

TRAFFIC CONTROL PERSONNEL PERMITTING SCHEDULE

Due to the number of requests expected, the Houston Police Department will permit businesses utilizing off-duty traffic control personnel based on areas of the city. Below is a list of the major areas of the city, the period of time when the businesses located in this area may apply for their permit, and the anticipated date that all businesses in the particular area should have permits for off-duty traffic control personnel. In addition, since each business must renew their permit yearly this should allow for a more organized application and renewal period.

AREA	Application period	Date permitted by
