<u>Description:</u> (Intact male) 2 YRS, BLACK / WHITE, STAFFORDSHIRE MIX DOG						
<u>Heartworm Status:</u> NEG						
<u>Request:</u>						

Eval. Notes:
BEHAVIOR NOTE: High pitch screaming, Ice will stand at the front of the kennel as he presents dilated eyes, heavily panting, fast wagging tail and loose body. Tossed wet food/treats at the back of the kennel before opening kennel but he is really fast and will turn around and attempt to get out. Slightly will open the kennel and leash him to avoid him bolting out. Ice is a strong puller during the walk, I mixed in wet food with my treats and he semi responded to them.

Eval. Notes:

BEHAVIOR NOTE: Dog was handed to me by another ACT with note stating to leash walk only. While walking to the south building dog was pulling on the leash I offered treats which he was not interested in. I continued to baby talk him to get him to be steady and walk next to me while he continued to pull while presenting whale eyes and erect ears. When going in the room he barked at a few dogs in the row before rushing in the kennel. Once at the kennel he cowered to the side of kennel.

Eval. Notes:

INTAKE: 1 dog roaming loose

<u>Description:</u> (Intact male) 3 YRS, BLACK / WHITE, LABRADOR RETR MIX DOG						
<u>Heartworm Status:</u> NAD/NEGATIVE						
<u>Request:</u>						

Eval. Notes:

BEHAVIOR NOTE: When going in the kennel to leash dog he pushed the kennel door slightly opening it but I was able to hold him down before he exited the kennel. Once I leashed him he walked and took him outdoor he walked lightly. When outdoor he saw a few dogs and got a little aroused. While offering treats he only took a few and came back in the kennel with the same behavior. He did hesitate going in kennel but was able to get him in with a few treats.

Eval. Notes:

INTAKE: Houston Baptist University Police reporting 2 dogs leashed on campus

<u>Description:</u> (Neutered male) 8 YRS, YELLOW, LABRADOR RETR MIX DOG						
<u>Heartworm Status:</u> HIGH POSITIVE						
<u>Request:</u>						

Eval. Notes:

BEHAVIOR NOTE: Tony held a soft open mouth and wiggly body. When going outdoor he was hesitant so he pulled on leash a few times. Once outdoor he sniffed the grass and was looking at his surrounding. When coming back indoor he continued to hold a relaxed body but while going to his kennel when he saw his neighbor dog he started barking. I put treats on his kuranda bed as he went in.

Eval. Notes:

INTAKE: 2 pitbulls and 1 unknown smaller dog, brown, chasing other animals on the street, aggrs, please sweep area.
