Financial Report**

Attached is the Monthly Financial and Operations Report for the period ending May 31, 2008.

GENERAL FUND

We are now projecting an end of year budget surplus of \$12.1 million, up \$8 million from last month's report. This is the net impact of a \$1.7 million decrease in projected departmental expenditures and a \$6.3 million increase in our overall revenue projections.

Based on the latest property value data from the Harris County Appraisal District, we are decreasing our projection for Property Taxes by \$258,000. We are increasing our projection for Sales Taxes by \$3.9 million based on year-to-date activity through April. We have increased our projection for Indirect Interfund revenues by \$820,000 to better reflect actual cost recoveries being covered by grant funds. Our projection for Interest revenue is up another \$870,000 due to continued higher than anticipated cash balances. Finally, we have increased our projection for Miscellaneous/Other revenues by \$933,000 to reflect year-to-date collections for street millings and other cost recoveries and refunds.

Our projection for Fire Department expenditures is down \$1.1 million from last month's report due to lower overtime costs. We are also decreasing our projections for spending within the Parks and Police Departments by \$312,000 and \$984,000, respectively, to reflect their ability to absorb some of the increased fuel costs they are experiencing. The projection for Solid Waste spending is up \$1.1 million due to heavy equipment purchases and salary adjustments for certain positions.

ENTERPRISE FUNDS

The projection for Aviation Department Operating Revenue has increased \$1.6 million. This is attributed to higher than anticipated traveler spending on parking and concessions and increased grant reimbursement for security costs. Our projection for Operating Expenses has decreased by \$1.5 million, mainly due to lower than expected charge backs for Police and Sewer services. Operating Transfers have increased \$3.7 million. This is the net impact of a \$23.4 million transfer to the Capital Improvement line item, an \$18.9 million decrease in spending for Debt Service and an Operating Reserve adjustment of \$775,000.

In the Convention & Entertainment Facilities Operating fund we have increased our revenue projection for Food and Beverage Concessions by \$667,000 due to higher than expected attendance at the Windpower 2008 Expo. Our projection for Hotel Occupancy Tax is up by \$3 million based on year-to-date receipts. There is also a corresponding increase in Advertising Services and Promotion Contracts expenses of approximately \$1.3 million.

Our projection for Combined Utility System Operating Revenues has declined by \$2.6 million. Once again, this is due to lower water and sewer sales. In addition, there is a \$2.5 million increase in projected Operating Expenses. This is the impact of higher personnel, chemical, and engineering costs. Non-Operating Revenues have increased \$2 million. This is due to a \$1 million refund from the federal government for Hurricane Rita related expenses and Claims Recovery of \$900,000. Finally, operating transfers for Equipment Acquisition have decreased by \$335,000 because of purchase delays.

We are not projecting any significant changes in the Parking Management or Stormwater funds this month.

COMMERCIAL PAPER AND BONDS

The City's practice has been to maintain no more than 20% of the total outstanding debt for each type of debt in a variable rate structure. The City plans to refund most of its Airport System commercial paper in the next several months, as well as \$250 million of auction rate debt. Convention and Entertainment maintains a higher percentage of variable rate debt due to agreements with the Hotel Corporation.

As of May 31, 2008 the ratio for each type of outstanding debt was:

General Obligation	18.7%
Combined Utility System	6.3%
Aviation	23.1%
Convention and Entertainment	29.4%

As of June 25, 2008 the City has converted or refunded all \$1.3 billion of its Combined Utility auction rate bonds with variable rate demand bonds and special term bonds. Variable rates on tax-exempt bonds have come down from highs over 6% to current rates of 1.65%. The three-year term bonds priced at a yield of 3.9%.

Subject: MAY MONTHLY FINANCIAL AND
OPERATIONS REPORT

Attached is the Monthly Financial and Operations Report for the period ending May 31, 2008.

General Fund

Our projection for FY2008 General Fund revenue is unchanged from last month. Some significant department changes are listed:

- Property Tax decreased by \$2.9 million due to lower projections of the net taxable value and delinquent collection.
- Telephone Franchise increased by \$295,000 and Other Franchise increased by \$790,000 for Cable TV and Solid Waste Fees, both due to third quarter receipts being higher than anticipated.
- Interest increased by \$870,000 as a result of maintaining higher cash balances.
- Indirect Interfund Services increased by \$820,000 to reflect the Indirect Cost Recovery-Grants.

