

BRIEF DESCRIPTION OF THE FUNDS USED IN BUDGET PROCESS

The City of Houston's financial management and accounting structure encompasses the ongoing operations and capital programs of twenty-three General Fund departments plus General Government and General Fund Debt Service, approximately forty-nine separate funds, and numerous independent entities or operations for which the City acts as trustee.

Governmental Funds

General revenues (i.e., property taxes, sales taxes, franchise fees, municipal court fines, etc.) are budgeted and received in the General Fund for the support of most basic City services. Operations and services for public safety, financial services, libraries, solid waste management, health, most parks and recreation services, street traffic control, esplanade mowing and citywide administration are included in the General Fund.

Enterprise Funds

Three of the City's operating departments operate similar to private enterprises. Their operations and long-term debt are covered entirely by user fees or dedicated revenue sources.

The Public Utilities - Water and Sewer Fund is managed by the Combined Utility System. All maintenance, operation, reserve, and debt service requirements for Public Utilities are accounted for as an Enterprise Fund in the Public Works and Engineering Department. Capital equipment expenses for water and sewer services are recorded in the Public Utilities - Capital Outlay Fund. All capital outlay expenses for the Houston Airport System are budgeted in the Houston Airport System Capital Outlay Fund in full compliance with bond ordinances. Budgets covering maintenance and operations, reserves, and debt service for each of these funds are presented in the budget.

This fund is administered by the Human Resources Department.

- o Long-Term Disability (LTD) Fund. This fund is used to account for the long-term sick leave benefits for eligible City employees. The LTD Fund is funded solely by the City through premiums charged to the departments based on the number of employees covered by the plan. Such premiums cover the cost of all benefits (claims) to the employees and third party administrative fees. This fund is administered by the Human Resources Department.

Service Chargeback Funds

Service Chargeback Funds, previously known as Revolving Funds, are established to provide services to other City departments on a cost-reimbursement basis and are shown in the Service Chargeback Funds section. Included are the following:

- o Central Services Revolving Fund. This fund provides goods and services to operating departments. The receiving department's budget is charged for the actual cost incurred by the Central Services Revolving Fund, with the revolving fund revenue account credited by the same amount. As an example, citywide temporary personnel costs are budgeted in this fund.

All costs are charged to the revolving fund in anticipation of billing a bond fund, General Fund or Community Development Block Grant (CDBG) fund for reimbursement. - o Project Cost Recovery Fund. This fund is used to pay the costs of department employees who directly and indirectly work on Capital Improvement Plan (CIP) related projects. These costs are then recovered from the appropriate CIP project fund. This fund is administered by the Finance Department.

Equipment Acquisition Consolidated Fund

The Equipment Acquisition Consolidated Fund supports the acquisition of durable capital assets for all General Fund departments and selected Special Revenue Funds. Historically, funding has come from issuing Commercial Paper for the purchase of such capital assets. Funding continues to come from the issuance of Commercial Paper and other sources such as capital lease financing. This fund is administered by the Finance Department.

Debt Service Funds

General Obligation (GO) debt is secured by and payable from the receipts of an annual ad valorem tax levied, within legal limits, on taxable property within the City. The City has covenanted to assess, levy and collect an ad valorem tax in each calendar year, within applicable limitations, sufficient to pay the principal and interest on all outstanding obligations payable in such Tax Year. Such obligations include: (i) Public improvement bonds, (ii) Certificates of obligation, (iii) Certain obligations to fund a portion of the City's unfunded actuarial accrued liability to the City's pension programs, and (iv) General obligation on commercial paper notes.

The primary source of funds to make obligated payments is the General Fund, which annually transfers the legally required amount into the Debt Service Fund. The Debt Service Fund accumulates the resources necessary to pay the principal and interest on all outstanding obligations payable in that fiscal year. The Debt Service Fund makes payments for arbitrage rebate and administrative fees to administer the debt program.

The City's tax rate for Fiscal Year 2016 (Tax Year 2015) was \$0.60112 (per \$100 assessed valuation), which includes \$0.158926 for debt service. This debt service tax rate is what determines the amount of funds that the General Fund is legally required to transfer into the Debt Service Fund.

Trust and Agency Funds

Comprehensive budgets for trust and agency funds are not included in the City's budget or the CIP due to City Council's limited authority to program expenditures.

Trust and Agency Funds are used to account for assets held by a government unit as trustee, or agent for the individuals, private organizations, other governmental units, and/or other funds. The City has created trust and agency funds for Tax Increment Reinvestment Zones (TIRZ) since FY1991. As development occurs in each zone, taxes generated by the increase in value attributable to those improvements, or "tax increment", are captured in separate funds set up for each TIRZ. TIRZ funds are then used to pay for approved project costs. Examples of typical costs include: infrastructure improvements in water, sanitary sewer and storm water systems, lighting, paving on public right-of-way, streetscaping, impact fees, and debt service on bonds sold for the same purpose. Contributions from other taxing jurisdictions participating in the TIRZ are collected by each respective jurisdiction and sent to the City for deposit in the TIRZ funds. The Mayor's Office of Economic Development/TIRZ administers the funds.

Capital Project Funds

Funding for major capital improvement projects, regardless of funding source, is presented in the five-year Capital Improvement Plan (CIP). Debt service requirements are budgeted in the General Debt Service Fund or Enterprise Funds where applicable. Funding for each capital project, including site acquisition, engineering and design, construction and initial equipment purchases (including environmental and civic art) required to make a facility operational are included in the CIP. Primary funding sources for the CIP are as follows:

- o Commercial paper notes and Public Improvement Bond proceeds,
- o Revenue Bond proceeds (e.g., bonds supported by Combined Utility System fees, Houston Airport System revenues, Convention and Entertainment Facilities revenue/hotel occupancy tax),
- o Operating funds or capital reserve funds (e.g., operating budget funds),
- o Contributions from private or other public sources (e.g., local private developers, other local governments and authorities, and state or federal agencies) participating in the City-sponsored projects.
- o Grants such as Community Development Block Grant (CDBG).
- o Tax Increment Reinvestment Zones (TIRZ).

The Finance Department administers these funds.

Other Financial Funds

Comprehensive budgets for certain entities are not included in the City's budget or the CIP due to the City Council's limited authority to program expenditures. They are included in the City's Comprehensive Annual Financial Report.

- o Federal and state grants are accepted by the City and accounted for based upon each grant's respective fiscal period, which usually differs from that of the City (July 1 - June 30). If a grant requires a local match to fund payroll costs in whole or in part, the budget includes expenditures and revenues that pertain to these aspects of the grant in the receiving department or fund. These grants and contracts are approved by Council action at the time of the grant award.
- o The City's three pension funds are governed by independent boards and are maintained separately from the operating, debt service, and capital funds. Contributions from both the employees and employer (City) are also maintained separately in the case of Deferred Compensation and Long-Term Disability programs.
- o Other funds established by the City Council or the City Controller to account for contributions from private individuals (e.g., Library Gift Endowment Fund; Houston Parks Board Trust Fund; Water Fund (Water Aid to Elderly Residents); Houston Economic Development; and the Battaglia Trust Fund) are dedicated to specific unbudgeted but public purposes.
