The above summarizes the FY2023 Budget, FY2023 Estimate and the FY2024 Budget for the Fleet Management Fund. Also included are the beginning and ending fund balances, total revenues and total expenditures.

The Fleet Management Department (FMD) provides repair, maintenance, and administrative support for all city departments' rolling stock equipment. In conjunction with these functions, it also manages and operates the city-owned fuel sites. Commencing with its formation in 2011, the FMD has gradually consolidated the various independently controlled maintenance and repair locations into the one umbrella operation concluding with the addition of the Houston Public Works maintenance operation in January 2014.
