

## Connecting Budget to Strategy

The Mayor's Priorities for the City of Houston are *Complete Communities, Public Safety, Services & Infrastructure* and—the foundation of each priority—*Sound Financial Management & Resilient Houston*. These Priorities are drawn from Plan Houston and will guide the strategic direction of the City through Mayor Turner's administration. Along with the Mayor's Priorities are goals to provide further definition, and outcome measures to ensure the goals are achieved. Under Mayor Turner's leadership, the City is redesigning its budget to better align the City's resources towards this shared vision and ensure greater transparency and accountability in the process.

### Mayor Sylvester Turner's Priorities

*Houston: A welcoming city that works for all.*

## FISCAL YEAR 2022 BUDGET

### Implementation:

In his first Executive Order, Mayor Turner set forth a budgeting framework that moves the City from an incremental budgeting approach to a more strategic program performance-based approach to better align resources with the needs of the City. Executive Order 1-53 and the accompanying Administrative Policy 4-10 ensure that budgeting and spending decisions focus on specific measurable outcomes that align with the Mayor's Priorities.

The FY2022 Budget reflects elements of this new approach, which is to be fully implemented over the next several fiscal years.
