

Celebrating the Benefits of Gardening & Green Spaces

Join ScottsMiracle-Gro, Keep Houston Beautiful and other partners, as they create a natural playscape with the students from Piney Point Elementary School. Area students, parents, local dignitaries and members of the community will help plant an edible garden maze, rain gardens, a prairie garden and more as part of a new program called GRO1000. ScottsMiracle-Gro established GRO1000, an initiative to install 1,000 gardens and green spaces in the United States, Canada and Europe.

WHAT: Natural Playscape and Garden Installation & Dedication

WHEN: Thursday, April 7, 2011
11 a.m.

WHERE: Piney Point Elementary School
8921 Pagewood Lane
Houston, TX 77063
