

## Fostering Program Description

A foster home is a temporary living arrangement for animals in our Foster Program through placement with individuals, known as Foster Parents, in the community of Houston. As a Foster Parent with BARC, you are a volunteer and part of a massive life-saving mission to help prevent animal homelessness and overpopulation. The animals in our Foster Program need a temporary place to recover from medical procedures, relax away from the stress of the shelter, grow large enough to enter our adoption program, wait their turn to be transported to a shelter in another area, or mature as a pet. We see you as a part of our team, and with that we have expectations that must be met to ensure a positive fostering process.
