

### Recommended Supplies to Have on Hand

- *Baby gate/partition to keep your new pet safely separated from resident pets*
  - *Heating Pad / Snuggle Safe heating disk for underage pets*
  - *Age-appropriate toys*
  - *Front clip harness (PetSafe Easy Walk harness is great)*
  - *Training treats (e.g. Zukes or other meaty treats)*
- **Keep your new foster friend separate from all other pets for at least 2 weeks** to help him or her adjust to your home and your family
    - \*Sick or injured fosters must be kept separate for the duration of their treatment
  - **Never leave your foster dog unattended with your resident dog(s).** Always feed separately.
  - Your home is completely new to your foster pet; **please be patient**, provide a quiet space of their own, and use lots of treats and praise! No prong, choke, or shock collars are permitted.

**\*\*The behavior of this pet has been assessed to the best abilities of the BARC staff, but BARC cannot guarantee the behavior or health condition of any animal(s) that goes into foster care\*\***
