GENERAL FUND EXPENDITURES/OTHER USES FY2018 BUDGET

Total = \$2,372,418,865

OVERVIEW

The largest single category of expenditures and other uses in FY2018 is Public Safety (56.85%), followed by Debt Service/PAYGO (15.51%), General Government (8.14%), Human and Cultural Services (8.00%), Development and Maintenance Services (6.71%), and Administrative Services (4.79%).

The General Fund is dominated by public safety costs. While the public safety category makes up a majority of the total costs, it is important to note that other expenditure categories such as debt, general government, maintenance, and administrative services provide support for public safety activities. Those public safety activities could not operate without the support. Further, it is widely recognized that many of the human and cultural services the City provides indirectly reduce crime by actively engaging at-risk groups. In many ways those services are public safety costs as well.

The following graph compares the FY2017 Estimate and FY2018 Budget by functional category. Please refer to the tables at the end of this section for comparisons among departments.
