

GENERAL SERVICES DEPARTMENT

Department Description and Mission

In the ten years since its creation, the General Services Department has expanded its services from the design and construction of city facilities and property management to energy, fuel, real estate and security management. Unlike many other city departments, which serve the citizens of Houston, our clients are other city departments. We are behind the scenes supporting the core functions of other city departments by building and operating facilities that are attractive, clean and secure.

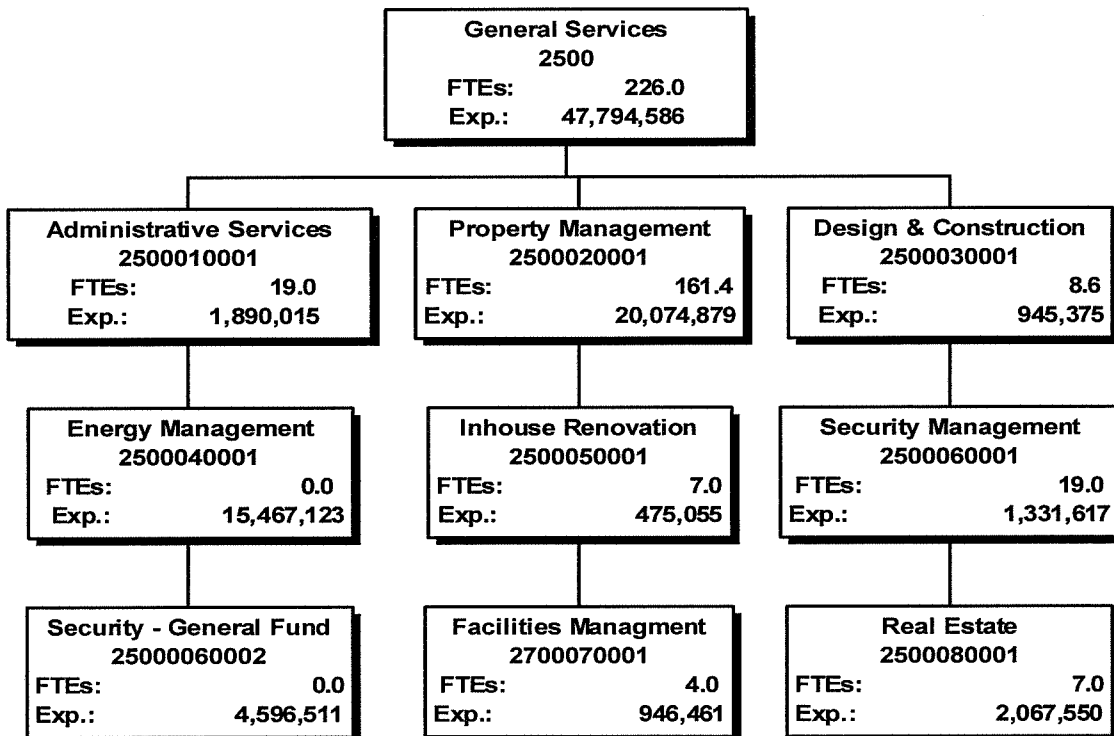

Vision Statement:

To provide unparalleled customer service to our clients and be recognized as one of the most client-focused and customer-service responsive departments in city government. To develop our employees by enhancing their skills through advance leadership and technical training.

Mission Statement:

To provide the citizens of Houston Texas, with municipal facilities of which they can be proud, creating environments that meet the needs of those who use them, and are motivating for those who work in them. We accept our responsibility to our clients, to provide comprehensive, integrated services to design, construct and manage attractive, clean, environmentally safe, secure, and well-maintained facilities. We endeavor to be a comprehensive municipal facilities provider, nationally acclaimed for professionally responsible, client-orientated service. At the forefront of this commitment is our motto: **Pursuing Customer Satisfaction ... Always Responsive.**
