

*You are invited  
to shape your  
community's  
future!*

Participate in the City of Houston's Urban Corridor Planning initiative. Your input will help

determine the plans and policies that will create a quality urban environment in areas along METRO's light rail and guided rapid transit corridors: Main Street, Uptown, East End, North, Southeast and University.

This initiative will change how the City regulates development and designs its streets and other infrastructure along these corridors.

For detailed meeting information, locations and more about this initiative, go to [www.houstonplanning.com](http://www.houstonplanning.com) and click on Urban Corridor Planning.