Our projection for FY2008 General Fund expenditures is \$1.7 million lower than last month. Some significant department changes are listed:

- Fire Department projection decreased by an additional \$1.1 million as a result of an increased reduction of classified overtime.
- Parks Department decreased by \$312,000 due to the department's ability to absorb the fuel cost shortage.
- Police Department decreased by \$984,000 due to the department's ability to absorb the fuel cost shortage.
- Solid Waste Management is projected at budget as a result of an increased \$1.1 million spending for the purchase of heavy equipment.

We are projecting an ending unreserved undesignated fund balance of \$254 million, which is 16.2% of estimated expenditures less debt service. This does not include the rainy day fund or sign abatement fund. The total unreserved fund balance is projected to be \$276 million.

Enterprise Funds

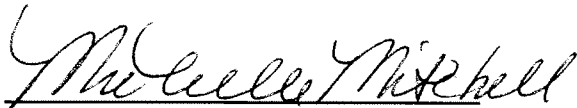

- Aviation
 - Operating Revenue increased by \$1.6 million due to \$1.1 million in concession sales as a result of populated terminals caused by flight delays and a \$506,000 reimbursement from the Transportation Security Administration (TSA) for HPD officers used at checkpoints.
 - Operating Expenditures decreased by \$1.5 million in Services and Charges as a result of projected savings in Sewer Services in the amount of \$968,000 and Police Interfund Charges decreased by \$841,000.
 - The transfer to Debt Service Interest decreased by \$18.9 million mainly due to receiving a \$17.3 million grant from the Federal Aviation Administration for the North Runway Project. The transfer to the operating reserve fund decreased \$775,000 due to lower expense assumptions associated with the FY2008 budget.
- Convention and Entertainment Facilities
 - Net Revenues increased by \$3.7 million mainly due to higher than anticipated Hotel Occupancy Tax revenue in the amount of \$3 million and \$667,000 in food and beverage concession from the Wind Energy event.
 - Non-operating Expenditures increased by \$1.4 million to provide for the Advertising Services and Promotion Contract costs directly associated with the increased Hotel Occupancy Tax revenue.
- Parking Management Operating Fund
 - There is no significant change from the prior month for this fund.
- Combined Utility System
 - Operating Revenue from Water and Sewer sales decreased by \$2.6 million this month due to continuous mild and wet weather.
 - Operating Expenditures increased by \$2.2 million as a result of an increase in engineering services and chemicals in the amount of \$1.8 million, personnel costs of \$800,000, offset by a decrease of \$300,000 for management consulting services related to delayed contract implementation, and \$100,000 in building maintenance services.
 - Non-operating Revenue increased by \$1.9 million as the department recognized a \$1 million refund from the Disaster Fund for Hurricane Rita and a one-time Judgment and Claim collection for \$900,000.
- Fleet /Equipment Internal Service Fund
 - Net Revenue increased by \$901,000 as result of transfers from the general fund for Solid Waste equipment purchase.

June 26, 2008

Katrina Aid & Recovery Fund

The Governor's Department of Emergency Management (GDEM) audit of the Furniture segment of the Interim Housing Program is completed and the audit of the Household Goods segment, totaling \$1.7 million, has now started. Three Project Worksheets (PW's) totaling \$268,000 are pending at FEMA. The City received notice on April 28 that the first-level appeal to the FEMA Regional Director of PW 749-0, F&A Professional Services, in the amount of \$1.8 million was denied. The second-level appeal to the FEMA National Director is being prepared.

About the Fund:

The Combined Utility System Fund is an enterprise fund which accounts for operation of the City's water and wastewater facilities. The fund provides for the operation of the City's treated and untreated water, as well as, receive and process wastewater generated in a service area that includes the City, certain municipalities and unincorporated communities in the Houston metropolitan area. Some of the City's largest customers are other cities and water authorities which supply water to their own customers.

The Stormwater Fund provides for the maintenance and repair of drainage infrastructure, such as storm sewers and roadside ditches. The City undertook a major restructuring of its water, sewer and drainage financing at the end of FY2004. This restructuring created a new Combined Utility System with the capacity to transfer funds from its surplus amounts to the Stormwater Fund to support stormwater drainage operations and maintenance.

Note: The Stormwater Fund is not technically an enterprise fund, but is grouped with the Combined Utility System for clarity.
