ATTENDANCE & LEAVE TASKS FOR SUPERVISORS/MANAGERS

On a daily basis, supervisors ensure that the time & attendance data in the employees' timecards are accurate and resolve any issues prior to approval of timecards.

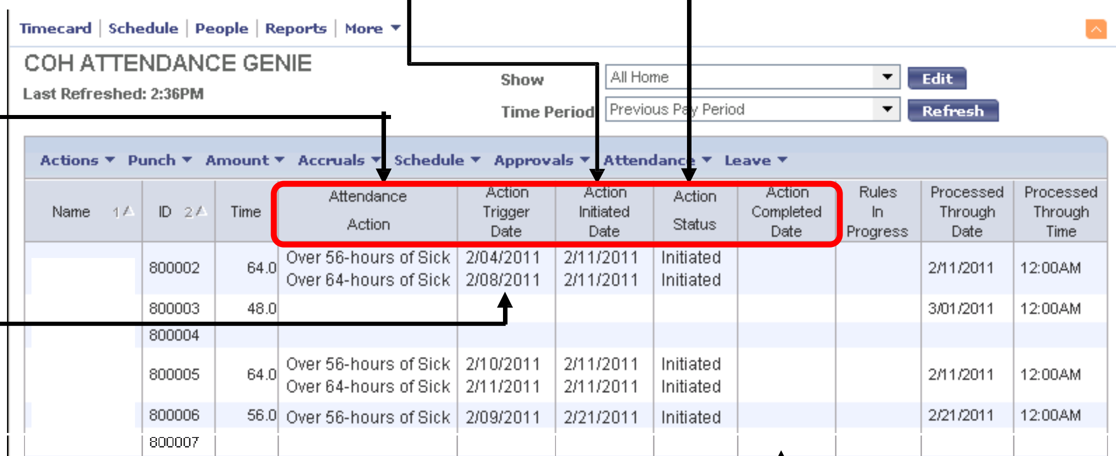
Action Initiated Date - date that the action was first recognized by the system; that is, the date the processor ran and identified the event

Action Status - current state of an action; this column is important if you have responsibility for responding to disciplinary actions

Attendance Action - activity performed by the organization as a result of an attendance policy

Action Trigger Date - date that the employee incurred the behavior that launched the action

Action Completed Date - date that you documented the action outcome and completed the action



Display Employees' Attendance Actions

1. Select **Timekeeping > Attendance**
2. From the **Show** list, select the HyperFind query that contains the employees that you want to view.
3. From the **Time Period** list, select the time span for which you want to view the employees' attendance information.
4. To view the details of an action, highlight the employee's name and select **More > Attendance** to access the Attendance Editor.

Resolving Attendance Issues prior to Sign-Off

1. Perform the applicable timecard edits, such as adding sick time for a shift, and then click **Save**.
2. Select **More > Attendance**.
3. Click **Apply Rules** to manually update the Attendance Editor.
4. Accept the default dates in the **Apply Rules** dialog box and click **OK**.
5. Review the information in the **Attendance Editor** and confirm that the balance has been updated.

Recording Attendance Action Outcomes

1. Select **Timekeeping > Attendance** and select the name of the employee whose attendance action you want to complete.
2. Select **More > Attendance**.
3. Click the **Action Details** tab.
4. Select the time period in which the document was generated and click **Apply.**
5. Select the check box on the row of the action you want to complete and click **Edit.**
6. Enter the completed date.
7. (Optional) In the **Details** field, enter text that provides any applicable notes.
8. Click **Save & Return**. Notice that the **Current Status** changes to **Completed.**

Responding to a Leave Request from the Inbox

1. Select **General > Inbox**.
2. Select the task you want to view and then click **Edit.**
3. Click the appropriate response under **Your Action**.
   Note: If you reject the request add a note stating the reason.
4. Click **Send & Close** to process the request.

Committing Intermittent Leave Time Using the Quick Leave Editor

1. From a timecard select **Leave > Edit**.
2. In the **Leave Time Amount** column, click the cell for the applicable days and enter the number of leave time hours.
3. Click **Save & Close**.
4. Verify that the leave time is added to the timecard.

Running Attendance and Leave Reports

1. Select the employees to include in the report and click the **Reports** quick link.
2. Expand the report category using the plus (+) and select the report you want to run.
3. Select the time period from the **Time Period** drop-down list.
4. From the **Set Options** tab, click a category in the **Options** workspace. Select one or more available options to identify the report information you need.
5. Click **Run Report**.
6. Click **Refresh Status** until **Complete** appears in the **Status** column.
7. Click the report name and select **View Report** to display the report.
8. Click **OK** and then click **Save**.
