60 business days from the deadline for the response forms. A letter indicating the time, date and place of the Planning Commission meeting will be sent to all property owners within the proposed boundary area to be rescinded. Members of the public may present comments about the SMLSA at the public hearing. After the public hearing, the Commission will consider whether or not to recommend that City Council rescind the SMLSA.

If the Planning Commission recommends that City Council rescind the SMLSA, the application will be referred to City Council. If the application is denied, the decision of Planning Commission will be final.

- **Step 8: City Council Action**
City Council will consider all applications to rescind a Special Minimum Lot Size Area that are approved by the Planning Commission. City Council action to approve or deny the application to rescind is final.
