

## GENERAL FUND EXPENDITURES/OTHER USES SUMMARY

General Fund Expenditures and other uses make up the largest portion of the City's FY2019 Budget. These expenditures and other uses are funded by revenues from property and sales taxes, franchise fees, licenses and permits, charges for services, miscellaneous categories, and other sources. (For a detailed explanation, see the General Fund Resources Summary).

FY2019 General Fund expenditures and other uses are allocated among twenty-four (24) departments and five (5) functional areas; the functional areas include: Public Safety, Development and Maintenance Services, Human and Cultural Services, Administrative Services, and General Government. The following graph illustrates the allocation of these expenditures and other uses. Please note that the Public Safety and Human and Cultural Services categories are supported by expenditures in all other categories.

### GENERAL FUND EXPENDITURES/OTHER USES FY2019 BUDGET

**Total = \$2,479,414,133**

#### OVERVIEW

The largest single category of expenditures and other uses in FY2019 is Public Safety (57.05%), followed by Debt Service/PAYGO (15.84%), General Government (8.68%), Human and Cultural Services (7.47%), Development and Maintenance Services (6.32%), and Administrative Services (4.63%).

The General Fund is dominated by public safety costs. While the public safety category makes up a majority of the total costs, it is important to note that other expenditure categories such as debt, general government, maintenance, and administrative services provide support for public safety activities. Those public safety activities could not operate without the support. Further, it is widely recognized that many of the human and cultural services the City provides indirectly reduce crime by actively engaging at-risk groups. In many ways those services are public safety costs as well.

The following graph compares the FY2018 Estimate and FY2019 Budget by functional category. Please refer to the tables at the end of this section for comparisons among departments.
