The above summarizes the FY2017 Budget, the FY2017 Estimate and the FY2018 Budget for the Contractor Responsibility Fund. Also included are the beginning and ending fund balances, total revenues and total expenditures.

The Contractor Responsibility Fund was established with ordinance 2007-534 in July 2007. Through the implementation of Executive Order 1-7, the City of Houston created the Pay or Play Program (POP), which is administered by the Office of Business Opportunity.

The Pay or Play program is designed to foster health care options for the citizens of Houston and Harris County area, create a level playing field for contractors bidding on City of Houston projects and defray the costs of the local uninsured workforce. Pursuant to Executive Order 1-7, contractors subject to Pay or Play are required to offer employees the prescribed minimal level of health benefits. Contractors who do not provide health benefits to their employees will contribute \$1 for each regular hour of work performed by covered employees on a covered City contract. The revenue collected from the Contractor Responsibility Fund is used to offset the costs of uninsured citizens in the Houston and Harris County area. Currently, the revenue is used to support health programs such as the Care Houston Program, Tex-Health Harris County 3-Share Program, and the Emergency Tele-Health and Navigation (ETHAN) Program as well as the costs associated with administering the program.

The Care Houston Program is a collaboration between the Houston Fire Department (HFD) and Houston Health Department (HHD) to decrease the volume of non-emergency calls for Emergency Medical Services (EMS) and reduce the use of HFD personnel for non-emergency responses. The program requires EMS to identify residents who have made more than five emergency calls in a 90 day period and forward the information to HHD. HHD staff contacts the resident and if she/he agrees to participate in the program, a nurse case manager makes a home visit, conducts a needs assessment, assists the resident in devising a service plan, and provides social and medical referrals as needed.

The Tex-Health Harris County 3-Share Plan uses the Contractor Responsibility Fund to subsidize insurance premiums for small business owners who have been unable to provide health coverage to their employees due to high premiums and administrative costs. This plan has afforded businesses an opportunity to participate in a low-cost program that benefits not only the employee, but the employer as well.

ETHAN is a collaboration among Harris County Healthcare Alliance, Houston Fire Department (HFD), Harris County RIDES, and Community Health Centers. ETHAN provides non-emergency 9-1-1 callers with the option of a no-cost cab ride to an emergency department or a community health center. Also provides the option of scheduling an appointment at a community health center at no charge. The program has implemented the ability for physicians to communicate with patients to determine if they are non-emergent and provide advice on the outcome. This helps divert from the emergency medical system those patients who do not need emergency care and can benefit more from primary care services.
